Myth America:

Myth America Kevin M. Kruse, Julian E. Zelizer, 2023-01-03 In this instant New York Times bestseller America's top historians set the record straight on the most pernicious myths about our nation's past The United States is in the grip of a crisis of bad history Distortions of the past promoted in the conservative media have led large numbers of Americans to believe in fictions over facts making constructive dialogue impossible and imperiling our democracy In *Myth America* Kevin M Kruse and Julian E Zelizer have assembled an all star team of fellow historians to push back against this misinformation The contributors debunk narratives that portray the New Deal and Great Society as failures immigrants as hostile invaders and feminists as anti family warriors among numerous other partisan lies Based on a firm foundation of historical scholarship their findings revitalize our understanding of American history Replacing myths with research and reality *Myth America* is essential reading amid today's heated debates about our nation's past With Essays By Akhil Reed Amar Kathleen Belew Carol Anderson Kevin Kruse Erika Lee Daniel Immerwahr Elizabeth Hinton Naomi Oreskes Erik M Conway Ari Kelman Geraldo Cadava David A Bell Joshua Zeitz Sarah Churchwell Michael Kazin Karen L Cox Eric Rauchway Glenda Gilmore Natalia Mehlman Petrzela Lawrence B Glickman Julian E Zelizer

Myth America Kevin M. Kruse, Julian E. Zelizer, 2022-10-18 America's top historians set the record straight on the most pernicious myths about our nation's past The United States is in the grip of a crisis of bad history Distortions of the past promoted in the conservative media have led large numbers of Americans to believe in fictions over facts making constructive dialogue impossible and imperiling our democracy In *Myth America* Kevin M Kruse and Julian E Zelizer have assembled an all star team of fellow historians to push back against this misinformation The contributors debunk narratives that portray the New Deal and Great Society as failures immigrants as hostile invaders and feminists as anti family warriors among numerous other partisan lies Based on a firm foundation of historical scholarship their findings revitalize our understanding of American history Replacing myths with research and reality *Myth America* is essential reading amid today's heated debates about our nation's past

Myth America Patrick Gerster, Nicholas J. Cords, 2006-07-21 The idea for *Myth America* grew out of our own teaching experiences In continuously dealing with students who for the most part were beginning their collegiate study of American history we found that a thematic approach to the nation's past was stimulating The theme of myth as threads within the diverse tapestry of cultural experience proved to be especially engaging The selected historical myths discussed and analyzed in *Myth America* can best be understood as a series of false beliefs about America's past They are false beliefs however that have been accepted as true and acted upon as real and in that acting they have acquired truth Therefore myths remain both true and false simultaneously In fact the making of myths is a process by which a culture structures its world and perpetuates its grandest dreams While offering a strong foundation of classic historical writing and interpretation *Myth America* includes numerous fresh selections on women's history southerners and American regionalism popular culture African American

stereotyping urban America controversial leaders such as Booker T Washington progressivism in relation to both conservation and ethnicity the nature and legacy of the Great War World War II and Vietnam President Kennedy and Reagan mythic dynamics of the Cold War Asian Americans and multiculturalism We have been guided in our final selections by a desire to offer articles that voice our mythic theme in a scholarly and provocative way articles that offer students readability and current interest without sacrificing the demands of thorough historical scholarship We occasionally refer to historiography for historians function as the culture's preeminent storytellers and so maintain their seemingly contradictory roles of mythmakers and myth debunkers

The Myth America Pageant Robert Wickes, 2006-10 An often amusing look at often confusing national issues and at the grand game of politics blending history common sense and controversy in a thought provoking convention challenging analysis for ordinary Americans

Myth America Patrick Gerster, Nicholas J. Cords, 2005-07-22 No main blurb

The Myths That Made America Heike Paul, 2014-08-15 This essential introduction to American studies examines the core foundational myths upon which the nation is based and which still determine discussions of US American identities today These myths include the myth of discovery the Pocahontas myth the myth of the Promised Land the myth of the Founding Fathers the melting pot myth the myth of the West and the myth of the self made man The chapters provide extended analyses of each of these myths using examples from popular culture literature memorial culture school books and every day life Including visual material as well as study questions this book will be of interest to any student of American studies and will foster an understanding of the United States of America as an imagined community by analyzing the foundational role of myths in the process of nation building

Myths America Lives By Richard T. Hughes, 2018-09-05 Six myths lie at the heart of the American experience Taken as aspirational four of those myths remind us of our noblest ideals challenging us to realize our nation's promise while galvanizing the sense of hope and unity we need to reach our goals Misused these myths allow for illusions of innocence that fly in the face of white supremacy the primal American myth that stands at the heart of all the others

Truth Party: America's Plan John Coffey, 2011-11-07

Religious Myths and Visions of America Christopher Buck, 2009-04-30 At the heart of American studies is the idea of America itself Here Buck looks at the religious significance of America by examining those religions that have attached some kind of spiritual meaning to America The author explores how American Protestantism and nine minority faiths have projected America into the mainstream of world history by defining and by redefining America's world role Surveying the religious myths and visions of America of ten religions Buck shows how minority faiths have redefined America's sense of national purpose This book invites serious reflection on what it means to be an American particularly from a religious perspective Religious myths of America are thought orienting narratives that serve as vehicles of spiritual and social truths about the United States itself Religious visions of America are action oriented agendas that articulate the goals to which America should aspire and the role it should play in the community of nations Buck examines the distinctive perspectives held by ten religious traditions

that inform and expand on the notion of America and its place in the world He covers Native American Protestant Catholic Jewish Mormon Christian Identity Black Muslim Islamic Buddhist and Baha i beliefs and invites serious reflection on what it means to be an American particularly from a religious perspective America's Free Market Myths Joseph Shaanan,2017-05-26 This book describes and refutes thirteen ideas involving free market principles and the US economic system arguing that these mostly familiar ideas are myths The myths are deeply ingrained in the United States self image and in political discourse and are hailed as indisputable scientifically grounded truths Unfortunately an economy dominated by giant corporations bears little resemblance to a free market So why is so much effort and expense devoted to disseminating these stories The answer is simple The different myths generate the recommendation that the system s rewards should flow upward to corporations and a small group of wealthy and politically influential people The myths help entrench existing economic and political power while distancing America from a more productive and widely beneficial form of capitalism Myths, Models, and U.S. Foreign Policy Stephen W. Twing,1998 In what ways does national culture influence the direction of US foreign policy This study analyzes how certain cultural elements influenced the policy preferences and policymaking behaviours of three Cold War era statesmen John Foster Dulles Averell Harriman and Robert McNamara Myths We Live by Colin Grant,1998 Colin Grant challenges the popular use of myth as a dismissive designation of the superstitions and falsehoods of other cultures The author maintains that myths occupy a place in our present day lives that is every bit as important to us as the divinities and heroes of classical antiquity were to the ancients The myths themselves are in a constant state of flux and transformation They ebb and flow both within the context of wider culture and individual experience Published in English Christian Nation? T. Adams Upchurch,2010-05-26 This fascinating study examines America s complex and confusing history of arguing with itself over religion and secularism God and politics church and state Hundreds of books are devoted to the ever timely subject of the separation of church and state in America but none does exactly what *Christian Nation The United States in Popular Perception and Historical Reality* does Unlike other studies this intriguing examination asks the right questions defines the terms of the debate explores the widely diverging points of view with equal respect for all sides and provides insightful commentary and factual conclusions that cut through the clutter The book begins with several questions Is the United States a Christian Nation Has it ever been Was it ever meant to be What did the Founding Fathers say How has this issue been interpreted by various individuals and factions over the centuries The author then surveys the vast literature on this topic including the U S Constitution and Declaration of Independence and the competing and or complimentary views of various Founding Fathers to arrive at the answers and at long last the truth 23 Myths about the History of American Schools Sherman Dorn,David A. Gamson,2024 In this fascinating collection some of the foremost historians of education including Barbara Beatty Larry Cuban Linda Eisenmann Yoon K Pak John L Rury and Jonathan Zimmerman debunk commonly held myths about American schooling Each short

readable chapter focuses on one myth explaining what the real history is and how it helped shape education today Contributors take on a host of tall tales including the supposed agrarian origins of summer vacation exaggerated stories of declining student behavior and academic performance persistent claims that some people are born to be teachers idealistic notions that the 1954 Brown decision ended segregation in American schools misleading beliefs that classrooms operate in ways designed to fit the industrial era and more 23 Myths About the History of American Schools will awaken the inner history nerd of everyone who ever asked How did we get this irrational school system It will affirm the truth that its readers are as entitled to think critically about schooling as anyone else Book Features Examines how the history of American education has been distorted and misrepresented either intentionally or unintentionally Provides important stories that can help guide discussion about the future of education Anticipates what local and state politicians are likely to say and misstate about schooling Provides engaging chapters that highlight why real history is important and more fascinating than the myths Accessible to a wide range of readers from undergraduates to career educators **Hard Okra and the Seed Pod Trees** Anthony Watkins,2017-06-12 A collection of ModPo influenced poetry from 2013 through 2017 *The Mythology of America's Seasonal Holidays* Arthur George,2020-07-30 Every year we celebrate a cycle of seasonal holidays The ancient Greeks called this cycle The Dance of the Horae after the mythical divinities who represented the seasons What myths sit at the foundation of our own holiday celebrations This interdisciplinary book explores the myths and symbols that underlie our major seasonal holidays and give them their meaning Arthur George also shows how America s own mythmaking has shaped some holidays This mythological approach reveals how and why holidays arose in the first place how and why they have changed over the centuries why they have remained important and finally how we can celebrate them today in a more meaningful manner that can enrich our lives and better our society George devotes particular attention to the depth psychological aspects of holidays and their corresponding myths as well as to the insights of modern biblical scholarship for key holidays such as Easter and Christmas **America's God and Country** William J. Federer,William Joseph Federer,1994 An Invaluable resource highlighting america s noble heritage profound quotes from founding fathers presidents statesmen scientists constitutions court decisions for use in speeches papers debates essays **Evil Arabs in American Popular Film** Tim Jon Semmerling,2009-06-23 2006 Runner up Arab American National Museum Book Awards The evil Arab has become a stock character in American popular films playing the villain opposite American good guys who fight for the American way It s not surprising that this stereotype has entered American popular culture given the real world conflicts between the United States and Middle Eastern countries particularly since the oil embargo of the 1970s and continuing through the Iranian hostage crisis the first and second Gulf Wars and the ongoing struggle against al Qaeda But when one compares the evil Arab of popular culture to real Arab people the stereotype falls apart In this thought provoking book Tim Jon Semmerling further dismantles the evil Arab stereotype by showing how American cultural fears which stem from challenges to our national

ideologies and myths have driven us to create the evil Arab Other Semmerling bases his argument on close readings of six films *The Exorcist* *Rollover* *Black Sunday* *Three Kings* *Rules of Engagement* and *South Park Bigger Longer Uncut* as well as CNN's 9/11 documentary *America Remembers* Looking at their narrative structures and visual tropes he analyzes how the films portray Arabs as threatening to subvert American truths and mythic tales and how the insecurity this engenders causes Americans to project evil character and intentions on Arab peoples landscapes and cultures Semmerling also demonstrates how the evil Arab narrative has even crept into the documentary coverage of 9/11 Overall Semmerling's probing analysis of America's Orientalist fears exposes how the evil Arab of American popular film is actually an illusion that reveals more about Americans than Arabs

The Great Depression in America William H. Young, Nancy K. Young, 2007-03-30 Everything from Amos n Andy to zeppelins is included in this expansive two volume encyclopedia of popular culture during the Great Depression era Two hundred entries explore the entertainments amusements and people of the United States during the difficult years of the 1930s In spite of or perhaps because of such dire financial conditions the worlds of art fashion film literature radio music sports and theater pushed forward Conditions of the times were often mirrored in the popular culture with songs such as *Brother Can You Spare a Dime* breadlines and soup kitchens homelessness and prohibition and repeal Icons of the era such as Fred Astaire and Ginger Rogers Louis Armstrong Bing Crosby F Scott Fitzgerald George and Ira Gershwin Jean Harlow Billie Holiday the Marx Brothers Roy Rogers Frank Sinatra and Shirley Temple entertained many *Dracula* *Gone With the Wind* *It Happened One Night* and *Superman* distracted others from their daily worries Fads and games chain letters jigsaw puzzles marathon dancing miniature golf *Monopoly* amused some while musicians often sang the blues Nancy and William Young have written a work ideal for college and high school students as well as general readers looking for an overview of the popular culture of the 1930s Art deco big bands Bonnie and Clyde the Chicago's World Fair Walt Disney Duke Ellington five and dimes the Grand Ole Opry the jitter bug Lindbergh kidnapping Little Orphan Annie the Olympics operettas quiz shows *Seabiscuit* vaudeville westerns and *Your Hit Parade* are just a sampling of the vast range of entries in this work Reference features include an introductory essay providing an historical and cultural overview of the period bibliography and index

Uncle John's Fourth Bathroom Reader Bathroom Readers' Institute, 1991-10-15 With nearly half a million of previous volumes sold the evidence is overflowing Americans know where to go for the best in bathroom reading *Uncle John* is clearly the lavatory librarian of choice Features TV quotes fun facts oddball tales and insightful articles about the world around us
