Petty, 2019 A minority of Christians give 10 percent or more of their income to churches and missions supporting the bulk of church work done today If more

people give the possibilities will be breathtaking but first we must change the way we think Jim Petty wants to revolutionize our view along scriptural lines Our money is for giving it is an exciting tangible means for showing love and mercy to others Petty traces this perspective through the stories of Old Testament saints our Lord Jesus and the early church He also evaluates Christian giving throughout history showing how and why it has fluctuated over time Although talking about money feels taboo to many of us God doesn't have the same reservations and Petty shows how we can responsibly plan our own finances including retirement and encourage greater generosity by educating others in a church context After all God himself is a giver not a taker and he calls us to imitate him in his generosity
