Corporate Bodies and Guilty Minds William S. Laufer, 2008-10-31 We live in an era defined by corporate greed and malfeasance one in which unprecedented accounting frauds and failures of compliance run rampant In order to calm investor fears revive perceptions of legitimacy in markets and demonstrate the resolve of state and federal regulators a host of reforms high profile investigations and symbolic prosecutions have been conducted in response But are they enough In this timely work William S Laufer argues that even with recent legal reforms corporate criminal law continues to be ineffective As evidence Laufer considers the failure of courts and legislatures to fashion liability rules that fairly attribute blame for organizations He analyzes the games that corporations play to deflect criminal responsibility And he also demonstrates how the exchange of cooperation for prosecutorial leniency and amnesty belies true law enforcement But none of these factors according to Laufer trumps the fact that there is no single constituency or interest group that strongly and consistently advocates the importance and priority of corporate criminal liability In the absence of a new standard of corporate liability the power of regulators to keep corporate abuses in check will remain insufficient A necessary corrective to our current climate of graft and greed *Corporate Bodies and Guilty Minds* will be essential to policymakers and legal minds alike This timely work offers a dispassionate analysis of problems relating to corporate crime *Harvard Law Review*
