Shadow Philosophy: Plato's Cave and Cinema Nathan

Andersen, 2014-04-16 Shadow Philosophy Plato's Cave and Cinema is an accessible and exciting new contribution to film philosophy which shows that to take film seriously is also to engage with the fundamental questions of philosophy Nathan Andersen brings Stanley Kubrick's film A Clockwork Orange into philosophical conversation with Plato's Republic comparing their contributions to themes such as the nature of experience and meaning the character of justice the contrast between appearance and reality the importance of art and the impact of images At the heart of the book is a novel account of the analogy between Plato's allegory of the cave and cinema developed in conjunction with a provocative interpretation of the most powerful image from A Clockwork Orange in which the lead character is strapped to a chair and forced to watch violent films Key features of the book include a comprehensive bibliography of suggested readings on Plato on film on philosophy and on the philosophy of film a list of suggested films that can be explored following the approach in this book including brief descriptions of each film and suggestions regarding its philosophical implications a summary of Plato's Republic book by book highlighting both dramatic context and subject matter Offering a close reading of the controversial classic film A Clockwork Orange and an introductory account of the central themes of the philosophical classic The Republic this book will be of interest to both scholars and students of philosophy and film as well as to readers of Plato and fans of Stanley Kubrick

The Columbia Granger's Dictionary of Poetry Quotations Edith P. Hazen, 1992 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers' belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect one's problem solving capacity Intoxicating Minds is in the author's words a grand excavation of drug myth Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain's neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations Finally Intoxicating Minds considers the physical consequences of our co-evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies

Poems of Charles Alan Long Charles Alan

Long,2017-05-16 This book is a compilation of poems written by inspiration by Professor Emeritus Charles Alan Long that reflect a long career of scholarship with many historical and lyrical expressions hidden by layers of research and teaching A chronology of sorts it begins in Dr Long s youth in college over sixty years ago and continued until he was 80 as a teacher professor of research museum director soldier with success in bio mathematics natural history as a philosopher critic and member of a progressive family Some current practical problems studied from the vantage of evolutionist ecologist biblical critic naturalist and offended American include the sudden rise of marijuana political rhetoric usury beyond decency and by liberals and conservatives alike the erosion of personal liberty especially of speech and universities But the poems from laments to loves to joy to pathos and death poverty to wealth nature art music and poetry itself are presented in almost musical sadness or joy The history of an intellectual s scholarly travels whereas some poems are for children some for society some attacking evils some praising good people with merit even in deference to religions many nations and his beloved homeland The poems are in large part visits into nostalgia and sentiment Cultures of many peoples in many nations are described as are many situations in America There is of course an American core but surely this poet loves good peoples and

the history of Greece France Scotland Africa Russia and other places Loves genuine for many women inspired many lovely poems a lot of romance But profound in its argument is love for the poor and unhappy people love for art nature philosophy even sports science and math even religions It becomes unified by reason his active caring and his bursts of singing Much attention is given to geography history science and nature *Virgil's Cinematic Art* Kirk Freudenburg,2022-12-27 Through a series of close readings centered primarily on Virgil's Aeneid Kirk Freudenburg shows that the experiential effects that Virgil puts into play do serious narrative work of their own by structuring lines of sight both visual and emotive and shifting them about in ways that move readers interpellated as viewers into and out of the visual and emotional worlds of the story's characters Shooting the Messenger Paul Moorcraft,2011-10-31 Wars have dominated politics since history began In the modern era most of what the media reports on foreign conflicts comes from a small band of war correspondents As the furor over the Iraq Afghan and now the Libyan wars demonstrates Western governments and militaries often collude to keep their voters in the dark about the causes and the conduct of wars waged in their name In this entertaining and unspun account of modern war reporting the authors ask whether the media itself drives democracies to war Or does it serve to constrain evil ignorant and messianic leaders Are the heirs of William Howard Russell the first modern war reporter watchdogs or lapdogs In the age of Wikileaks and corrupt media empires what is the political impact of war correspondents Are they the heroes or harlots of their profession *Shooting the Messenger* Paul L. Moorcraft,Philip M. Taylor,2008 As the literature on military media relations grows it is informed by antagonism either from journalists who report on wars or from ex soldiers in their memoirs Academics who attempt more judicious accounts rarely have any professional military or media experience A working knowledge of the operational constraints of both professions underscores *Shooting the Messenger* A veteran war correspondent and think tank director Paul L Moorcraft has served in the British Ministry of Defence while historian by training Philip M Taylor is a professor of international communications who has lectured widely to the U S military and at NATO institutions Some of the topics they examine in this wide ranging history of military media relations are the interface between soldiers and civilian reporters covering conflicts the sometimes grey area between reporters' right or need to know and the operational security constraints imposed by the military the military's manipulation of journalists who accept it as a trade off for safer battlefield access the resultant gap between images of war and their reality the evolving nature of media technology and the difficulties and opportunities this poses to the military journalistic performance in reporting conflict as an observer or a participant Moorcraft and Taylor provide a bridge over which each side can pass and a path to mutual understanding **Harbingers of Books to Come** Dave Oliphant,2009-09 The first major autobiography by a Texas poet this noteworthy account traces the life and times of a poet publisher critic and teacher from his childhood to the present day This remarkable life is examined through the works it produced 25 books in the fields of poetry fiction translation jazz history and book reviewing Proving that the literary and intellectual life in Texas far surpasses the state's stereotypes this record

shows how the poet was instrumental in connecting Texas with many Latin American writers as well as with a wide world of music

Long Shot Odyssey Walter Bruno, 2014-11-26 A lyrical meander through an extinguished love affair Candid while oblique this suite of cantos leads to startling visions and conclusions Anchored by its cinematic metaphor this is the record of an onlooker who is himself nothing but memory

A Grammar of Cinemopoiesis Silvia Carlorosi, 2015-09-17 Cinemopoiesis or cinema of poetry strikes us as a strange combination a phrase we initially read as an oxymoron Poetry is often associated with the abstract and the evocative while cinema suggests the concrete and the visible Yet various visual media use strong and often contradictory images whose symbolic force and visual impact stimulate the public s attention Abstract and emblematic images surround us and the poetic nature of these images lies in the way they speak beyond their apparent limits and stimulate connections on a subjective level A prosaic world like the contemporary one though no longer seems to hold a place for poetry We are inundated by the need to tell and to be told the need to build our lives through narratives But it is precisely here in this contemporary landscape that the cinema of poetry attempts to establish a space for itself exchanging the productive and industrial apparatus for the poetic stimulus of a sensory experience

A Grammar of Cinepoiesis is a theoretical and practical guide to the cinema of poetry to its tools and forms It examines how the language of a cinema of poetry works both in its theoretical foundations and in its modes of representation and how it takes shape in the exemplary practice of Italian authors such as Pier Paolo Pasolini Michelangelo Antonioni Federico Fellini and the more recent Franco Piavoli and Matteo Garrone *Poets & Writers* ,1998 **Complete Poems of C. P. Cavafy** C.P. Cavafy,2012-05-22 An extraordinary literary event Daniel Mendelsohn s acclaimed two volume translation of the complete poems of C P Cavafy including the first English translation of the poet s final Unfinished Poems now published in one handsome edition and featuring the fullest literary commentaries available in English by the renowned critic scholar and international best selling author of The Lost No modern poet so vividly brought to life the history and culture of Mediterranean antiquity no writer dared break with such taut energy the early twentieth century taboos surrounding homoerotic desire no poet before or since has so gracefully melded elegy and irony as the Alexandrian Greek poet Constantine Cavafy 1863 1933 Whether advising Odysseus on his return to Ithaca or confronting the poet with the ghosts of his youth these verses brilliantly make the historical personal and vice versa To his profound exploration of longing and loneliness fate and loss memory and identity Cavafy brings the historian s assessing eye along with the poet s compassionate heart After more than a decade of work and study Mendelsohn a classicist who alone among Cavafy s translators shares the poet s deep intimacy with the ancient world gives readers full access to the genius of Cavafy s verse the sensuous rhymes rich assonances and strong rhythms of the original Greek that have eluded previous translators Complete with the Unfinished Poems that Cavafy left in drafts when he died a remarkable hitherto unknown discovery that remained in the Cavafy Archive in Athens for decades and with an in depth introduction and a helpful commentary that situates each work in a rich historical literary and biographical context this revelatory translation is a cause for celebration the definitive presentation of Cavafy in English [The Illustrated History of American Military Commissaries](#) Peter D. Skirbunt,2008 Presents a comprehensive history spanning the 233 years of the four major services sales commissaries *The Illustrated History of American Military Commissaries: The Defense Commissary Agency and its predecessors, 1775-1988* Peter D. Skirbunt,2008 Presents a comprehensive history spanning the 233 years of the four major services sales commissaries **A Blue Hand** Deb Baker,2008-04-10 In this engrossing new piece of Beat history Pulitzer Prize finalist Deborah Baker takes us back to the moment when America s edgiest writers looked to India for answers as India looked to the West It was 1961 when Allen Ginsberg left New York by boat for Bombay where he hoped to meet poets Gary Snyder and Joanne Kyger Baker follows Ginsberg and his companions as they travel from ashram to opium den Exposing an overlooked chapter of the literary past A Blue Hand will delight all those who continue to cherish the frenzied creativity of the Beats
