Rattle Of A Simple Man:

British Film Directors Robert Shail, 2007 This concise authoritative volume analyses critically the work of 100 British directors from the innovators of the silent period to contemporary auteurs Coming Full Circle Anne Ibbotson, *Sixties British Cinema* Robert Murphy, 2019-07-25 British films of the 1960s are undervalued Their search for realism has often been dismissed as drabness and their more frivolous efforts can now appear just empty headed Robert Murphy's *Sixties British Cinema* is the first study to challenge this view He shows that the realist tradition of the late 50s and early 60s was anything but dreary and depressing and gave birth to a clutch of films remarkable for their confidence and vitality *Saturday Night and Sunday Morning* *A Kind of Loving* and *A Taste of Honey* are only the better known titles *Sixties British Cinema* revalues key genres of the period horror crime and comedy and takes a fresh look at the swinging London films finding disturbing undertones that reflect the cultural changes of the decade Now that our cinematic past is constantly recycled on television Murphy's informative engaging and perceptive review of these films and their cultural and industrial context offers an invaluable guide to this neglected era of British cinema **The 1961-1970: American Film Institute Catalog of Motion Pictures Produced in the United States** American Film Institute, 1997 Back in print after more than fifteen years this American Film Institute Catalog covers the decade of the sixties This was the era in which films began to challenge the taboos on sex and violence and treated social issues in a new light Included in this volume are *The Wild Bunch* *Bonnie and Clyde* *Guess Who's Coming to Dinner* and *Who's Afraid of Virginia Woolf* The decade also produced such all time classics as *The Sound of Music* *To Kill a Mockingbird* and *The Graduate* **The Encyclopedia of Film** James Monaco, 1991 An alphabetical reference on the major film figures stars producers directors writers et al past and present Each entry provides a substantial career biography and a complete listing of all films the individual has been involved with Annotation copyrighted by Book News Inc Portland OR **Marked Women** Russell Campbell, 2006-04-05 Julia Roberts played a prostitute famously in *Pretty Woman* So did Jodie Foster in *Taxi Driver* Jane Fonda in *Klute* Anna Karina in *Vivre sa vie* Greta Garbo in *Anna Christie* and Charlize Theron who won an Academy Award for *Monster* This engaging and generously illustrated study explores the depiction of female prostitute characters and prostitution in world cinema from the silent era to the present day industry From the woman with control over her own destiny to the woman who cannot get away from her pimp Russell Campbell shows the diverse representations of prostitutes in film *Marked Women* classifies fifteen recurrent character types and three common narratives many of them with their roots in male fantasy *The Happy Hooker* for example is the liberated woman whose only goal is to give as much pleasure as she receives while the Avenger a nightmare of the male imagination represents the threat of women taking retribution for all the oppression they have suffered at the hands of men *The Love Story* a common narrative represents the prostitute as both heroine and anti heroine while *Condemned to Death* allows men to manifest in imagination only their hostility toward women by killing off the troubled prostitute in an act

of cathartic violence The figure of the woman whose body is available at a price has fascinated and intrigued filmmakers and filmgoers since the very beginning of cinema but the manner of representation has also been highly conflicted and fiercely contested Campbell explores the cinematic prostitute as a figure shaped by both reactionary thought and feminist challenges to the norm demonstrating how the film industry itself is split by fascinating contradictions

 Bibliography Index **Femininity in the Frame** Melanie Bell, 2009-11-30 It s widely assumed that Britain in the 1950s
 experienced a return to traditional gender roles Popular cinema has typically been seen to represent this era through the
 dominant image of the happy housewife Femininity in the Frame is a sharply observant account of how British cinema
 engaged with femininity and women s roles during this important period Written in a lively and accessible manner it
 challenges received understandings arguing that the period was marked by social unease and anxiety about gender roles and
 femininity with much British cinema producing ambiguous messages about feminine identities and the role of women
 Through analysing marginalized figures such as prostitutes criminals and femmes fatales and addressing central themes
 notably sexuality marriage and female friendship Melanie Bell examines how British popular cinema imagined and
 constructed femininity in this era of rapid social and cultural change She draws together sources ranging from official
 reports to film reviews with case studies of films across genres including The Perfect Woman Young Wives Tale The Weak
 and the Wicked and A Town Like Alice to show how new ideas and understandings of femininity were seeping into the
 cultural imagery at this time She demonstrates how such films expressed proto feminist ideas and how they ultimately
 explored new forms of femininity in a manner that has not until now been recognised Creative Canada ,1971-12-15 Did
 he ever play Hamlet Has she worked in television What was the title of his first novel Under whom did she study How many
 children has he Answers to such questions about contemporary Canadian artists have often been difficult even impossible to
 find This series has been created to provide the answers it covers creative and performing artists who have contributed as
 individuals to the culture of Canada in the twentieth century Each volume in the series presents a cross section of many
 different kinds of artists authors of imaginative works artists and sculptors musicians performers composers conductors and
 directors and performing artists in ballet modern dance radio theatre television and motion pictures directors designers and
 producers in theatre cinema radio television and the dance choreographers and for cinema cartoonists and animators Within
 each category of art is included a selection of those who have achieved national and international recognition those who have
 been recognized locally and some now deceased who markedly influenced their contemporaries locally nationally or
 internationally This is not a critical compilation rather it is an objective and factual reference work for those interested in
 contemporary Canadian culture Information was collected by painstaking research in a wide variety of sources and wherever
 possible it has been verified by the artist to make each entry as accurate and comprehensive as possible
