Redefining Europe New Patterns Of Conflict And Cooperation:

Redefining Europe Hugh Miall, 1994 At a time of great fluidity and upheaval across the whole European continent this book offers an authoritative assessment of the key forces defining Europe's post Cold War order It covers both Eastern and Western Europe and includes a chapter on Russia and the CIS Four years after the end of the Cold War the shape of international politics in the wider Europe is still unclear This book brings together an international group of authors to consider the dynamics of change in the region *Redefining Europe* Hugh Miall, 1994 **Rethinking Security in**

Post-Cold-War Europe William Park, G. Wyn Rees, 2014-06-11 Provides a survey of the principal items on the agenda following the end of the Cold War focusing upon the institutions and regions where the reconsideration of security issues has been particularly profound The book is organised into three main sections the first examines the changed roles of the main security institutions which have survived the Cold War NATO the European Union Western European Union and the Organisation for Security and Cooperation in Europe The second analyses the Central European countries Russia and States of the former Soviet Union in terms of their ideologies political structures and relationships of the Cold War period Lastly the text examines the northern and southern regions of Europe where quite different perspectives and agendas are concerned

Rethinking the European Union Alice Landau, Richard Whitman, 2016-07-27 Rethinking the European Union draws together contributors from across Europe to reflect upon methods of conceptualising the European Union within both changing global and European contexts The book takes the themes of institutions interests and identities as its organising framework within which each contributor offers a distinctive commentary on the EU The outcome is a text that goes beyond an exploration of the existing methods of conceptualising the European integration process and reflects upon the nature of the EU itself Political Developments in Contemporary Russia Ian Jeffries, 2011-03-07 This book provides a comprehensive overview of political developments in Russia since late 1999 It covers all aspects of politics including central government and elections regional government and developments in the republics including in Chechnya and other Caucasian republics and human rights Europe as an Idea and an Identity H. Mikkeli, 1998-01-28 Heikki Mikkeli charts the history of the idea of Europe and European identity The first part introduces the various attempts to unify Europe from antiquity to the European Union In the second part the relationship of Europe with America and Russia is considered as well as the ambivalent role of Central Europe

The Emerging Euro-Mediterranean System Dimitris Xenakis, Dimitris N. Chrysoschoou, 2001 Focusing on the principal challenges facing the Euro Mediterranean partnership since the signing of the Barcelona Declaration in November 1995 this study assesses past European policies towards the region **The EU-Russia Strategic Partnership** Hiski Haukkala, 2010-02-25 This book explores why despite the initial promise and enthusiasm at the beginning of the 1990s the European Union EU and the Russian Federation have encountered severe difficulties in developing their institutionalised relationship **Euro-Mediterranean Security: A Search for Partnership** Sven Biscop, 2017-11-22 This title was first

published in 2003 This work provides a clearer understanding of the EU s approach towards security in the Mediterranean After examining the EU s interests and the potential threats to security in the region it analyzes EU security policy towards the region as a whole through the Euro Mediterranean Partnership and towards all disputes and conflicts in the area It recommends opening up the European Security and Defence Policy to Mediterranean participation in order to establish a deep and equitable security partnership between both shores The book argues that this way the EU could implement its innovative comprehensive and co operative approach to security Rather than focusing on the military aspect alone this approach takes into account all dimensions of security political socio economic cultural and ecological and is based on partnership rather than confrontation It therefore contrasts quite sharply with the policies advocated in the US National Security Strategy

Germany's Civilian Power Diplomacy C. Arora, 2006-08-07 This book assesses the diplomatic path of influence taken by German decision makers during the early nineties in pursuit of their cautiously articulated interest in and commitment to the eastward enlargement of NATO
