**Chronicles from the Environmental Justice Frontline** J. Timmons Roberts,Melissa M. Toffolon-Weiss,2001-09-24 Chronicles from the Environmental Justice Frontline first published in 1991 provides a rare glimpse of the environmental justice movement as it plays out in four landmark struggles at the end of the twentieth century The book describes the stories of everyday people who have decided to take to the streets to battle what they perceive as injustice the unequal exposure of minorities and the poor to the bads produced by our industrial society In these struggles residents and local state and national environmental and social justice groups are on one side pitted against local and state government representatives and industry on the other By employing historical and theoretical lenses in viewing these struggles the book reveals how situations of environmental injustice are created and how they are resolved These cases bear great similarity to battles occurring across the nation and are setting precedents for national and state agencies as they handle these cases

**Freedom Rising** Christian Welzel,2013-12-23 This book presents a comprehensive theory of why human freedom gave way to increasing oppression since the invention of states and why this trend began to reverse itself more recently leading to a rapid expansion of universal freedoms and democracy Drawing on a massive body of evidence the author tests various explanations of the rise of freedom providing convincing support of a well reasoned theory of emancipation The study demonstrates multiple trends toward human empowerment which converge to give people control over their lives Most important among these trends is the spread of emancipative values which emphasize free choice and equal opportunities The author identifies the desire for emancipation as the origin of the human empowerment trend and shows when and why this desire grows strong why it is the source of democracy and how it vitalizes civil society feeds humanitarian norms enhances
