War Economies and Post-war Crime Sabine Kurtenbach, Angelika Rettberg, 2020-05-21 Even when armed conflicts formally end, the transition to peace is not clear cut. This comprehensive volume explores the mounting evidence which suggests that it is rather unlikely to see a clean break from violence to consent, from theft to production, from repression to democracy or from impunity to accountability. The authors analyse the complex endeavour of transitioning out of war, studying how it is often interrelated with other transformations such as changes in the political regime, democratisation and in the economy, opening of markets to globalisation. They explore how in the same way as wars and conflicts reflect the societies they befall, post-war orders may replicate and perpetuate some of the drivers of war-related violence such as high levels of instability, institutional fragility, corruption and inequality. This book thus suggests that even in the absence of a formal relapse into war and the re-mobilisation of former insurgents, many transitional contexts are marked by the steady and ongoing reconfiguration of criminal and illegal groups and practices. This book will be of great interest to students and researchers of political science and peace studies. It was originally published as an online special issue of Third World Thematics

The Mafia Roberto M. Dainotto, 2015-04-15 What is it about Tony Soprano that makes him so amiable? For that matter, how is it that many of us secretly want Scarface to succeed or see Michael Corleone as ultimately a hero? What draws us into the otherwise horrifically violent world of the mafia? In *The Mafia*, Roberto M. Dainotto explores the irresistible appeal of this particular brand of organized crime, its history and the mythology we have developed around it. Dainotto traces the development of the mafia from its rural beginnings in Western Sicily to its growth into a global crime organization, alongside a parallel examination of its evolution in music, print and on the big screen. He probes the tension between the real mafia, its violent often brutal reality, and how we imagine it to be a mythical potpourri of codes of honor, family values and chivalry. But rather than dismiss our collective imagining of the mafia as a complete fiction, Dainotto instead sets out to understand what needs and desires, or material and psychic, longing for our fantasies about the mafia, the best kind of the bad life are meant to satisfy. Exploring the rich array of films, books, television programs, music and even video games portraying and inspired by the mafia, this book offers not only a social, economic and political history of one of the most iconic underground cultures, but a new way of understanding our enduring fascination with the complex society that lurks behind the sinister *Omertà* of the family business.

Global Organized Crime Mitchel P. Roth, 2010-05-05 This book offers a comprehensive multidimensional look into the major activities, groups, causes and policing strategies related to global organized crime. *Global Organized Crime: A Reference Handbook* examines global organized crime dating back to its 17th century roots. Unlike most works on the subject which take a parochial approach by concentrating on individual countries or regions, this book uniquely details the impact of 21st century globalization on such groups and their activities. Exploring the continuum of international organized crime and

related developments from its early beginnings to the present era the book also looks at the complicated issues that continue to influence its growth It covers the impact of the end of the Cold War immigration the global drug trade weapons sales human smuggling and trafficking the convergence of funding sources and the effects of technology What especially distinguishes this book is the connections it makes between organized crime activities and failed states civil wars political transitions regional conflicts and terrorist groups *Organised Crime in Europe* Cyrille Fijnaut, Letizia Paoli, 2007-01-21 This volume represents the first attempt to systematically compare organised crime concepts as well as historical and contemporary patterns and control policies in thirteen European countries These include seven old EU Member States Denmark France Germany Italy The Netherlands Spain and the United Kingdom two new members the Czech Republic and Poland a candidate country Turkey and three non EU countries Albania Russia and Switzerland Based on a standardised research protocol thirty three experts from different legal and social disciplines provide insight through detailed country reports On this basis the editors compare organised crime patterns and policies in Europe and assess EU initiatives against organised crime Its informed analyses and unprejudiced assessments will make *Organised Crime in Europe* an indispensable resource for scholars students practitioners and policy makers interested in understanding the complex phenomenon of organised crime and its related control policies in Europe *Teaching Ethics Across the Management Curriculum* Kemi Ogunyemi, 2014-12-17 The chief executive officer CEO of a corporation and his or her executive team are responsible for the management of the business and its continued operating and financial success The CEO and executive team are almost always highly compensated and the relative total compensation has mushroomed over time Most of the compensation now is designed to be performance based but leading to charges that executives have incentives to manipulate corporate earnings and stock price in the short term for their own self interests The compensation at some companies became so egregious that compensation again became a major public policy issue subject to federal regulation Executive Compensation focuses on the major topics related to executive compensation present past and future First is understanding what executive compensation is including composition and objectives of pay contracts Second how do specific compensation agreements affect corporate behavior and performance Third what are the major components including how and what are accounted for and disclosed How is compensation especially executive compensation accounted for that is what are the calculations and journal entries required Fourth what does historical analysis tell us about the topic especially how contractual decisions have been made and what has worked Finally what is in store for the future both expected compensation agreements and what the compensation incentives suggest for future corporate decisions on operations and accounting manipulation **Village Politics and the Mafia in Sicily** Filippo Sabetti, 2002 Refocusing the study of village politics and the mafia by extending rational choice institutionalism to Italian history and politics Sabetti shows what can happen when those acting for the state regard ordinary people as passive voices in the game of life BOOK JACKET Belonging and Genocide Thomas

Mafia A.G.D. Maran,2011-09-02 The pre dawn arrests of the last remaining mafiosi in December 2008 signalled the end of the Sicilian Mafia as we know it In *Mafia Inside the Dark Heart* A G D Maran charts the complete history of the world's most infamous criminal organisation from its first incarnation as an alternative form of local government in the Sicilian countryside and arguable force for good to the more familiar form that has been immortalised in films such as *The Godfather* and its final defeat after a long awaited change of attitude by the Italian government The author has used his many Italian contacts and a decade of exhaustive research to bring to life the story of the Sicilian Mafia while also exploring the links to the Cosa Nostra in America Along the way he asks many provocative questions including Why was Lucky Luciano the father of modern organised crime freed from a life sentence in America and deported to Italy allowing him to organise the international drug trade Was the Mafia involved in the death of Pope John Paul I Why did the Mafia murder Roberto Calvi known as God's Banker What is the relationship between the Mafia and Freemasonry Why did successive Italian governments fail to tackle the Mafia Why did it take 40 years to find the Last Godfathers These and many other riveting issues are covered in Maran's refreshing new take on a perennially enthralling subject

Power on the Inside Mitchel P. Roth,2020-11-05 Power on the Inside is the first book to examine the historical development of prison gangs worldwide from those that emerged inside mid nineteenth century Neapolitan prisons to the new generation of younger inmates challenging the status quo within gang subcultures today Historian criminologist Mitchel P Roth examines prison gangs throughout the world from the Americas Oceania and South Africa to Southeast Asia Europe and beyond The book examines the many variables that influence the evolution of prison subcultures from colonialism and population demographics to prison architecture and staff prisoner relations Power on the Inside features eighty historical and contemporary images and will inform professionals in the field as well as general readers who want to know more about the realities of prison gangs today

Insatiable City Theresa McCulla,2024-05-10 Theresa McCulla probes the overt and covert ways that the production of food and food discourse both creates and reinforces many strains of inequality in New Orleans a city often defined by its foodways She uses menus cookbooks newspapers dolls and other material culture to limn the interplay among the production and reception of food the inscription and reiteration of racial hierarchies and the constant diminishment and exploitation of working class people McCulla goes far beyond the initial task of tracing New Orleans culinary history to focus on how food suffuses culture and our understandings and constructions of race and power

Policing Transnational Crime Saskia Hufnagel,Anton Moiseienko,2020-06-04 As the threats posed by organised crime and terrorism persist law enforcement authorities remain under pressure to suppress the movement or flows of people and objects that are deemed dangerous This collection provides a broad overview of the challenges and trends of the policing of

flows How these threats are constructed and addressed by governments and law enforcement agencies is the unifying thread of the book The concept of flows is interpreted broadly so as to include the trafficking of illicit substances trade in antiquities and legal and illegal migration including cross border travel by members of organised crime groups or foreign fighters The book focuses especially on the responses of governments and law enforcement agencies to the changing nature and intensity of flows The contributors comprise a mix of lawyers sociologists historians and criminologists who address both formal legal and practical on the ground approaches to the policing of flows The volume invites reflection on whether the existing tool kit of governments and law enforcement agencies is adequate in this changing environment and how it could be modernised for example by increased reliance on technology or by reappraising the role of the private sector As such the book will be useful not only for academics and practitioners who work on security related matters but also more generally to those who are interested in what the near term future of policing is likely to look like and how the balance between law enforcement on the one hand and human rights and civil liberties on the other can be achieved **Italian Rebels** Raymond Angelo

Belliotti, 2022-12-13 This interdisciplinary work philosophically analyzes the role of positive duties in moral theory the efficacy of theocratic republicanism viable strategies for political revolutions the implications of an enduring Sicilian ethos and the profits and perils of the individual community continuum in service of distinctive interpretations of the lives and ideologies of Giuseppe Mazzini Antonio Gramsci and Salvatore Giuliano Il Risorgimento Italiano the national unification movement refers to the period from 1821 the initial unsuccessful Milanese and Piedmontese insurrections against Austria to 1870 the annexing of Rome into the Kingdom of Italy which itself was established in 1861 The movement and its aftermath hovered over the lives of the Genoese republican prophet of Italian liberation and unification the Sardinian communist political theorist imprisoned by The Black Shirts and the Sicilian separatist murdering and fighting for his life and the honor of his island By dissecting the lives and philosophies of Mazzini Gramsci and Giuliano by extracting moral political and existential lessons from their aspirations and enterprises by reflecting on their ideals from our divergent social context by evaluating their virtues and vices from a wider perspective we may confront the people that we are and reimagine the people we might become

Rebels And Mafiosi Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rebels And Mafiosi has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rebels And Mafiosi has opened up a world of possibilities. Downloading Rebels And Mafiosi provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rebels And Mafiosi has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rebels And Mafiosi. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rebels And Mafiosi. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rebels And Mafiosi, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rebels And Mafiosi has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
