Numbers Peter M. Higgins, 2011-02-24

Numbers are integral to our everyday lives and feature in everything we do. In this Very Short Introduction Peter M. Higgins, the renowned mathematics writer, unravels the world of numbers, demonstrating its richness and providing a comprehensive view of the idea of the number. Higgins paints a picture of the number world, considering how the modern number system matured over centuries. Explaining the various number types and showing how they behave, he introduces key concepts such as integers, fractions, real numbers, and imaginary numbers. By approaching the topic in a non-technical way and emphasising the basic principles and interactions of numbers with mathematics and science, Higgins also demonstrates the practical interactions and modern applications such as encryption of confidential data on the internet.

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The Love of God Lee Kah Wor, 2021-09-21

This e-Booklet is about what I have understood from the sermons by Pastors Lim Lian Neo and Lawrence Lim Fong Boon of New Creation Church on 12 and 19 September 2021, respectively. I received a new perspective on repentance from the sermon by Pastor Lian. Align the visions of myself with that of God. In other words, a renewal of my thought life. My feet follow my mind. Hence, right believing leads to right living. The power to not be conformed to the world but transformed by God is through the renewal of the mind. A *k* a repentance. Romans 12:2. I am who God said I am. I have what God said I have. What constantly occupies my mind dominates my life. Sin will not have dominion over me when my mind is dominated by the love of God. Romans 6:14. From the sermon of Pastor Lawrence, I saw the essence of Nehemiah. Chapter 9 captured by just one New Testament verse, Romans 5:8. Indeed, the Old is the New concealed and the New is the Old revealed. Romans 5:8 encapsulated the love, mercy, and grace of God, the loving Father. We inherit the promises of God through faith and patience. Hebrews 6:12. Jesus the Christ is faithful in carrying out and fulfilling all the promises of God. 2 Corinthians 1:20. Living Bible. For that reason, Jesus is the Author and Finisher of faith. Hebrews 12:2. Patience produces strength of character in us. Romans 5:4. James 1:4. God is more interested in the development of our inner self to enjoy all His goodness for all eternity. It is a process that takes time. The power to complete the regime is in the love of God for us. Romans 5:5. God the Potter is not in a hurry to create a masterpiece out of the lump of clay. Then why should the lump of clay be in haste? It is hazy.
