Figures of Time Toni Pape, 2019-04-04 Many contemporary television series from *Modern Family* to *How to Get Away with Murder* open an episode or season with a conflict and then go back in time to show how that conflict came to be In *Figures of Time* Toni Pape examines these narratives showing how these leaps in time create aesthetic experiences of time that attune their audiences to the political doctrine of preemption a logic that justifies preemptive action to nullify a perceived future threat Examining questions of temporality in *Life on Mars* the political ramifications of living under the auspices of a catastrophic future in *FlashForward* and how *Damages* disrupts the logic of preemption Pape shows how television helps shift political culture away from a model of rational deliberation and representation toward a politics of preemption and conformity Exposing the mechanisms through which television supports a fear based politics Pape contends will allow for the rechanneling of television s affective force into building a more productive and positive politics

The Last Word Justin Gautreau, 2021 The Last Word argues that the Hollywood novel opened up space for cultural critique of the film industry at a time when the industry lacked the capacity to critique itself While the young studio system worked tirelessly to burnish its public image in the wake of celebrity scandal several industry insiders wrote fiction to fill in what newspapers and fan magazines left out Throughout the 1920s and 1930s these novels aimed to expose the invisible machinery of classical Hollywood cinema including not only the evolving artifice of the screen but also the promotional discourse that complemented it As likeminded filmmakers in the 1940s and 1950s gradually brought the dark side of the industry to the screen however the Hollywood novel found itself struggling to live up to its original promise of delivering the unfilmable By the 1960s desperate to remain relevant the genre had devolved into little more than erotic fantasy of movie stars behind closed doors perhaps the only thing the public couldn't already find elsewhere Still given their unique ability to speak beyond the institutional restraints of their time these earlier works offer a window into the industry's dynamic creation and re-creation of itself in the public imagination
