Reasoning After Revelation Dialogues In Postmodern Jewish Philosophy:

Reasoning After Revelation Steven Kepnes, Peter Ochs, Robert Gibbs, 2019-08-30 Postmodern Jewish thinkers understand their Jewishness differently but they all share a fidelity to what they call the Torah and to communal practices of reading and social action that have their bases in rabbinic interpretations of biblical narrative law and belief. Thus postmodern Jewish thinking is thinking about God, Jews and the world with the texts of the Torah in the company of fellow seekers and believers. It utilizes the tools of philosophy but without their modern premises. Moreover, this form of Jewish thinking provides resources for philosophically disciplined readings of scripture by Jews, Christians and Muslims seeking alternatives to the reductive discourses of secular academia on the one hand and to antimodern religious fundamentalisms on the other. Postmodern Jewish Philosophy aims to utilize rabbinic modes of thinking to provide a model for ethical and religious thought in the twenty-first century, one which moves beyond the dichotomy of relativism and imperialism and is simultaneously definite and pluralistic.

In **Reasoning After Revelation Dialogues in Postmodern Jewish Philosophy**, three preeminent Jewish scholars debate the form and meaning of Postmodern Jewish Philosophy after the failures of the great secular ideologies of modern western civilization. Emulating the methods as well as the premises of Talmudic argumentation, the authors present their responses as dialogues joined by a common love of the rabbinic tradition of commentary and interpretation of the Bible. The composers Peter Ochs, Robert Gibbs and Steven Kepnes contemplate where Judaism has been and where it is headed on what basis will modern Jews now reason about the meaning of Jewish existence and the relevance of age-old Biblical traditions to the moral and social crises of the twenty-first century. The dialogues are further enriched by a set of responses from leading Jewish philosophers: Elliot R. Wolfson, Edith Wyschogrod, Almut Sh. Bruckstein, Yudit Kornberg Greenberg and Susan E. Shapiro.

Beyond Theodicy Sarah K. Pinnock,2012-02-01 Beyond Theodicy analyzes the rising tide of objections to explanations and justifications for why God permits evil and suffering in the world In response to the Holocaust striking parallels have

emerged between major Jewish and Christian thinkers centering on practical faith approaches that offer meaning within suffering Author Sarah K Pinnock focuses on Jewish thinkers Martin Buber and Ernst Bloch and Christian thinkers Gabriel Marcel and Johann Baptist Metz to present two diverse rejections of theodicy one existential represented by Buber and Marcel and one political represented by Bloch and Metz Pinnock interweaves the disciplines of philosophy of religion post Holocaust thought and liberation theology to formulate a dynamic vision of religious hope and resistance Learned Ignorance James L. Heft, Reuven Firestone, Omid Safi, 2011-08 Constructive interreligious dialogue is only a recent phenomenon Until the nineteenth century most dialogue among believers was carried on as a debate aimed either to disprove the claims of the other or to convert the other to one's own tradition At the end of the nineteenth century Protestant Christian missionaries of different denominations had created such a cacophony amongst themselves in the mission fields that they decided that it would be best if they could begin to overcome their own differences instead of confusing and even scandalizing the people whom they were trying to convert By the middle of the twentieth century the horrors of the Holocaust compelled Christians especially mainline Protestants and Catholics to enter into a serious dialogue with Jews one of the consequences of which was the removal of claims by Christians to have replaced Judaism and revising text books that communicated that message to Christian believers Now at the beginning of the twenty first century many branches of Christianity not least the Catholic Church are engaged in a world wide constructive dialogue with Muslims made all the more necessary by the terrorist attacks of September 11 In these new conversations Muslim religious leaders took an important initiative when they sent their document A Common Word Between Us to all Christians in the West It is an extraordinary document for it makes a theological argument various Christians in the West including officials at the Vatican have claimed that a theological conversation with Muslims is not possible based on texts drawn from the Hebrew Bible the New Testament and the Qur'an that Jewish Christian and Muslim believers share the God given obligation to love God and each other in peace and justice The Institute for Advanced Catholic Studies brought together an international group of sixteen Jewish Catholic and Muslim scholars to carry on an important theological exploration of the theme of learned ignorance The Future of Jewish Theology Steven Kepnes, 2012-10-25 This engaging argument for the future of Jewish theology written by a renowned Jewish scholar provides a rounded introduction to the faith its history and its place in the modern world Explores foundational Jewish structures and concepts through the discussion and interpretation of Jewish texts Argues that we must acknowledge holiness as a ritual and ethical reality in order to heal the rift between different forms of Jewish practice and theology Covers historical context as well as the relations between Judaism Israel and the wider world today Speaks to both Jews and non Jews and demonstrates through textual readings how Jews Christians and Muslims can understand and share their theological riches *The Routledge Handbook of Judaism in the 21st Century* Keren Eva Fraiman, Dean Phillip Bell, 2023-03-01 The Routledge Handbook of Judaism in the 21st Century is a cutting edge volume that addresses central

questions and issues animating Judaism Jewish identity and Jewish society in a global integrated and forward looking way It introduces readers to the complexity of Judaism as it has developed and continues to develop throughout the 21st century through the prism of three contemporary sets of issues identities and geographies structures and power and knowledge and performances Within these sections international contributors examine central issues topics and debates including individual and collective identity globalization and localization Jewish demography diversity denominations and pluralism interreligious relations political orientations community organization family and gender the Bible and Talmud today Jewish philosophy and authority in Jewish thought digital Judaism antisemitism Jewish spirituality and rituals memory language religious education material culture literature music and art approaches to the environment and contemporary Zionism and Israel The handbook also includes an extensive bibliography to help orient readers to the most important and leading work in the field The Routledge Handbook of Judaism in the 21st Century is essential reading for students and researchers in religious studies and Jewish studies It will also be useful for those in related fields such as cultural studies literature sociology anthropology and history as well as Jewish professionals and lay leaders **"Let the Wise Listen and add to Their Learning" (Prov 1:5)**
