Christocentric Reformed Theology in Nineteenth-Century America Emanuel V. Gerhart, 2021-07-30 Knowledge of the ideas of the theologian Emanuel V Gerhart is essential for understanding nineteenth century American theology Gerhart was one of the first to introduce a complete systematic Christocentric theological system to Americans His Institutes of the Christian Religion developed the ideas of European theologians and promoted the effort to systematize Mercersburg theology Gerhart embraced German idealism rather than Scottish philosophy in his scholarship As a mediating theologian he attempted to reconcile historical Christianity with modern culture His lectures essays and texts addressed the religious challenges and intellectual issues of his day from a Christocentric perspective Together they were a major contribution to the Mercersburg Movement in particular and American theology in general from the antebellum period to the progressive era His publications were devoted to a range of disciplines that included education philosophy and theology This volume portrays Gerhart's core theological ideas as found in his main texts and offers introductory commentaries and gives the historical background for his intellectual contributions

John Williamson Nevin Linden J. DeBie, 2023-09-21 John Williamson Nevin's life has never been given the full attention that it deserves That may be due in part to the controversial nature of his thinking Yet in many respects his enormous contribution to American religious history is acknowledged by those who have read him He stood out as the great advocate of evangelical catholicism and his call for a thorough examination of the place of the church in nineteenth century theology was revolutionary It was Nevin who first saw the threat to the church in the erosion of faith in the church as a divine institution sacramentally entrusted by God with the reclamation of the whole world an erosion that occurred well before the Civil War in the hypersubjectivity of Protestant America

The Reformed Pastor John Williamson Nevin, 2006-02-01 During the relatively short history of American Protestantism countless pastors theologians and pastor theologians have addressed a variety of pragmatic issues facing Christian congregations No one has done so with greater theological precision and passion than the Reformed theologian John Williamson Nevin 1803-1886 Nevin made his mark in American Protestantism with the publication of *The Anxious Bench* and *The Mystical Presence* In this volume Sam Hamstra brings to light Nevin's previously unpublished *Lectures on Pastoral Theology* a work that provides students with a more comprehensive portrait of one of the nineteenth century's leading Reformed theologians in America Hamstra's introduction provides an important companion to Nevin's *Lectures* one that includes application for twenty-first century pastors as well as a surprise for those familiar with Nevin's critique of *New Measures*

Church, Sacrament, and American Democracy Adam S. Borneman, 2011-03-07 John Williamson Nevin architect of the nineteenth century movement the Mercersburg Theology has increasingly gained respect as one of the most important theologians of American history and the

broader Reformed tradition Accompanied by the great historian Philip Schaff Nevin faced a headwind of American individualism subjectivism and sectarianism but nevertheless forged ahead in articulating a churchly sacramental theology rooted in the Incarnation of Jesus Christ Drawing from the well of German Idealism and Romanticism Nevin proposed a theological hermeneutic that was greatly at odds with the prevailing methods of his day Nevertheless Nevin persisted in his efforts confident that the concepts of organic unity catholicity and incarnation offered a vital corrective to the tendencies of the American church and society Hence Nevin s theological polemics while often focused on matters of ecclesiology and sacraments also have much to offer in the way of a much broader theology of history mankind and culture In this latest contribution to studies in the Mercersburg Theology Borneman extracts from the Nevin corpus those writings which speak to the predominant social and political trends of the antebellum era trends which have endured to the present day Nevin s efforts toward a liturgically oriented unified prophetic church stood over and against many of these trends Bringing to the fore the implications of Nevin s efforts Borneman joins a chorus of recent scholars and theologians who insist that Nevin has just as much to say to the church of the present as he did to the church of the nineteenth century

Travis McMaken,2013-08-01 The theology of the sacraments is one of the most contested parts in Barth s theology none more so than the doctrine of baptism Barth s proposals on baptism have generated intense conversation and disagreement not only on its application to Protestant and ecumenical theology but even on its own consistency with Barth s larger dogmatic project McMaken takes up this controversial question sets it in its proper context within the history of doctrine and Barth s systematic work and argues for a constructive reclamation of infant baptism that accords with Barth s overarching theological concerns and insights notably from Barth s mature theological commitments Pivotal this volume claims that a reorientation of the doctrine of baptism opens up a new perspective on the practice of infant baptism on the basis of Barth s theology this new perspective as well holds the potential for wide ecumenical application as a form of the proclamation of the gospel and a vital dimension of the church s missional vocation A commanding volume for scholars and students in systematic theology ecumenical studies and sacramental theology

America's God Mark A. Noll,2002-10-03 Religious life in early America is often equated with fire and brimstone Puritanism yet by the nineteenth century Americans had moved away from the severe European traditions of which Puritanism was the most influential In its place arose a singularly American set of beliefs marked by heightened spiritual inwardness a new confidence in individual reason and an attentiveness to the economic and market realities of Western life In America s God Mark Noll has given us the definitive history of Christian theology in America from the time of Jonathan Edwards to the presidency of Abraham Lincoln **The Oxford Dictionary of the Christian Church** Andrew Louth,2022-02-17 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic

Mouw,Douglas A. Sweeney,2013-10-15 American theologians tend to focus on the great hope Christians have through Christ s resurrection emphasizing Christ s victory while minimizing or ignoring his suffering Through their engagements with Japanese Christians and African American Christians on the topic of Christology Richard Mouw and Douglas Sweeney have come to recognize and underscore that Christ offers hope not only through his resurrection but also through his incarnation The authors articulate a more compassionate and orthodox Christology that answers the experience of the global church offering a corrective to what passes for American Christology today The book includes an afterword by Willie James Jennings of Duke Divinity School *Retrieving Catholicity in American Protestantism* John Williamson Nevin,2024-04-25 This volume is a collection of essays on church history by John Williamson Nevin 1803-86 the theological creator of Mercersburg Theology Nevin and his colleague Philip Schaff were attempting to reorient American ecclesial thought to be more historical Most American theologians of the period posited a period of spiritual decline soon after the New Testament lasting until the Protestant Reformation They believed the ongoing task of the children of the Reformation was to remake the church in the mold of the apostolic faith In these essays Nevin was seeking to establish a more unified historical narrative that saw the Reformation as an essential outgrowth of the medieval Catholic church Nevin s search for an answer to the church question what is the church demanded a focus on history as an unfolding teleological journey Nevin s search for history is part of his larger search for catholicity in the American Protestant church These writings are an important part of the larger theological project that is known as Mercersburg Theology which is being explored in the volumes of this series **What's Wrong with**

Sin Derek R. Nelson,2009-07-30 This title portrays two primary doctrines of sin posited in the last half century the structural sin type and the relational self type After an introduction to the current discussion on the doctrine of sin two nineteenth century rejections of individualistic conceptions of sin are explicated and critiqued The book concludes with recommendations drawn from the preceding analyses for further understanding of the social dimensions of sin Early and Medieval Rituals and Theologies of Baptism Bryan D. Spinks,2017-03-02 Presenting a comprehensive survey of the historical underpinnings of

baptismal liturgies and theologies Bryan Spinks presents an ecumenically and geographically wide ranging survey and discussion of contemporary baptismal rites practice and reflection and sacramental theology Writing within a clear chronological framework Bryan Spinks presents two simultaneous volumes on Baptismal Liturgy and Theology In the first volume *Early and Medieval Rituals and Theologies of Baptism* Bryan Spinks summarizes the understandings of baptism in the New Testament and the development of baptismal reflection and liturgical rites throughout Syrian Egyptian Roman and African regions He focuses particularly on the Homilies of Chrysostom Cyril of Jerusalem Theodore and Ambrose the post nicene rites and commentaries and the impact of medieval theologies of baptism and Augustinian theology with reference to Western understanding In the second volume *Reformation and Modern Rituals and Theologies of Baptism* Spinks traces developments through the Reformation liturgies in the eighteenth and nineteenth centuries and explores important new ecumenical perspectives on developments of twentieth century sacramental discussion *Philosophy and the Contemporary World* John Williamson Nevin, 2024-01-10 These essays by John Nevin theologian of Mercersburg Theology are united by two primary themes Part 1 documents Nevin s noteworthy and innovative application of idealist philosophy to Reformed theology in antebellum America American Christians largely rejected any inherited philosophical discipline or categories claiming the right to invent moral and religious reality without attention to Christian tradition The paradoxical result was authoritarian rationalism religious doctrines imitated scientific reasoning common sense philosophy but were imposed by ecclesiastical fiat In contrast Nevin summoned his fellow theologians to pay fresh attention to the Idea the rational unpacking of transcendent truths in being moral right and revelation Part 2 then documents his criticism of the predominant Christian alternatives in the mid nineteenth century Such alternatives were deeply flawed Nevin thought as they necessitated that supernatural reality be experienced through an external authority demanding assent and obedience the pope a body of bishops an authoritative Bible But for Nevin supernature is Jesus Christ himself who generates and sustains the reality of which the church speaks Thus the highest Idea was Jesus Christ now incarnate in the history and sacramental and liturgical life of the church The Lord's Supper in the Reformed Church in America Christopher Dorn, 2007 Historical background Liturgical and theological evaluation **A Companion to the Mercersburg Theology** William B. Evans, 2019-05-09 This volume tells the story of a mid nineteenth century theological movement emanating from the small German Reformed Seminary in Mercersburg Pennsylvania where John Williamson Nevin and Philip Schaff taught There they explored themes such as the centrality of the incarnation for theology the importance of the church as the body of Christ and the sphere of salvation liturgical and sacramental worship and the organic historical development of the church and its doctrines that continue to resonate today with many who seek a deeper and more historically informed expression of the Christian faith that is both evangelical and catholic **From Altar-Throne to Table** Joseph Dougherty, 2010-04-16 From Altar Throne to Table The Campaign for Frequent Holy Communion in the Catholic Church investigates what the

celebrated scholar of liturgy Robert A Taft SJ calls the greatest and most successful liturgical reform in Catholic history Only a century ago faithful practicing Catholics received Holy Communion only once a year now among American English speaking Catholics Holy Communion is a routine weekly devotional practice This book explains how and why this ritual sea change happened This book emphasizes that significant ritual change may occur while liturgical texts remain the same and it also proposes a method for understanding the causes for such a ritual change It admonishes not to project current ritual practice into even our recent past Further it implies an explanation for the massive decline in Catholics use of the sacrament of reconciliation

John Calvin's Impact on Church and Society, 1509-2009 Martin Ernst Hirzel, Martin Sallmann, 2009-04-03 A tribute to the monumental influence of John Calvin in the 500 years since his birth What legacies still enduring today have John Calvin and Calvinism given to the church and society in Europe and North America An international group of scholars tackles that question in this volume honoring Calvin s 500th birthday These chapters together provide a comprehensive and accessible introduction to Calvin s life and thought the history of the Reformation in Switzerland and worldwide and his continuing relevance for ecclesial social and political questions today Contributors Philip Benedict James D Bratt Emidio Campi Wulfert de Greef Christopher Elwood Eva Maria Faber Eric Fuchs Ulrich H J Krtner Christian Link Christian Moser Andrew Pettegree Christoph Strohm Mario Turchetti The essays in this book fit beautifully together to provide a solid complete work that gives precise insight into the many different facets of Calvin and Calvinism The high level research found here clearly shows the great impact that Calvin has had on both church and society It is a great pleasure to see Calvin here anew Eberhard Busch University of Gttingen That John Calvin made a deep and lasting impact on many aspects of history is common knowledge but the character of the man and the nature of his influence are perhaps as controversial as any that can be named It is thus a challenge to examine even a fraction of the many ways that Calvin s life and thought have contributed to the shaping of later ages in both church and society This volume offers essays on key points from an appropriately international group of authors appreciative but critical drawing on a rich range of recent scholarship presented in a pleasing and accessible form It is a fine place for the new reader of Calvin to get a glimpse of his impact while offering a fresh summary of some significant issues for more advanced students of the Reformer Elsie Anne McKee Princeton Theological Seminary Hirzel and Sallmann have succeeded in gathering essays by an illustrious circle of experts both historians and theologians on important areas of Calvin s thought and impact Ranging from an insignificant city at the edge of the Swiss Confederation in the 1530s to the Accra Confession of 2004 these essays will serve to correct popular misconceptions A fine introduction for a broader readership that wants more than mere armchair theology Peter Opitz University of Zurich
