**Survival Thoughts for the Continually Depressed** Michael Jean Nystrom-Schut,2005-05-24 TRILOGY BOOK ONE includes three books from my numerous writings As a writer and philosopher these many years its been my pleasure to ponder the world in ways that most people dont have time to do In my wanderings I wonder if I am getting any closer to the Truth How can any of us distinguish for sure I suppose all we can know is that as long as we are alive we still have the opportunity to keep searching while happily delving into this adventurous world of amazement wonder and awe     Out Of Sight, Out Of Mind Yvonne Vissing,2014-07-11 Because they re small they re easy to overlook Because their voices don t carry far it s hard to hear them We d rather not look too closely or listen too carefully And if we don t see them maybe they ll just go away But the invisible homeless cannot simply fly away to never never land or pull themselves up by their bootstraps or make a wish upon a star These homeless people are children and they are not always in the inner cities as Yvonne Vissing shows in this poignant study of families housing and poverty As many as a third of our nation s homeless are found in rural and small town America They are all too commonly out of sight and out of mind Homelessness in small towns and rural areas is on the rise Drawing on interviews with and case studies of three hundred children and their families with supporting

statistics from federal state and private agencies Vissing illustrates the impact this social problem has upon education health and the economy Families vividly describe the ways they have fallen through cracks in the social structure from home ownership into homelessness Looking toward the future Vissing asks if homeless children are destined to become dysfunctional adults and provides a sixteen year old girl s moving testimony of the vagabond life her homeless family led While the economy and the very nature of the family have changed over past decades housing education and human service industries have failed to adapt Vissing provides a planning model for improving support networks within communities and challenges Americans with a fundamental philosophical question Do homeless children merit fullscale social intervention Ultimately Out of Sight Out of Mind compels us not merely to voice concerns for family and community values but also to assert this commitment consciously through improved essential services
