Nietzsche And The Problem Of Sovereignty

Robert B. Pippin

Nietzsche And The Problem Of Sovereignty:

Nietzsche and the Problem of Sovereignty Richard John White, 1997 From *The Birth of Tragedy* on Nietzsche worked to comprehend the nature of the individual Richard White shows how Nietzsche was inspired and guided by the question of personal sovereignty and how through his writings sought to provoke the very sovereignty he described White argues that Nietzsche is a philosopher our contemporary age must therefore come to understand if we are ever to secure a genuinely meaningful direction for the future Profoundly relevant to our era Nietzsche's philosophy addresses a version of individuality that allows us to move beyond the self dispossession of mass society and the alternative of selfish individualism to fully understand how one becomes what one is **Nietzsche and the Problem of Sovereignty** Richard John White, 1997 From *The Birth of Tragedy* on Nietzsche worked to comprehend the nature of the individual Richard White shows how Nietzsche was inspired and guided by the question of personal sovereignty and how through his writings he sought to provoke the very sovereignty he described White argues that Nietzsche is a philosopher our contemporary age must therefore come to understand if we are ever to secure a genuinely meaningful direction for the future Profoundly relevant to our era Nietzsche's philosophy addresses a version of individuality that allows us to move beyond the self dispossession of mass society and the alternative of selfish individualism to fully understand how one becomes what one is A volume in the International Nietzsche Studies series edited by Richard Schacht **Nietzsche and Politicized Identities** Rebecca Bamford, Allison Merrick, 2024-04-01 Contemporary political struggles often find their origins in conflicts based on race religion and region gender and sexuality or class Given the need for conceptual resources to meet such challenges this volume of essays explores the extent to which Friedrich Nietzsche's philosophy can be of use to us in these struggles In *Nietzsche and Politicized Identities* emerging and leading Nietzsche scholars offer fresh insights into various central questions How do our politicized identities form and develop their legitimacy What sorts of functions do such identities serve What political ideals does Nietzsche advocate What conceptual tools for reanimating liberatory political projects does Nietzsche promote How might we organize politically to affirm life and acknowledge the tragic as we avoid the pull of nihilism The essays within this volume engage these questions and offer fresh at times surprising answers **misReading Nietzsche** M. Saverio Clemente, Bryan J. Cocchiara, 2018-06-11 Perhaps more than any philosophy written in the past few centuries the work of Friedrich Nietzsche has given rise to controversy misunderstanding and dissent Today Nietzsche is remembered as the revolutionary author of such polemical ideas as the death of God the revaluation of values the will to untruth and the *Übermensch* Yet is Nietzsche's philosophy as atheistic relativistic nihilistic and immoral as some commentators have claimed Or ought we perhaps to give more credence to Nietzsche's own assertion that one writes books precisely to conceal what one harbors BGE 9 289 If whatever is profound loves masks BGE 2 40 then might Nietzsche's more daring claims be interpreted as clever masks behind which he conceals a deeper philosophy and on which he reveals a hidden truth Is it not possible that the standard

readings of Nietzsche are in fact misreadings that his work invites misreading that it is intentionally unclear deceptive disguised The goal of this volume is to reread Nietzsche for all that he shows and all that he hides It is to dig deeper into his work in order to challenge misreadings of old and invite misreadings anew as indeed his work itself calls for and demands

Nietzsche and the Problem of Subjectivity João Constâncio, Maria João Mayer Branco, Bartholomew Ryan, 2015-10-16 Nietzsche's critique of the modern subject is often presented as a radical break with modern philosophy and associated with the so called death of the subject in 20th century philosophy But Nietzsche claimed to be a psychologist who was trying to open up the path for new versions and sophistications of the soul hypothesis Although there is no doubt that Nietzsche gave expression to a fundamental crisis of the modern conception of subjectivity both from a theoretical and from a practical existential perspective it is open to debate whether he wanted to abandon the very idea of subjectivity or only to pose the problem of subjectivity in new terms The volume includes 26 articles by top Nietzsche scholars The chapters in Part I Tradition and Context deal with the relationship between Nietzsche's views on subjectivity and modern philosophy as well as with the late 19th century context in which his thought emerged Part II The Crisis of the Subject examines the impact of Nietzsche's critique of the subject on 20th century philosophy from Freud to Heidegger to Dennett but also in such authors as Deleuze Foucault Derrida or Luhmann Part III Current Debates From Embodiment and Consciousness to Agency shows that the way in which Nietzsche engaged with such themes as the self agency consciousness embodiment and self knowledge makes his thought highly relevant for philosophy today especially for philosophy of mind and ethics Nietzsche's On the Genealogy of Morals Christa Davis Acampora, 2006-09-08 In this astonishingly rich volume experts in ethics epistemology philosophy of mind political theory aesthetics history critical theory and hermeneutics bring to light the best philosophical scholarship on what is arguably Nietzsche's most rewarding but most challengin *Nietzsche's 'On the Genealogy of Morality'* Lawrence J. Hatab, 2008-10-02 Nietzsche's *On the Genealogy of Morality* 1887 is a forceful perplexing important book radical in its own time and profoundly influential ever since This introductory textbook offers a comprehensive close reading of the entire work with a section by section analysis that also aims to show how the *Genealogy* holds together as an integrated whole The *Genealogy* is helpfully situated within Nietzsche's wider philosophy and occasional interludes examine supplementary topics that further enhance the reader's understanding of the text Two chapters examine how the *Genealogy* relates to standard questions in moral and political philosophy Written in a clear accessible style this book will appeal to students at every level coming to read the *Genealogy* for the first time and a wider range of readers will also benefit from nuanced interpretations of controversial elements in Nietzsche's work **Introductions to Nietzsche** Robert B. Pippin, 2012-02-09 A comprehensive and unusual introduction to Nietzsche providing a separate introductory essay for each of his major works Nietzsche's Life Sentence Lawrence Hatab, 2013-05-13 In this book Lawrence Hatab provides an accessible and provocative exploration of one of the best known and still most puzzling aspects of Nietzsche's thought eternal

recurrence the claim that life endlessly repeats itself identically in every detail Hatab argues that eternal recurrence can and should be read literally in just the way Nietzsche described it in the texts The book offers a readable treatment of most of the core topics in Nietzsche's philosophy all discussed in the light of the consummating effect of eternal recurrence Although Nietzsche called eternal recurrence his most fundamental idea most interpreters have found it problematic or needful of redescription in other terms For this reason Hatab's book is an important and challenging contribution to Nietzsche scholarship

Nietzsche's Therapeutic Teaching Horst Hutter, Eli Friedland, 2013-09-21 The theme of the philosopher as therapist dominates Nietzsche's entire opus from his earliest writings to the Zarathustra period and beyond Nietzsche wishes to hasten the coming and future sanctification of a new type of synthetic human being and his entire teaching is shaped by his own struggles against illness Yet few Nietzsche scholars have paid this crucial therapeutic element of his thought sufficient attention This collection of essays by leading scholars in the field is composed around the Nietzschean insight which has its roots in the Hippocratic tradition of ancient medicine that beliefs behaviours ideals and patterns of striving are not things for which individuals or even cultures are responsible Rather they are symptoms of what an individual or culture is which symptoms require diagnostic interpretation and evaluation The book identifies three principal approaches in Nietzsche's philosophy diagnostic prognostic and therapeutic Each essay takes up this essential insight into Nietzsche's therapeutic philosophy from a different perspective and collectively they reveal an array of insightful approaches to self induced enhancement for both individuals and cultures
