Rage Becomes Her Soraya Chemaly, 2018-09-11 A BEST BOOK OF 2018 SELECTION NPR The Washington Post Book Riot Autostraddle Psychology Today A BEST FEMINIST BOOK SELECTION Refinery 29 Book Riot Autostraddle BITCH Rage Becomes Her is an utterly eye opening Bustle book that gives voice to the causes expressions and possibilities of female rage As women we ve been urged for so long to bottle up our anger letting it corrode our bodies and minds in ways we don t even realize Yet there are so so many legitimate reasons for us to feel angry ranging from blatant horrifying acts of misogyny to the subtle drip drip drip of daily sexism that reinforces the absurdly damaging gender norms of our society In Rage Becomes Her Soraya Chemaly argues that our anger is not only justified it is also an active part of the solution We are so often encouraged to resist our rage or punished for justifiably expressing it yet how many remarkable achievements would never have gotten off the ground without the kernel of anger that fueled them Approached with conscious intention anger is a vital instrument a radar for injustice and a catalyst for change On the flip side the societal and cultural belittlement of our anger is a cunning way of limiting and controlling our power one we can no longer abide A work of great spirit and verve Time Rage Becomes Her is a validating energizing read that will change the way you interact with the world around you

Potter, 2009-06-25 Borderline Personality Disorder BPD is a diagnosis given to ten percent of all those seen in outpatient mental health facilities and twenty percent of those seen in inpatient psychiatric units This is a significant number of people in the Western world Yet many of the core concepts and symptoms that underlie this diagnosis are questionable Many of the attitudes and actions of carers are based on assumptions about those with BPD that cry out for analysis with both cultural and gender norms interacting with clinical diagnosis and treatment to the detriment of both carers and patients This book considers how we diagnose BPD looking at the key constructs identity disturbance inappropriate or excessive anger unstable

relationships impulsivity self injurious behaviour and manipulativity It starts by looking at the cultural and gender assumptions and norms behind BPD drawing upon philosophical clinical anthropological and sociological literature Combining philosophical analysis with clinical experience and patients writings it clarifies the constructs so that the reader can understand the messiness and complexity that frames this diagnosis and treatment After examining the current state of these constructs and their effects on carer patient interactions Part II sees an application of virtue theory to therapeutic treatment with BPD patients It looks at three virtues that are particularly important for clinicians and other carers to cultivate when working with BPD patients trustworthiness the virtue of giving uptake and empathy It argues that in their absence not only are clinicians attitudes harmful to patients but that the status of the diagnosis is actually compromised Mapping the Edges and the In Between presents a compelling argument that Borderline Personality Disorder needs to be approached in a new light one that will benefit patients
