Architecture, Animal, Human Catherine T. Ingraham,2006-02-02 Considering the historical links between architecture and the development of life sciences this text focuses on particular times of great change in these disciplines and the complex relationships between life and the environments that life creates     Tibetan Studies in Comparative Perspective Chih-yu Shih,Yu-Wen Chen,2018-10-24 Politics history and religion have long lent Tibet a glamorous air particularly in the West But Tibet can be understood in an astonishingly wide variety of other ways including linguistic ecological environmental and climatological geographical geological economic biologic sociologic medicinal Tibetan Studies in Comparative Perspective touches on all the elements of the Tibet issue offering invaluable insight to a wide variety of readers from specialists to those with a general interest in the topic By putting readers into the shoes of all the stakeholders from the Dalai Lama in his home in exile and the various Tibetan exile communities to decision makers in Beijing New Delhi Washington and London the issues at stake come into bold relief Furthermore the book examines the potential opportunities that lay ahead documents where and how Tibetans have been dispersed and offers a glimpse into the social and political undercurrents sending shudders through this exiled nation With the chasm between exiles and indigenous Tibetans growing ever larger what challenges do Tibetans confront just to remain Tibetan And how will this shape the future of their political movement The book provides a timely re examination of the contemporary predicament of Tibetans both in and out of Tibet This book was published as two special issues of Asian Ethnicity     *Superman* ,     *Western Metalworking* ,1948     **Agency in Mental Disorder** Matt King,Joshua May,2022-01-07 Mental illness is an issue of great practical importance Yet despite sustained inquiry from scientists and philosophers alike relatively little attention has been paid to the significance of mental disorder to agency and responsibility While there is some work that touches on the topic and a few extended treatments of particular disorders these only scratch the surface Agency in Mental Disorder seeks to provide a starting point for deeper and broader philosophical analyses The 8 new essays in this book address various questions about the relationship between agency and mental disorder What is the nature of that relationship In what ways do mental disorders affect capacities for control How should we understand the mitigations of blame that mental disorders seem to provide and can we generalize from specific disorders to any interesting claims about disorders as a class And what makes for a mental disorder in the first place

Gemini and the Sacred Kimberley C. Patton,2022-10-06 Why do twins remain uncanny to those born alone in other words most of us Even with the rise of IVF and an increase in multiple births why do we still do a double take when we encounter twins Why has this been a near universal response throughout human history and how has it played out in religion and myth Through the work of leading scholars in religion folklore and mythology history anthropology and archaeology Gemini and the Sacred explores how twinship has long been imagined especially in the complex relationship of sacred twin traditions to twins on the ground in biology and lived experience The book considers the multiple ways in which the doubling of a human

being may be interpreted as auspicious and powerful or suppressed as unstable and dangerous Why has this been so and how does it affect living twins today Treating both famous and lesser known twins including supernatural animal twins in the ancient Near Eastern and classical Mediterranean worlds early Christianity and Gnosticism Vedic Hindu West African Black Atlantic and native American traditions ancient Mesoamerica Celtic Roman Britain and Scandinavia and in the special fraught bond shared by all twins the book offers a variety of perspectives on this topic of great cultural significance
