Reactionary Revised 2000:

Name, Rank, and Serial Number Charles S. Young, 2014-04-01 Vietnam POWs came home heroes but twenty years earlier their predecessors returned from Korea to shame and suspicion In the Korean War American prisoners were used in propaganda twice first during the conflict then at home While in Chinese custody in North Korea they were pressured to praise their treatment and criticize the war When they came back the Department of the Army and cooperative pundits said too many were weaklings who did not resist communist indoctrination or brainwashing Ex prisoners were featured in a publicity campaign scolding the nation to raise tougher sons for the Cold War This propaganda was based on feverish exaggerations that ignored the convoluted circumstances POWs were put in which decisions in Washington helped create

Remembered Prisoners of a Forgotten War Lewis H. Carlson, 2025-06-25 Remembered Prisoners of a Forgotten War presents a devastating oral history of Korean War POWs The Korean War POW remains the most maligned victim of all American wars For nearly half a century the media general public and even scholars have described hundreds of these prisoners as brainwashed victims who uncharacteristically caved in to their Communist captors or even worse as turncoats who betrayed their fellow soldiers In either case these boys apparently lacked the right stuff required of our brave sons Here at long last is a chance to hear the true story of these courageous men in their own words a story that until now has gone largely untold Dr Carlson debunks many of the popular myths of Korean War POWs in this devastating oral history that is as compelling and moving as it is informative From the Tiger Death March to the paranoia here at home Korean POWs suffered injustices on a scale few can comprehend More than 40 percent of the 7 140 Americans taken prisoner died in captivity and as haunting tales of the survivors unfold it becomes clear that the goal of these men was simply to survive under the most terrible conditions Each survivor's story is a unique and personal experience from missionary teacher Larry Zeller's imprisonment in the death cells of Pyongyang and his first encounter with the infamous killer known as The Tiger to Rubin Townsend's daring escape from a death march by jumping off a bridge in a blinding snowstorm From capture to forced marches isolation permanent camps and torture Remembered Prisoners of a Forgotten War is one of the most fascinating and disturbing books on the Korean War in years and a brutally honest account of the Korean POW experience in the survivors own words

I Cannot Forget John Wilson Moore, Judith Fenner Gentry, 2013-08-08 Eighteen year old Johnny Moore was an energetic self confident private first class when he entered combat with a heavy weapons platoon in Korea Four and a half months later after surviving heavy attacks on the Pusan Perimeter and in one of the forward units of the western column advancing on the Yalu River he was captured by the Chinese infantry Moore and other American POWs suffered from starvation rations bitter cold and mental torment Although the intense Chinese efforts to change the prisoners ideologies were largely unsuccessful they were very effective in engendering distrust among the prisoners and abandonment of duty by the officers Encouraged by an American sergeant Moore worked with his captors to obtain better sanitation a

fairer distribution of food and on two occasions medicine for the sick Twice he tried to escape from imprisonment Just four days after his twenty first birthday in 1953 the Chinese released him Moore cooperated fully with US military interrogators giving as much information as he could on the prison camp and the methods his captors had used But two years later army officers arrested him at his home and charged him with treason Although the charge was dropped and a Field Board of Inquiry returned him to regular duty the army s treatment of him left Moore further traumatized He eventually went AWOL and turned to drinking gambling and other self destructive behaviors Military historian Judith Fenner Gentry has worked with Moore s memoirs of his experiences during and after the war to corroborate clarify elaborate and situate his story within the larger events in Korea and in the Cold War She has consulted records from courts martial newspaper interviews with returning POWs and Freedom of Information Act documents on the Army Criminal Investigation Division and the Army Counter Intelligence Corps

Men of God, Men of War Robert C. Doyle, 2024-03-15 *Men of God Men of War* tells the stories of chaplains who have served in America s wars In his exploration of military chaplaincy author Robert Doyle poses questions about their brand of service to the United States He examines the complexities of the chaplains vocation the types of services they performed the roles they assumed in combat and as prisoners of war and how they interacted with the military personnel they served and supported Doyle explores the high price many paid for their commitment to their unique type of service Doyle illuminates the histories of chaplains who did their duty selflessly to God to their country to the soldiers sailors Marines and airmen with whom they found themselves in very dire circumstances over the past three hundred years Chaplains throughout American history have served bravely and selflessly at home and in the field both under fire and behind the wire Chaplains served as sources of motivation inspiration and peace for military personnel in times of hardship especially in captivity Doyle illustrates that while they are now treated as non combatants chaplains vital role as leaders cannot be underestimated or understated *Men of God Men of War* examines how chaplains performed under fire in hostile environments beginning with the Revolutionary War through the war on terror in Iraq and Afghanistan The chaplains of the Revolution were patriots first soldiers second and men of God third From the Civil War to modern times these men gave hope to the hopeless absolution to those soldiers who stood before their Maker before battles and faith in themselves and their comrades so necessary for men in combat Doyle s research shows that military chaplains have always remained necessary to men at war even in a modern secular military

U.S. Prisoners of War in the Korean War Arden A. Rowley, 2002 *Great Expectations* Jonathan Skinner, Dimitrios Theodossopoulos, 2011-10-01 The negotiation of expectations in tourism is a complex and dynamic process one that is central to the imagination of cultural difference Expectations not only affect the lives and experiences of tourists but also their hosts and play an important part in the success or failure of the overall tourism experience It is for this reason the authors argue that special attention should be given to how expectations constitute and sustain tourism The case studies presented here explore what fuels the desires to visit particular places to

what degree expectations inform the experience of the place and the frequent disjunctions between tourist expectations and experiences Careful attention is paid to how the imagination of the visitor inspires the imagination of the host and vice versa how tourists and host communities actively imagine re imagine and shape each other s lives This realization has profound consequences not solely for academic analysis but for all those who participate in and work within the tourism industry

Running Commentary Benjamin Balint,2010-06-01 In the years of cultural and political ferment following World War II a new generation of Jewish American writers and thinkers arose to make an indelible mark on American culture Commentary was their magazine the place where they and other politically sympathetic intellectuals Hannah Arendt Saul Bellow Lionel Trilling Alfred Kazin James Baldwin Bernard Malamud Philip Roth Cynthia Ozick and many others shared new work explored ideas and argued with each other Founded by the offspring of immigrants Commentary began life as a voice for the marginalized and a feisty advocate for civil rights and economic justice But just as American culture moved in its direction it began inexplicably to some to veer right becoming the voice of neoconservatism and defender of the powerful This lively history based on unprecedented access to the magazine s archives and dozens of original interviews provocatively explains that shift while recreating the atmosphere of some of the most exciting decades in American intellectual life

Introduction to Health Services Stephen Joseph Williams,Paul Roger Torrens,2002 Introduction to Health Services Sixth Edition builds upon its reputation as a classic book written by nationally recognized authors This new edition addresses the significant changes and advances in biomedical research government policy information technology and health care cost containment Back cover

Trusting Medicine Patricia Illingworth,2018-12-07 Providing a fascinating overview of healthcare spending and cost containment mechanisms in the US this book explores the consequences of managed care for the community with particular attention paid to doctor patient relationships The author studies this significant relationship from a social perspective arguing that shifting financial risk onto doctors in a profit making system seriously damages patient trust In addition this undermines overall social capital which in turn has been linked to health outcomes Including case study examples and policy implications this insightful text explores an important though little discussed outcome of healthcare reform and will be a welcome addition to the current healthcare literature

The 1930s William H. Young,2002-10-30 Most historical studies bury us in wars and politics paying scant attention to the everyday effects of pop culture Welcome to America s other history the arts activities common items and popular opinions that profoundly impacted our national way of life The twelve narrative chapters in this volume provide a textured look at everyday life youth and the many different sides of American culture during the 1930s Additional resources include a cost comparison of common goods and services a timeline of important events notes arranged by chapter an extensive bibliography for further reading and a subject index The dark cloud of the Depression shadowed most Americans lives during the 1930s Books movies songs and stories of the 1930s gave Americans something to hope for by depicting a world of luxury and money Major figures of the age included Fred

Astaire and Ginger Rogers Irving Berlin Amelia Earhart Duke Ellington the Marx Brothers Margaret Mitchell Cole Porter Joe Louis Babe Ruth Shirley Temple and Frank Lloyd Wright Innovations in technology and travel hinted at a Utopian society just off the horizon group sports and activities gave the unemployed masses ways to spend their days and a powerful new demographic the American teenager suddenly found itself courted by advertisers and entertainers

Captain of Her Soul Lara Gabrielle, 2022-09-27 Northern California Book Awards Shortlist The comprehensive critical biography of silent screen star Marion Davies who fittingly referred to herself as the captain of my soul From Marion Davies s humble days in Brooklyn to her rise to fame alongside press baron William Randolph Hearst the public life story of the film star plays like a modern fairy tale shaped by gossip columnists fan magazines biopics and documentaries Yet the real Marion Davies remained largely hidden from view as she was wary of interviews and trusted few with her true life story In Captain of Her Soul Lara Gabrielle pulls back layers of myth to show a complex and fiercely independent woman ahead of her time who carved her own path Through meticulous research unprecedented access to archives around the world and interviews with those who knew Davies Captain of Her Soul counters the public story This book reveals a woman who navigated disability and social stigma to rise to the top of a young Hollywood dominated by powerful men Davies took charge of her own career negotiating with studio heads and establishing herself as a top tier comedienne but her proudest achievement was her philanthropy and advocacy for children This biography brings Davies out of the shadows cast by the Hearst legacy shedding light on a dynamic woman who lived life on her own terms and declared that she was the captain of her soul
