Setting Domestic Priorities What Can Government Do:

Setting Domestic Priorities Henry J. Aaron, Charles L. Schultze, 2010-12-01 In recent years workers earnings have hardly grown violence and crime have plagued the inner cities homelessness and public begging have become commonplace and family life has greatly deteriorated With governments facing large deficits and slowly growing revenues and public distrust in the efficiency of government and elected officials at all time highs the authors ask What can government do for you This book brings together a prominent group of experts to answer this critical question Edited by Henry Aaron and Charles L Schultze two of the nation s most noted and experienced economists the book focuses on the crucial domestic and social issues confronting America today Seven vital areas are discussed by the following contributors Henry Aaron on health care Gordon L Berlin and William McAllister on homelessness Linda R Cohen and Roger G Noll on research and development John J DiIulio Jr on crime Frank Levy and Richard J Murnane on education and training Isabel V Sawhill on children and families and Clifford M Winston and Barry P Bosworth on infrastructure In each problem area the authors use the results of research and analysis to identify existing or proposed governmental interventions that are likely to work as well as some that are likely to fail and some that need to be reformed They then present a budget proposal that not only pays for suggested changes in domestic policy but brings the budget into virtual balance in ten years

American Public Policy: Promise and Performance, 9th Edition B. Guy Peters,2012-10-16 Voting and elections may often be cited as the most entertaining aspect of political theatre however it is the arena of public policy that has the most direct impact on the lives of the citizenry And as we have seen played out in recent debates over healthcare reform policy changes can be dramatic sweeping and often hotly contested Known for providing a trusted and comprehensive overview of the policy process B Guy Peters returns with the ninth edition of American Public Policy Promise and Performance Beyond walking students through the governmental structures and policy making procedures Peters efficiently covers a wide swath of policy areas and then concludes with a look at both cost benefit analysis and ethical analysis Framed in context of the aftermath of the financial crisis and Great Recession the ninth edition considers how policy has been impacted by persistent unemployment and growing income inequality In addition Peters discusses the strain on education budgets increased oversight of financial activities fiscal policies meant to stimulate the economy and the political challenge of balancing the budget in light of increased public spending

Knowledge Capitalism Nico Stehr,2022-06-01 In his newest book Stehr builds on his classic book Knowledge Societies 1994 to expand the concept toward one of knowledge capitalism for a now much changed era It is not only because of the onset of the Covid 19 pandemic that we are living in a new epoch it is the idea that modern societies increasingly constitute comprehensive knowledge societies under intensive capitalism whereby the legal encoding of knowledge through national and international law is the lever that enables the transformation of the knowledge society into knowledge capitalism The Trade Related Aspects of Intellectual Property Rights agreement negotiated between 1986 and 1994 as part of the World Trade Organization is the backbone of the modern society and marks a clear historical demarcation and although knowledge capitalism is primarily an economic development the digital giants who are in the driver s seat have significant effects on the social structure and culture of modern society

The Changing Hospital Industry David M. Cutler,2007-12-01 In recent years the hospital industry has been undergoing massive change and reorganization with technological innovations and the spread of managed care As a result the total number of hospitals countrywide has been declining and a growing number of not for profit hospitals have converted to for profit status These changes raise two fundamental questions What determines a hospital s choice of for profit or not for profit organizational form And how does

that form affect patients and society This timely volume provides a factual basis for discussing for profit versus not for profit ownership of hospitals and gives a first look at the evidence about new and important issues in the hospital industry The Changing Hospital Industry Comparing Not for Profit and For Profit Institutions will have significant implications for public policy reforms in this vital industry and will be of great interest to scholars in the fields of health economics public finance hospital organization and management and to health services researchers

Leviathan Transformed Theodore Caplow, 2002-01-16 The authors using these goals as a checklist found that each of the seven states performs well in some areas and badly in others They discovered that all states approached these goals in a style shaped by their own history and in particular by how they have been affected by the troubles of the twentieth century Their investigations offer a new informative way of looking at these nation states and detail the social and political conditions in each state Contributors include Theodore Caplow Salustiano Del Campo Royal Academy of Political and Social Science Madrid Nikolai Genov Bulgaria Academy of Sciences Karl Otto Hondrich Goethe University Simon Langlois Universit de Laval Alberto Martinelli University of Milan and Henri Mendras OFCE Paris

Aging Societies Barry P. Bosworth, Gary Burtless, 1998-05-01 By 2030 when most American baby boomers will have retired all the large industrial economies will see a massive increase in the old age population This book examines population aging and its implications for public retirement programs in the five largest industrial economies Britain France Germany Japan and the United States The authors report on national demographic trends examine the current living conditions of the aged population explain the structure of the retirement system and offer estimates of future budgetary costs of the public programs They also discuss national debates over the potential reform of public retirement systems While all five countries share the prospect of an older population variations in the size and timing of demographic change as well as important differences in the structure of public programs for the elderly suggest that population aging will have widely different implications in each country In Germany and Japan for example the population will not only grow older but may actually decline because of low birth rates The United States will experience less aging but its debate over reform treats seriously the possibility of privatizing public retirement commitments
