Kimmel, 2012-02-01 Here one of the world's pioneers in the field of masculinity studies explores the construction of male sexuality pornography and sexual violence Michael S Kimmel analyzes what male sexuality is where it comes from how it works what affects it pornography's impact on it what fantasies men have about sex what people think about sex and how male ideas about sex affect what men actually do Provocative and wide ranging these essays make important contributions to sociology queer theory American studies history and studies of gender sexuality and gay and lesbian issues **Handbook of Gender and Sexuality in Psychological Assessment** Virginia Brabender, Joni L Mihura, 2016-02-05 Handbook of Gender and Sexuality in Psychological Assessment brings together two interrelated realms psychological assessment with gender and sexuality This handbook aids in expanding the psychological assessors knowledge and skill when considering how gender and sexuality shapes the client's and the assessor's experiences Throughout the six sections gender and sexuality are discussed in their relation to different psychological methods of assessment various psychological disorders special considerations for children adolescents and older adults important training and ethical considerations as well as several in depth case discussions **The Sexual Century** Ethel Spector Person, 1999-01-01 Over the course of the past century sexual liberation has transformed the way in which most of us regard our bodies and live our sexual lives Now a preeminent psychoanalytic theoretician on sex and gender discusses what has gone into this unquiet revolution the roles played by sexologists and psychoanalysts antibiotics and birth control the liberation movements and Freud's insight that sex has as much to do with the mind as with the genitals In this collection of new and previously published papers Ethel Person writes of the centrality of sexuality to our identity She describes the role of fantasy in desire its different expression in the sexes and the way in which desire is inevitably intertwined with power Her classic papers on transvestism transsexualism and cross dressing homosexuals written with Lionel Ovesey help us to understand how gender and sex develop in all of us The public acceptance of the transsexual says Person is emblematic of the profound scientific and intellectual shifts that have taken place in the past hundred years The way that sex and gender develop and are experienced and expressed is the result not only of nature and nurture but also of the cultural zeitgeist its unspoken values and biases

Gender and Difference in Ancient Israel Peggy Lynne Day, 1989-01-01 Freed from contemporary theological categories that have been informed by ideological and psychological issues but ever mindful of the social location of gender analysis these essays provide fresh and exciting looks at otherwise unfamiliar texts They jar our minds and our biases This book is a valuable contribution to gender oriented biblical scholarship Its content is accessible to both the scholarly and the less technically trained reader All will be well served by this important collection of essays Naomi Steinberg DePaul

University This book is a credit to the quality and breadth of feminine biblical scholarship and presents some creative interpretations of the texts and a wealth of Ancient Near Eastern material J Massynghaerde Ford University of Notre Dame

The Gendered Society Michael S. Kimmel, 2017 The sixth edition of *The Gendered Society* explores current thinking about gender both inside academia and in our everyday lives Michael Kimmel challenges the claim that gender is limited to women's experiences his compelling and balanced study of gender includes both masculine and feminine perspectives Kimmel makes three bold and persuasive statements about gender First he demonstrates that gender differences are often extremely exaggerated in fact he argues that men and women have much more in common than we think they do Kimmel also challenges the pop psychologists who suggest that gender difference is the cause of inequality between the sexes instead he reveals that the reverse is true gender inequality itself is the cause of the differences between men and women Finally he illustrates that gender is not merely an element of individual identity but a socially constructed institutional phenomenon

Marcus, 2022-10-21 This text examines human sexuality through psychoanalytic theory and modern ego psychology which looks at emotional meaning and its organization in symbolic representations of affect as organized by the ego It starts with an exploration of how symbolic representations are applied to the sensory experience of the body in human sexuality both in reality and in fantasy Next the author delves into the phenomenon of romance as an important self state in human growth and development The book concludes with an examination of fetishes and fetish enactments followed by a discussion of relevant treatments With its original and fulsome insights into the workings of human sexuality this book will prove vital for psychoanalysts and psychotherapists in training and in practice as well as all those seeking to understand human sexual experiences in greater depth The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

The Sexual Politics of Jean-Jacques Rousseau Joel Schwartz, 1985-10-15 Joel Schwartz presents the first systematic treatment of Rousseau's understanding of the political importance of women sexuality and the family Using both Rousseau's lesser known literary works and such major writings as *Emile* *Julie* and *The Second Discourse* he offers an original and provocative presentation of Rousseau's argument To read Rousseau Schwartz believes is to enter into a profound discourse about the meaning of sexual equality and the opportunities pitfalls costs and benefits that sexual relationships bestow and impose on us all His own thoughtful reading of Rousseau opens up fresh perspectives on political philosophy and the history of sexual masculine and feminine psychology

Power, Intimacy, and the Life Story Dan P. McAdams, 1988-01-01 Who am I And how do I fit into the world These are the questions individuals ask themselves to make sense of their lives *Power Intimacy and the Life Story* addresses the human quest for identity The author reinterprets some of the classic writings in psychology as he shows how each of us constructs a life story in order to meet the identity challenge and create a sense of unity and purpose in our lives Written for the social scientist
