Risk Blame:

Risk and Blame Mary Douglas, 2003 First published in 1992 this volume follows on from the programme for studying risk and blame that was implied in Purity and Danger The first half of the book Douglas argues that the study of risk needs a systematic framework of political and cultural comparison In the latter half she examines questions in cultural theory Through the eleven essays contained in Risk and Blame Douglas argues that the prominence of risk discourse will force upon the social sciences a programme of rethinking and consolidation that will include anthropological approaches **Risk and**

Blame Professor Mary Douglas, Mary Douglas, 2013-06-17 First published in 1992 this volume follows on from the programme for studying risk and blame that was implied in Purity and Danger The first half of the book Douglas argues that the study of risk needs a systematic framework of political and cultural comparison In the latter half she examines questions in cultural theory Through the eleven essays contained in Risk and Blame Douglas argues that the prominence of risk discourse will force upon the social sciences a programme of rethinking and consolidation that will include anthropological approaches Risk Layla Skinns, Michael Scott, Tony Cox, 2011-09-01 Recent events from the economic downturn to climate change mean that there has never been a better time to be thinking about and trying to better understand the concept of risk

In this book prominent and eminent speakers from fields as diverse as statistics to classics neuroscience to criminology politics to astronomy as well as speakers embedded in the media and in government have put their ideas down on paper in a series of essays that broaden our understanding of the meaning of risk The essays come from the prestigious Darwin College Lecture Series which after twenty five years is one of the most popular public lecture series at the University of Cambridge The risk lectures in 2010 were amongst the most popular yet and in essay form they make for a lively and engaging read for specialists and non specialists alike Self-Blame and Moral Responsibility Andreas Brekke Carlsson, 2022-05-12 New essays by leading moral philosophers on the nature and ethics of self blame and its connections to moral responsibility

The Risk Society and Beyond Barbara Adam, Ulrich Beck, Joost Van Loon, 2000-07-27 Risk society and beyond traces the evolution of Ulrich Beck's ideas as expressed in Risk Society 1992 and expands into previously unforeseen risk areas such as genetics and cyberspace Risk, Democratic Citizenship and Public Policy Albert Weale, 2002-11-07 The highly topical problems associated with public policy and risk are analysed in ten essays looking at the public understanding of risk the policy making process and recent case studies They will be of interest to general political scientists sociologists and specialists in public policy as well as those specifically working in the field of risk analysis **At Risk** Karen Swift, Marilyn Callahan, 2009-10-10 In At Risk Karen J Swift and Marilyn Callahan examine risk and risk assessment in the context of professional practice in child protection social work and other human services They argue that the tools technologies and practices used to measure risk to the individual have gone unquestioned and unstudied and that current methods of risk assessment may be distorting the principles of social justice Central to this study is an examination of the everyday

experiences of workers and parents engaged in risk assessment processes in Canadian child welfare investigations Going beyond theory Swift and Callahan highlight how risk evaluations play out in actual interactions with vulnerable people Pointing out that standardized risk assessment tools do not take factors such as class race gender and culture into account At Risk raises important questions about the viability of risk management plans that are not tailored to individual situations

Blamestorming, Blamemongers and Scapegoats Gavin Dingwall, Tim Hillier, 2016-07-20 This is the first detailed criminological account of the role of blame in which the authors present a novel study of the legal process of blame attribution set in the context of criminalisation as a social and political process It will also be of wider interest to anyone wishing to discover the role of blame in modern society **Risk, Reproduction, and Narratives of Experience** Lauren Fordyce, Aminata Maraësa, 2012 Vivid ethnographies of reproductive risk and responsibility that speak to the conflicts between pregnant women and mothers and statesanctioned biomedicine **Organizational Encounters with Risk** Bridget Hutter, Michael Power, 2005-12-01 Organizational encounters with risk range from errors and anomalies to outright disasters In a world of increasing interdependence and technological sophistication the problem of understanding and managing such risks has grown ever more complex Organizations and their participants must often reform and reorganise themselves in response to major events and crises dealing with the paradox of managing the potentially unmanageable Organizational responses are influenced by many factors such as the representational capacity of information systems and concerns with legal liability In this collection leading experts on risk management from a variety of disciplines address these complex features of organizational encounters with risk They raise critical questions about how risk can be understood and conceived by organizations and whether it can be managed in any realistic sense at all This book is an important reminder that the organisational management of risk involves much more than the cool application of statistical method
