Outdoors Jan White,2019-09-06 Fully updated to reflect the current status and understandings regarding outdoor provision within early childhood education frameworks across the UK this new edition shows early years practitioners how to get the very best from outdoor play and learning for the enjoyment health and education of young children up to age seven This invaluable resource gives sound practical guidance for providing play with water sand and other natural materials experiences with plants growing and living things movement and physical play construction imaginative and creative play and explorations into the locality and community just beyond your garden This full colour third edition has been further developed to act as a comprehensive source book of relevant materials books and resources supporting the core ingredients of high quality outdoor provision while each chapter also includes extensive collections of children s picture books relating to the themes within each chapter Playing and Learning Outdoors has become the essential practical guide to excellence in outdoor provision and pedagogy for all early years services This lively inspiring and accessible book will help every educator to develop truly successful and satisfying approach to learning through play outdoors for every child *Mad about Minibeasts!* Giles Andreae,2017-01-12 This brilliantly beastly bouncy rhyming romp from Giles Andreae and David Wojtowycz will delight the many fans of this bestselling duo From slugs and snails to bustling beetles and beautiful butterflies these rhymes are full of humour and great to read aloud The bright distinctive artwork is full of child appeal Gotcha for Guys! Kathleen A. Baxter,Marcia Agness Kochel,2006-11-30 Research indicates boys are interested in reading nonfiction materials yet most children s librarians prefer to booktalk fiction Offering citations for more than 1 100 books Gotcha for Guys deals specifically with books to pique the interest of middle grade boys A series of booktalks are grouped within chapters with like titles such as Creepy Crawly Creatures Disasters and Unsolved Mysteries Action and Innovation and All Things Gross Complete booktalks are presented in a beginning section of chapters 1 9 A second section in each of these chapters contains short annotations and talks for other books of interest and a third section offers lists of well reviewed titles to consider for boys The book is enhanced with book cover art and reproducible lists for teachers and librarians The Teaching of Science in Primary Schools Wynne Harlen OBE,Anne Qualter,2017-08-04 The Teaching of Science in Primary Schools provides essential information for all concerned with primary school education about all aspects of teaching science It pays particular attention to inquiry based teaching and learning because of the more general educational benefits that follow from using this approach These benefits are often expressed in terms of developing general scientific literacy and fostering the ability to learn and the motivation to continue learning This book also aims to help teachers focus on the big or powerful ideas of science rather than teaching a series of unrelated facts This leads children to an understanding of the nature and limitations of scientific activity This fully expanded and updated edition explores The compelling reasons for starting science in the primary school Within school planning in the context of less prescriptive national requirements The value of having in mind the big ideas of science The opportunities for children to learn through greater access to the internet and social networking

The expanding sources of materials and guidance now available to teachers on line Greater attention to school and teacher self evaluation as a means of improving provision for children s learning The importance for both teachers and learners of reflecting on the process and content of their activities Other key aspects of teaching such as questioning the importance of discussion and dialogue the formative and summative roles of assessment and strategies for helping children to develop understanding skills positive attitudes and enjoyment of science are preserved So also is the learner centred approach with an emphasis on children learning to take some responsibility for their activities This book is essential reading for all primary school teachers and those on primary education courses *Animals In the Air (Oxford Read and Discover Level 3)* Robert Quinn, 2015-02-05 Read and discover all about animals in the air What is the fastest bird in the world What are flying foxes Read and discover more about the world This series of non fiction readers provides interesting and educational content with activities and project work
