REINVENTING THE UNITED NATIONS AMIT K. BANERJEE, MURARI R. SHARMA, 2007-10-05 Established after World War II the United Nations strives to save successive generations from the scourge of war This vital world body has undoubtedly succeeded in resolving many conflicts through its political and peacekeeping missions and nurtured peace through its development support though not always with the efficiency and effectiveness expected of it The world is vastly different today from the days when the United Nations was set up The challenges that the United Nations faces in the 21st century are much more complex and deadly than they were 60 years ago Reforming and reinventing the United Nations should therefore be a matter of great interest to the international community To tackle the challenges ahead the United Nations needs to re engineer its organizational arrangements reorient its processes revamp its decision making systems and reform its human resource and financial management to get the best results from them This book suggests measures for restructuring the Security Council rationalizing the constituent systems of the General Assembly the ECOSOC and the Secretariat and strengthening the peacekeeping corruption control and accountability mechanisms The book is a

collaborative endeavour involving contributions from international authority figures in areas such as peace and security development assistance resource management leadership and ethics The vision projected by them on the major issues inscribed on the United Nations agenda is meant to encourage fresh thinking on the part of opinion leaders diplomats academics experts in foreign affairs and UN staff so that this intergovernmental institution could be effectively geared to respond to the emerging challenges of the 21st century Reinventing the United Nations would be of interest to the public and particularly the postgraduate students of political science international law and international relations as well as diplomats public affairs professionals and social science scholars at various levels

United Nations Development Programme and System (UNDP) Stephen Browne, 2012-06-25 This volume provides a short and accessible introduction to the organization that serves as the primary coordinator of the work of the UN system throughout the developing world the United Nations Development Programme UNDP The book traces the origins and evolution of UNDP outlining how a central UN funding mechanism and field network developed into a more comprehensive development agency evaluates the UNDP's performance and results both in its role as system coordinator and as a development organization in its own right considers the return of the UNDP to a more central role within the UN development system in order to review the successive attempts at UN development system reform the reasons for failure and the future possibilities for a more effective system with the UNDP at the centre Offering a clear comprehensive overview and analysis of the organization this work will be of great interest to students and scholars of development studies international organizations and international relations
