Nick Bollettieri's Tennis Handbook-2nd Edition Bollettieri, Nick, 2015-09-30 Nick Bollettieri's Tennis Handbook Second Edition is the most comprehensive guide to learning and teaching tennis from the sport's most successful coach. Covering stroke techniques, strategies, skill development, conditioning, and mental training, this book allows you to train with a true master teacher and apply the system used in coaching 10 top ranked players in the world. **Tennis Fundamentals** Carol Matsuzaki, 2004 Explains the basic skills and techniques of tennis and includes over sixty activities and drills as well as instruction in singles and doubles match play. *Whening Tennis* Larry Huebner, 2004 Whening Tennis In Tennis as in Life Timing is Everything is an instructional book. It is unique in that it does not focus on the how to of playing the game as much as the when to for more tennis success. The author's primary focus on when decisions is an entirely new instructional approach for many aspects of the game. When a player learns to combine good when decisions with real effort to play the game to the best of their ability regardless of the final score, winning has been achieved. Thus Whening Tennis becomes winning tennis, the essence of the book. The subtitle In Tennis as in Life Timing is Everything emphasises the importance of when decisions and their crossover from tennis into life's experiences. What a fantastic job Larry Huebner has done with his great publication WHENING TENNIS. First one would be hard pressed to find anyone more qualified to write about tennis than Larry; no one is more respected in the tennis world by people who know the game. Second, how refreshing it is to have something other than just a How to book to help one understand and enjoy tennis more. Larry has done a fantastic job in selecting, simplifying, and organizing his topics. Everything Larry writes about is relevant to today's game. I enthusiastically recommend this book for players of all abilities as well as parents. ENJOY Dick Gould, Coach of 17 NCAA Men's Championships, Director of Tennis, Stanford University. Cervantes, 2015-11-13 What Tennis Pros Don't Teach encompasses a World of information threading Tennis and life at work. It talks about the forces of Tennis under all different scenarios. Winning Tennis with the Tactical Point Control System John Ruder,2019-01-18 Tennis is not a game for the faint of heart It is one of the few sports where a player must not only keep score but also act as both umpire and referee A tennis match has no time clock no halftime no timeouts no substitutions and can last anywhere from thirty minutes to four hours During that time players may run over five miles and hit well over a thousand shots In the end both the thrill of victory and the agony of defeat rest solely upon the players shoulders So what can a player do today to win more games than not John Ruder relies on thirty five years of coaching and teaching tennis to share a Tactical Point Control System that breaks the tennis point into four distinct phases teaches competitors how to play in each phase provides a checkpoint system that allows players to discover why they are winning or losing each point and shares guidance on how to develop a game plan that enables players to better compete against opponents of all levels Winning Tennis with the Tactical Point Control System shares a simple and effective game plan that allows tennis players to excel in the game and score points against their toughest opponents
