Meredith Blackburn,1999 A title subject author and first line index to poetry in collections for children and young people with a list of books and a directory of publishers **Literature for**

**Today's Young Adults** Kenneth L. Donelson,Alleen Pace Nilsen,1997 With 140 fewer pages than the fourth edition the fifth obviously has been tightened it s partly in the format with narrower margins and less white space Otherwise some text has been rephrased or rearranged and topics for example adolescent psychology given shorter shrift Coverage of Holocaust literature has been expanded and discussion of problem novels improved Sports books have been dumped in with humor

movies and other stuff including humorous poetry which it seems the authors feel is the only kind teens read for pleasure other types of poetry as well as short stories and drama are relegated to the English classroom coverage of which has been enlarged The chapter on sf and fantasy is good on historical aspects but weak on today's writers A short list of Internet listserves and Web sites has been incorporated as part of using YA literature in the library Once again updating of appendixes seems spotty Nevertheless this is useful as a resource for youth librarians and a tool for teaching YA literature

Sally Estes     *The Horn Book Guide to Children's and Young Adult Books*, 1992     *100 Most Popular Children's Authors*

Sharron L. McElmeel, 1999-05-15 A guide based on a 1997 survey of popular children's book authors provides biographical sketches and selected bibliographies for such writers as Beverly Cleary Lois Lawry Lewis Carroll Mary Downing Hahn and C S Lewis     *Adult Learners Welcome Here* Marguerite Crowley Weibel, 2007 Designed to help librarians connect new adult readers with books and to acquaint literacy teachers with materials generally available in their public library This book outlines the library's role in fostering adult literacy and shows how popular library materials can be used by librarians and teachers in new and innovative ways

**Theory of the Lyric** Jonathan Culler, 2015-06-08 What sort of thing is a lyric poem An intense expression of subjective experience The fictive speech of a specifiable persona Theory of the Lyric reveals the limitations of these two conceptions of the lyric the older Romantic model and the modern conception that has come to dominate the study of poetry both of which neglect what is most striking and compelling in the lyric and falsify the long and rich tradition of the lyric in the West Jonathan Culler explores alternative conceptions offered by this tradition such as public discourse made authoritative by its rhythmical structures and he constructs a more capacious model of the lyric that will help readers appreciate its range of possibilities Theory of the Lyric brings Culler's own earlier more scattered interventions together with an eclectic selection from others work in service to what he identifies as a dominant need of the critical and pedagogical present turning readers attention to lyric poems as verbal events not fictions of impersonated speech His fine nuanced readings of particular poems and kinds of poems are crucial to his arguments His observations on the workings of aspects of lyric across multiple different structures are the real strength of the book It is a work of practical criticism that opens speculative vistas for poetics but always returns to poems Elizabeth Helsinger Critical Theory
