Film and Ethics Lisa Downing, Libby Saxton, 2009-09-10 Film Ethics considers a

range of films and texts of film criticism alongside disparate philosophical discourses of ethics by Levinas Derrida Foucault Lacanian psychoanalysts and postmodern theorists *Zizek* Kelsey Wood,2012-03-19 A comprehensive overview of Slavoj Zizek s thought including all of his published works to date Provides a solid basis in the work of an engaging thinker and teacher whose ideas will continue to inform philosophical psychological political and cultural discourses well into the future Identifies the major currents in Zizek s thought discussing all of his works and providing a background in continental philosophy and psychoanalytic theory necessary to its understanding Explores Zizek s growing popularity through his engagement in current events politics and cultural studies Pertains to a variety of fields including contemporary philosophy psychology cultural studies sociology political science esthetics literary theory film theory and theology **The Four**

Lacanian Discourses Jeanne Lorraine Schroeder,2008-08-18 This book proposes a taxonomy of jurisprudence and legal practice based on the discourse theory of Jacques Lacan In the anglophone academy the positivist jurisprudence of H L A Hart provides the most influential account of law But just as positivism ignores the practice of law by lawyers even within the academy the majority of professors are also not pursuing Hart s positivist project Rather they are engaged in policy oriented scholarship that tries to explain law in terms of society s collective goals or in doctrinal legal scholarship that does not try to describe what law is or to supply justifications for it but which examines the internal logic of law Lacan s discourse theory has the power to differentiate the various roles of the practicing lawyer and the legal scholar It is also able to explain the striking lack of communication between diverse schools of legal scholarship and between legal academia and the legal profession Although extremely influential in Europe and South America Lacanian theory remains largely unexplored in the English speaking world outside of the field of comparative literature In taking up the jurisprudential ramifications of Lacan s work *The Four Lacanian Discourses* thus constitutes an original contribution to current theoretical and practical understandings of law *Holocaust Mothers and Daughters* Federica K. Clementi,2013-12-03 In this brave and original work Federica Clementi focuses on the mother daughter bond as depicted in six works by women who experienced the Holocaust sometimes with their mothers sometimes not The daughters memoirs which record the all too human qualities of those who were persecuted and murdered by the Nazis show that the Holocaust cannot be used to neatly segregate lives into the categories of before and after Clementi s discussions of differences in social status along with the persistence of antisemitism and patriarchal structures support this point strongly demonstrating the tenacity of trauma individual familial and collective among Jews in twentieth century Europe **Contemporary Art and Classical Myth** Jennie

Hirsh,2017-07-05 Contemporary art is deeply engaged with the subject of classical myth Yet within the literature on contemporary art little has been said about this provocative relationship Composed of fourteen original essays *Contemporary Art and Classical Myth* addresses this scholarly gap exploring and in large part establishing the multifaceted intersection of contemporary art and classical myth Moving beyond the notion of art as illustration the essays assembled here adopt a range

of methodological frameworks from iconography to deconstruction and do so across an impressive range of artists and objects Francis Al s Ghada Amer Wim Delvoye Luciano Fabro Joanna Frueh Felix Gonzales Torres Duane Hanson Yayoi Kusama Roy Lichtenstein Kara Walker and an iconic photograph by Richard Drew subsequently entitled *The Falling Man* Arranged so as to highlight both thematic and structural affinities these essays manifest various aspects of the link between contemporary art and classical myth while offering novel insights into the artists and myths under consideration Some essays concentrate on single works as they relate to specific myths while others take a broader approach calling on myth as a means of grappling with dominant trends in contemporary art

The Kingdom of Insignificance Joanna Nizynska,2013-03-31 In one of the first scholarly book in English on Miron Bia oszewski 1922 1983 Joanna Ni y ska illuminates the elusive prose of one of the most compelling and challenging postwar Polish writers Ni y ska s study exemplary in its use of theoretical concepts introduces English language readers to a preeminent voice of Polish literature Ni y ska explores how a fusion of seemingly irreconcilable qualities such as the traumatic and the everyday imbues Bia oszewski s writing with its idiosyncratic appeal Bia oszewski s *A Memoir of the Warsaw Uprising* 1977 revised 1991 describes the Poles heroic struggle to liberate Warsaw from Nazi occupation in 1944 as harrowing yet ordinary His later prose represents everyday life permeated by traces of the traumatic Ni y ska closely examines the topic of autobiography and homosexuality showing how Bia oszewski discloses his homosexuality but paradoxically renders it inconspicuous by hiding it in plain sight

twenty first century or is he a venerated but outmoded genius In this BIT Jerry Aline Flieger stages an encounter between psychoanalysis and the new century considering the psyche in cyberspace Is Oedipus Online? Jerry Aline Flieger, 2005-05-06 Psychoanalysis as a navigation device for the cultural maze of the twenty first century Can Freud be updated in the twenty first century or is he a venerated but outmoded genius asks Jerry Aline Flieger In Is Oedipus Online Flieger stages an encounter between psychoanalysis and the new century testing the viability of Freud's theories in light of the emergent realities of our time Responding to prominent critics of psychoanalysis and approaching our current preoccupations from a Freudian angle she presents a reading of Freudian theory that coincides with and even clarifies new concepts in science and culture Fractals emergence topological modeling and other nonlinearities for example can be understood in light of both Freud's idea of the symptom as a nodal point and Lacan's concept of networks rather than sequential cause and effect that link psychic realities At the same time Flieger suggests how emerging paradigms in science and culture may elucidate Freud's cultural theory Like Slavoj Žižek editor of the Short Circuits series Flieger shifts effortlessly from field to field discussing psychoanalysis millennial culture nonlinear science and the landscape of cyberspace In the first half of the book Re-siting Oedipus she draws on the work of Lyotard Žižek Deleuze Virilio Baudrillard Haraway and others to refute the assumption of Freud's outdatedness in the new century Then in Freud Sitings in Millennial Theory she recasts oedipal theory siting sighting citing Freud in a twenty first century context Thinking of Oedipus decipherer of enigmas wanderer as a navigator or search engine allows us to see psychoanalysis as a navigation device for the cultural maze of the bimillennial era and Oedipus himself as a circuit of intersubjective processes by which we become human For humanity still needed in the posthuman century is at the core of Freud's theory Reading Freud today Flieger writes reminds us of the complications of the Sphinx's riddle the enigma that Oedipus only thought he solved the question of what it is to be human Psychoanalysis continues to pose that question at the crossroads between instincts and their vicissitudes

Insistence of the Material Christopher Breu, 2014-09-15 Insistence of the Material engages with recent theories of materiality and biopolitics to provide a radical reinterpretation of experimental fiction in the second half of the twentieth century In contrast to readings that emphasize the metafictional qualities of these works Christopher Breu examines this literature's focus on the material conditions of everyday life from the body to built environments and from ecosystems to economic production In Insistence of the Material Breu rethinks contemporary understandings of biopolitics affirming the importance of forms of materiality that refuse full socialization and resist symbolic manipulation Breu considers a range of novels that reflect questions of materiality in a biopolitical era including William Burroughs's Naked Lunch Thomas Pynchon's V J G Ballard's Crash Dodie Bellamy's The Letters of Mina Harker and Leslie Marmon Silko's Almanac of the Dead Drawing from accounts of the emergence of immaterial production and biopolitics by Michel Foucault Giorgio Agamben Roberto Esposito and Michael Hardt and Antonio Negri Breu reveals the confrontational dimensions of materiality itself in a world

devoted to the idea of its easy malleability and transcendence Taking his analysis beyond the boundaries of literature Breu argues that both materiality and subjectivity form sites of resistance to biopolitical control and that new developments in materialist theory advance a conception of social existence in which materiality rather than language or culture is the central term

Gothic Stories Within Stories Clayton Carlyle Tarr, 2017-04-21 Frame narratives stories within stories are featured in nearly every canonical Gothic novel Sometimes dismissed as a shopworn convention of the genre frame narratives in fact function as a dynamic basis for imaginative variation and are vital to evaluating the diverse Gothic tradition The juxtaposition between the everyday frame world of the story and the disturbing embedded narrative allows the monstrous to escape textual confines forcing the reader to experience the reassurance of the ordinary alongside the horror of the uncanny
