Reflections On Political Theory A Voice Of Reason From The Past:

Reflections on Political Theory N. Wood, 2001-12-18 In this thought provoking study Neal Wood challenges the conception of political theory as a lofty discipline remote from the world of real politics Drawing on the examples of thinkers from Plato to those of the nineteenth century he attempts to define political theory by examining the nature of the state and politics by identifying the major characteristics that their theories share and by analyzing the conditions that have favoured their creation Wood critically explores the two principle approaches to studying the work of past theorists the philosophical and historical and evaluates the relevance of Marxism The various theories are not treated as blueprints but collectively as a voice of reason from the past which can inspire and guide present and future theorizing **IBSS: Political Science: 2002 Vol.51** Compiled by the British Library of Political and Economic Science, 2004-03-01 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world s most expert librarians and academics Breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French Place your standing order now for the 2002 volumes of the the IBSS Anthropology 2002 Vol 48 December 2002 234x156 0 415 32634 6 u195 00 Economics 2002 Vol 51 December 2002 234x156 0 415 32635 4 u195 0 0 Political Science 2002 Vol 51 December 2002 234x156 0 415 32636 2 u195 00 Sociology 2002 Vol 52 December 2002 234x156 0 415 32637 0 u195 00 **Power to the People** Avner De-Shalit, 2006-01-01 Power to the People examines the teaching of political philosophy in what is taken to be skeptical times Author Avner de Shalit encourages political philosophers to remain committed to the analytical achievements of political philosophy while also revising and improving the teachings of the discipline to be more in tune with the demands of democratic society Using highly accessible language de Shalit argues that distinguishing political philosophy from politics is methodologically and normatively wrong that political philosophy can empower its students and that political philosophy should be democratized De Shalit s radical and provocative theory will fascinate anyone involved in politics philosophy and education **Research Handbook on the History of Political Thought** Cary J. income is hardly new Often dated as far back as ancient Rome basic income's modern conception truly emerged in the late
nineteenth century Yet as one of today's most controversial proposals it draws supporters from across the political spectrum
In this eye opening work Anton Jäger and Daniel Zamora Vargas trace basic income from its rise in American and British
policy debates following periods of economic tumult to its modern relationship with technopopulist figures in Silicon Valley
They chronicle how the idea first arose in the United States and Europe as a market friendly alternative to the postwar
welfare state and how interest in the policy has grown in the wake of the 2008 credit crisis and COVID 19 crash An incisive
