**The Retrospect of Medicine** ,1867      *The Retrospect of Practical Medicine and Surgery* ,1853      **The Retrospect of Practical Medicine and Surgery** William Braithwaite,James Braithwaite,Edmond Fauriel Trevelyan,1844      **Retrospect of Practical Medicine and Surgery** ,1865      *Looking Back* Anna Fischer,2013-05 Anna Fischer grew up in Stalinist Ukraine during World War II She recalls the gut wrenching struggles of starvation and the deportation of thousands of her fellow German Russian villagers In 1951 she immigrated with her family to Alberta Canada      **Look Back, She's No Longer There** Chun LeiPao,2020-04-13 From the time he had saved her when she was young she had regarded him as everything To become the best sword in his hands to pacify these mountains and rivers for him He had overturned the world ascended the throne and given her the promise of a lifetime As for her she had been gifted to the vassal lord and would never again be reunited with him Years later he suddenly missed the woman who had fought for him in the world and made him more tea Looking at each other from afar she was already a mother When she saw him again in order to protect her husband s life she committed suicide in front of him and fell off the platform In this golden age there was no longer a smile on her face At that moment he had gone mad      **On Looking Back** Elizabeth Dumpleton,2014-03-28 By the law of averages I should not be around for the writing of this book nor the subsequent ones but it has to be said that in this life against all the odds there are the survivors which is obviously the category into which I fall On Looking Back is the first in a series of books that reveal the compelling life story of Elizabeth Dumpleton Each chapter takes the reader on a journey beginning with Elizabeth s younger years where she fondly recounts her friendships and adventures living with her five older brothers and their single mother in the East End She then experiences the early death of her mother and is forced to endure a life fraught with unhappiness and danger as she is ripped from her brothers with a sudden evacuation to the country during the war Elizabeth lays bare her emotions recalling each memory honestly and unashamedly One moment the reader could be chuckling along with an amusing anecdote before sinking into sadness as she battles the twists and turns of a war torn life Full of compassion On Looking Back is an emotional read from start to finish Fans of biographies and memoirs will find this book difficult to put down once they pick it up      Proceedings of the American Veterinary Medical Association American Veterinary Medical Association,1899      Theological Bioethics Lisa Sowle Cahill,2005-11-16 The field of bioethics was deeply influenced by religious thinkers as it emerged in the 1960s and early 1970s Since that time however a seemingly neutral political liberalism has pervaded the public sphere resulting in a deep suspicion of those bringing religious values to bear on questions of bioethics and public policy As a theological ethicist and progressive Catholic Lisa Sowle Cahill does not want to cede the religious perspective to fundamentalists and the pro life movement nor does she want to submit to the gospel of a political liberalism that champions individual autonomy as holy writ In Theological Bioethics Cahill calls for progressive religious thinkers and believers to join in the effort to reclaim the best of their traditions through jointly engaging political forces at

both community and national levels In Cahill's eyes just access to health care must be the number one priority for this type of participatory bioethics She describes a new understanding of theological bioethics that must go beyond decrying injustice beyond opposing social practices that commercialize human beings beyond painting a vision of a more egalitarian future Such a participatory bioethics she argues must also take account of and take part in a global social network of mobilization for change it must seek out those in solidarity those involved in a common calling to create a more just social political and economic system During the past two decades Cahill has made profound contributions to theological ethics and bioethics This is a magisterial and programmatic statement that will alter how the religiously inclined understand their role in the great bioethics debates of today and tomorrow that yearn for clear thinking and prophetic wisdom Teaching Tomorrow's Medicine Today Barbara Niss, 2005-02 Contents Preface and Acknowledgments PART I 1 The History of the School 2 The Curriculum 3 The Graduate School of Biological Sciences PART II 4 The Basic Sciences 5 The Centers and Institutes 6 The Department of Community and Preventive Medicine 7 The Department of Human Genetics 8 The Department of Health Policy 9 Graduate and Postgraduate Education Part III 10 The Faculty Practice Plan 11 The Mount Sinai Alumni 12 Student Voices In Their Own Words Appendixes A Saul Horowitz Jr Memorial Award Recipients B Honorary Degree Recipients C The Mount Sinai Leadership D The Mount Sinai Boards of Trustees 2003 Notes Index About the Authors
