Re Encounters In China:

Re-encounters in China Harold Robert Isaacs, 1985 Re-encounters in China Harold Robert Isaacs, 1985 **The Tragedy of the Chinese Revolution** Harold Isaacs, 2010 The story of contemporary China typically dates back to Mao's 1949 revolution But in this classic work of Marxist scholarship historian Harold Isaacs uncovers how workers and peasants struggled for a different kind of revolution one built from the bottom up in the 1920s The defeat of their heroic efforts profoundly shaped the further course of modern Chinese history Harold Isaacs was an acclaimed Marxist historian who identified with Leon Trotsky's critique of the Soviet Union's degeneration under Stalinism during the 1920s The Tragedy his major work is dedicated to the martyrs of the 1925-1927 revolution who fought for a truly democratic society *Russian Politics in Exile* F. Patrikeeff, 2002-08-06 This work explores Russian life in Northern Manchuria during the period of political economic and social upheaval leading to its eventual de facto control by Japan and disruption of the balance of power in the Northeast Asian Region Presenting a fresh interpretation of the combined impact of the 1929 Sino-Soviet Conflict and the onset of the Great Depression the book examines the interplay of Soviet and emigré Russian interests in Manchuria and their role in generating the instability that led to Japanese intervention and Russian decline **The Interpreter's Daughter** Teresa Lim, 2022-09-06 A beautiful sweeping multigenerational narrative that spans from nineteenth century south China to modern day Singapore I would learn that when families tell stories what they leave out redefines what they keep in With my family these were not secrets intentionally withheld Just truths too painful to confront In the last years of her life Teresa Lim's mother Violet Chang had copies of a cherished family photograph made for those in the portrait who were still alive The photo is mounted on cream card with the name of the studio stamped at the bottom in Chinese characters The place and date on the back Hong Kong 1935 Teresa would often look at this photograph enticed by the fierceness and beauty of her great aunt Fanny looking back at her But Fanny never seemed to feature in the family stories that were always being told and retold Why she wondered This photograph set Teresa on a journey to uncover her family's remarkable history Through detective work serendipity and the kindness of strangers she was guided to the fascinating ordinary yet extraordinary life of her great aunt and her world of sworn spinsters ghost husbands and the working class feminists of nineteenth century south China But to recover her great aunt's past we first must get to know Fanny's family the times and circumstances in which they lived and the momentous yet forgotten conflicts that would lead to war in Singapore and ultimately a long buried family tragedy The Interpreter's Daughter is a beautifully moving record of an extraordinary family history For fans of Wild Swans The Hare With Amber Eyes and Falling Leaves The Interpreter's Daughter is a classic in the making **Cosmopolitan Publics** Shuang Shen, 2009-04-08 Early twentieth century China paired the local community to the world a place and time when English dominated urban centered higher and secondary education and Chinese edited English language magazines surfaced as a new form of translingual practice Cosmopolitan Publics focuses on China's cosmopolitans Western educated

intellectuals who returned to Shanghai in the late 1920s to publish in English and who ultimately became both cultural translators and citizens of the wider world Shuang Shen highlights their work in publications such as *The China Critic* and T ien Hsia providing readers with a broader understanding of the role and function of cultural mixing translation and multilingualism in China s cultural modernity Decades later as nationalist biases and political restrictions emerged within China the influence of the cosmopolitans was neglected and the significance of cosmopolitan practice was underplayed Shen s encompassing study revisits and presents the experience of Chinese modernity as far more heterogeneous emergent and transnational than it has been characterized until now

Jews in China Irene Eber, 2019-10-21 Irene Eber was one of the foremost authorities on Jews in China during the twentieth and twenty first centuries a field that in contrast to the study of the Jewish diaspora in Europe and the Americas has been critically neglected This volume gathers fourteen of Eber s most salient articles and essays on the exchanges between Jewish and Chinese cultures making available to students scholars and general readers a representative sample of the range and depth of her important work in the field of Jews in China Jews in China delineates the centuries long reciprocal dialogue between Jews Jewish culture and China all under the overarching theme of cultural translation The first section of the book sets forth a sweeping overview of the history of Jews in China beginning in the twelfth century and concluding with a detailed assessment of the two crucial years leading up to the Second World War The second section examines the translation of Chinese classics into Hebrew and the translation of the Hebrew Bible into Chinese The third and final section turns to modern literature bringing together eight essays that underscore the cultural reciprocity that takes place through acts of translation The centuries long relationship between Judaism and China is often overlooked in the light of the extensive discourse surrounding European and American Judaism With this volume Eber reminds us that we have much to learn from the intersections between Jewish identity and Chinese culture

The African American Encounter with Japan and China Marc Gallicchio, 2003-06-19 In the first book to focus on African American attitudes toward Japan and China Marc Gallicchio examines the rise and fall of black internationalism in the first half of the twentieth century This daring new approach to world politics failed in its effort to seek solidarity with the two Asian countries but it succeeded in rallying black Americans in the struggle for civil rights Black internationalism emphasized the role of race or color in world politics and linked the domestic struggle of African Americans with the freedom struggle of emerging nations of color such as India and much of Africa In the early twentieth century black internationalists including W E B Du Bois and Marcus Garvey embraced Japan as a potential champion of the darker races despite Japan's imperialism in China After Pearl Harbor black internationalists reversed their position and identified Nationalist China as an ally in the war against racism In the end black internationalism was unsuccessful as an interpretation of international affairs The failed quest for alliances with Japan and China Gallicchio argues foreshadowed the difficulty black Americans would encounter in seeking redress for American racism in the international arena

Season of High Adventure S. Bernard Thomas, 2024-06-07 In 1928 Edgar Snow 1905-1972 set out to see the world hoping to make his mark as a travel adventure writer Shanghai was to be a mere stopover but Snow stayed on in China for thirteen more years The idealistic young Midwesterner became a journalist and ultimately developed close friendships with China's emerging revolutionary leaders His 1938 classic *Red Star over China* strongly influenced American views of the Chinese Communists and is still in print nearly sixty years later This biography breaks fresh ground with its unique and extensive use of Snow's diaries of over forty years These writings convey Snow's private hopes and fears his moods and motivations Thomas skillfully links them with Snow's public writings and deeds By recreating the milieu in which Snow worked in China Thomas provides a clearer understanding of both the man and his times Snow came to China devoid of any political agenda or sinological background He returned home a politically astute China hand and famed journalist author His writing had taken on the nature of political action which resulted in a troubled soul searching that Snow usually confined to his diary Thomas's portrait of Ed Snow reveals a man caught up in an important historical moment a man who profoundly influenced and was influenced by the events that swirled around him This title is part of UC Press's Voices
