Deb Curtis, Margie Carter

Reflecting Children's Lives A Handbook For Planning Childcentered Curriculum:

Reflecting Children's Lives Deb Curtis, Margie Carter, 2011-03-22 Consider new possibilities in documentation observing and activities when planning child centered curriculum with this updated handbook **Reflecting Children's Lives** Deb Curtis, Debbie Curtis, Margie Carter, 1996 Learn how to make theme plans establish times for observation and play set up schedules materials space and more *Reflecting Children's Lives* Deb Curtis, Margie Carter, 2011-03-22 Make the complex task of creating a child centered curriculum easier with the practical guidelines and ideas in this updated and expanded handbook Learn how to sharpen your observation and documentation skills set up your space and transform your teaching to reflect children's interests and needs Insightful classroom stories assessment tools checklists comparative charts and activities encourage new approaches and self reflection as you plan your curriculum and put it into practice Addressing new standards in early education two new chapters focus on teaching academics in a meaningful way and guiding children as they play and learn *Reflecting Children's Lives* is your work in progress use it to record the development of your own thinking and practice **Designs for Living and Learning, Second Edition** Deb Curtis, Margie Carter, 2014-12-02 The best selling source of inspiration for early childhood professionals designing learning environments updated with all new photographs and fresh content *The Hundred Languages of Children* Carolyn Edwards, Lella Gandini, George Forman, 1998-04-21 The city run early childhood program of Reggio Emilia Italy has become recognized and acclaimed as one of the best systems of education in the world Over the past forty years educators there have evolved a distinctive innovative approach that supports children's well being and fosters their intellectual development through a systematic focus on symbolic representation Young children from birth to age six are encouraged to explore their environment and express themselves through many languages or modes of expression including words movement drawing painting sculpture shadow play collage and music Leading children to surprising levels of symbolic skill and creativity the system is not private and elite but rather involves full day child care open to all including children with disabilities This new Second Edition reflects the growing interest and deepening reflection upon the Reggio approach as well as increasing sophistication in adaptation to the American context Included are many entirely new chapters and an updated list of resources along with original chapters revised and extended The book represents a dialogue between Italian educators who founded and developed the system and North Americans who have considered its implications for their own settings and issues The book is a comprehensive introduction covering history and philosophy the parent perspective curriculum and methods of teaching school and system organization the use of space and physical environments and adult professional roles including special education The final section describes implications for American policy and professional development and adaptations in United States primary preschool and child care classrooms **Developmentally Appropriate Play** Gaye Gronlund, 2010-07-01 Help children participate in purposeful play to promote the development of a number of important skills **The Art of Awareness** Deb Curtis, Margie Carter, 2022-05-24

With new chapters and updates from early childhood leaders Deb Curtis and Margie Carter invite early childhood educators to learn the art and skill of observation The art of observing children is more than merely the act of watching them it is also using what you see and hear to craft new opportunities in your classroom This resource provides a wealth of inspiration and practice It will help early childhood educators learn to observe in new ways witness children s remarkable competencies as they experience childhood and find new joy in their work with children The third edition updates include New information on schema theory including a list of the definitions of schemas Updated stories that reflect schema explorations and focus on observing children s ability to get along Added information on identity development and the anti bias goals New chapter on observing children using their bodies New QR codes to videos to continue learning Updates on technology and approaches to keeping observations at the center of required assessments

The Visionary Director, Second Edition Margie Carter, Deb Curtis, 2009-11-01 An inspiring and practical guide to creating a larger vision in early child care

Handbook of Child Development and Early Education Oscar A. Barbarin, Barbara Hanna Wasik, 2011-06-23 How and what should young children be taught What emphasis should be given to emotional learning How do we involve families Addressing these and other critical questions this authoritative volume brings together developmentalists and early educators to discuss what an integrated developmentally appropriate curriculum might look like across the preschool and early elementary years State of the science work is presented on brain development and the emergence of cognitive socioemotional language and literacy skills in 3 to 8 year olds Drawing on experience in real world classrooms contributors describe novel practical approaches to promoting school readiness tailoring instruction to children s learning needs and improving the teaching of language arts math and science

I'm OK! Building Resilience through Physical Play Jarrod Green, 2016-10-24 Children must learn to pick themselves up brush themselves off and bounce back How do you allow for the physicality required to build resilience why you are tasked with children s safety This guide provides the tools and strategies for creating a culture of resilience including families in the process and keeping safety front of mind Examine common safety concerns and how to address and prepare for them Learn how to work with families and build a trusting relationship around children s physical development Consider legal concerns regarding licensing and liability Discover practical approaches to working with children to find their appropriate level of physical risk taking and how to respond to a child s risky behavior Jarrod Green is an early childhood educator with over a decade of experience in early childhood education His teaching practice centers around an emergent project based approach to curriculum with an emphasis on learning through play developing relationships with communities and building self regulation and resilience Green also presents at many professional conferences including NAEYC s Professional Development Institute
