My Mothers Daughter:

My Mother's Daughter Judith Henry Wall, 2014-01-04 A deeply involving and beautifully written novel of a Texas family and three generations of its women a story about mothers daughters sisters and the bonds of trust that can bind or destroy a family Justine and Martha Claire Mayfield were born shortly after World War I and grew to womanhood as both sisters and inseparable friends yet each harbored very different dreams for her future Martha Claire envisions the American dream a husband a house and most of all a baby She marries Grayson Stewart son of the town's most successful businessman He is everything Martha Claire could ever have hoped for in a man handsome affectionate and considerate However more than a husband more than anything in the world Martha Claire wants a child Everything in her life has been dedicated to preparing herself for motherhood Without it she feels she can never be complete Justine has a very different plan for herself and despite the similarity of the sisters upbringing she and Martha Claire are very different people Chafing at the narrow confines of her lazy Texas town Justine joins the Women's Army Corps when World War II begins She envisions a glamorous adventure filled life on her own as a photographer So it is with no little irony that when the war ends Martha Claire is to be found back home feathering a still empty nest while Justine returns from Europe suffering both the physical and mental distress of finding herself pregnant and unwed It is from this starting point that Judith Henry Wall's poignant and affecting novel follows these women as they set about living lives of compromise for Martha Claire the agony of being barren for Justine the frustration of loving her daughter Iris yet longing for the freedom to live life on her own terms With much of the story seen through the eyes of Cissy the daughter Martha Claire makes her own through adoption and whose own story becomes an integral part of the novel **My Mother's Daughter** takes the reader on a journey into a world of seeming comfort and happiness that masks the darkness and frustrations and deadening discontent of unfulfilled dreams and ultimately to the worst kind of betrayal one sister can inflict upon another Through the epic events and tumultuous changes of the second half of the twentieth century and through the little tragedies that mark daily lives the reader comes to know intimately and care deeply for these women and to understand the world they lived in and the forces that shaped them **My Mother's Daughter** is masterful memorable storytelling of the highest order

Miller-Day, 2004-09-22 This volume examines communication processes within the grandmother mother daughter relationship emphasizing an intergenerational perspective Using observations of and extensive interviews with six sets of middle income Caucasian female family members this book offers a heuristic account of intergenerational mother daughter relational communication Author Michelle Miller Day integrates and juxtaposes alternative experiences of social interaction situating readers in the world of grandmothers mothers adult daughters and granddaughters as they

experience describe and analyze their family communication Miller Day incorporates aged mothers and younger mid life mothers and their adult daughters into the research to illustrate how this type of maternal relationship is experienced at different points in a woman s life With the inclusion of three generations of women Miller Day offers multigenerational perspectives on family and examines them for patterns of maternal interaction providing symbolic links across generational boundaries Communication Among Grandmothers Mothers and Adult Daughters enables readers to understand more completely the richly textured nature of maternal relationships It will be an invaluable resource for scholars and researchers in the areas of communication and relationships including family communication intergenerational communication women s studies family studies interpersonal communication and relationships as well as social workers psychologists and counselors who strive to understand family communication processes and their dynamics across generational lines The Mother / Daughter Plot Marianne Hirsch,1989-10-22 Mothers and daughters the female figures neglected by classic psychoanalysis and submerged in traditional narrative are at the center of this book The novels of nineteenth and twentieth century women writers from the Western European and North American traditions reveal that the story of motherhood remains the unspeakable plot of Western culture Focusing on the feminine and more controversially on the maternal this book alters our perception of both the familial structures basic to traditional narrative the Oedipus story and the narrative structures basic to traditional representations of the family Freud s family romance Confronting psychoanalytic theories of subject formation with narrative theories Marianne Hirsch traces the emergence and transformation of female family romance patterns from Jane Austen to Marguerite Duras Black White and Jewish Rebecca Walker,2005-07-05 The Civil Rights movement brought author Alice Walker and lawyer Mel Leventhal together and in 1969 their daughter Rebecca was born Some saw this unusual copper colored girl as an outrage or an oddity others viewed her as a symbol of harmony a triumph of love over hate But after her parents divorced leaving her a lonely only child ferrying between two worlds that only seemed to grow further apart Rebecca was no longer sure what she represented In this book Rebecca Leventhal Walker attempts to define herself as a soul instead of a symbol and offers a new look at the challenge of personal identity in a story at once strikingly unique and truly universal The Ile of Gvls John Day,1606 Embedded Generations Liu Jieyu,2025-11-25 An interconnected nuanced and nonlinear view of Chinese family life since 1949 With Embedded Generations Liu Jieyu offers a comprehensive examination of Chinese family life since the Chinese Communist Revolution of 1949 Grounding her account in the analysis of 260 life history narratives and rich ethnographic data Liu traces the changing ways families have navigated such experiential milestones as childhood courtship and marriage sex and intimacy and aging over the past seven decades Using generation the urban rural divide and gender as her analytical lenses she provides an alternative narrative of Chinese family life countering the dominant Eurocentric accounts of modernization and family change Liu proposes the concept of embedded generations to capture the ongoing relational and socioeconomic shaping of family life taking account of variation within and across

generations and of both intergenerational transmission and individual adaptations to changing conditions of everyday life. Resisting the notion that social and family changes are linear historical progressions, Liu reveals a family portrait of complex change, continuity, and diversity. Rather than a straightforward transition from the traditional to the modern and postmodern, she argues changes in Chinese family life have entailed the adaptation and re-serving of traditional ideas and practices to produce a bricolage of modern and traditional elements.

Ma Lineal Faith S. Holsaert, 2024-04-23. An inspiring memoir about love, race, identity, and contested narratives told with unflinching mettle. Through her childhood spent in 1940s New York, being raised by two mothers, her work with the Student Nonviolent Coordinating Committee during the Civil Rights Movement, and raising her own children in the coalfields of West Virginia, Faith S. Holsaert has been defined by the intertwined forces of race, activism, and family. As a young woman on the front line of the Civil Rights Movement, she learned the power of contested narratives and came to understand her whiteness, her queer identity, and her stakes in overturning racism. Later in life, she confronted sexual abuse and mental illness across three generations of women in her family to find that these painful histories have played a significant role in the development of her identity as a woman activist and mother. Through a lifetime laid bare in prose and poetry, Holsaert beautifully quilts memoir, social history, and historic events into a gripping and inspirational narrative. This powerful and structurally innovative work lends new categories of meaning to those who would strive to find their place, hope, and sense of belonging in efforts to fight against systemic racism and lead lives characterized by openness and love.

Family and Society in American History Joseph M. Hawes, Elizabeth I. Nybakken, 2001. The internal dynamics of families have altered dramatically as the family has gradually shifted from a unit of economic production to a collection of individuals in pursuit of different goals. Taking examples from the eighteenth through the twentieth centuries, this eclectic reader illuminates changes in the American family and presents some of the methods and approaches used to study families. Linking family patterns with changing social circumstances, *Family and Society in American History* considers husband-wife and parent-child relationships in light of language usage, gender roles, legal structures, and other contexts. For example, new legal attitudes toward divorce emerged as marriage came to be seen as a site for individual satisfaction. Marital fertility declined as American society modernized, and pregnancy and childbirth came to be seen as medical rather than family issues. Schools and other institutions of the state absorbed functions formerly performed by the family, and women's economic contributions to the family disappeared from view as the social values of the early republic divided the male work from the female home sphere. In the twentieth century, a new domestic role for men, *Mr. Do It Yourself*, developed in the wake of suburbanization. In addition to identifying trends within the dominant culture, contributors consider the experiences of ethnic and immigrant families, reassessing generational conflict in Italian Harlem, comparing the attitudes of male and female Mexican migrant workers in Kansas, and showing how Chinese immigrant women targeted for rescue by Presbyterian mission workers took advantage of the gap between Chinese and American culture to increase their

leverage in family and marital relationships A diverse compendium of family life Family and Society in American History provides an intriguing commentary on the permeability of social structures and interpersonal behavior **The Rover, or, the Banish't Cavaliers.
