Night Is Young:

The Night is Young Héctor Carrillo, 2002 The Night Is Young takes us past the stereotypes of macho hombres and dark eyed se oritas to reveal the complex nature of sexuality in modern day Mexico Drawing on field research conducted in Guadalajara Mexico s second largest city H ctor Carrillo shows how modernization globalization and other social changes have affected a wide range of hetero and homosexual practices and identities Carrillo finds that young Mexicans today grapple in a variety of ways with two competing tendencies On the one hand many seek to challenge traditional ideas and values they find limiting But they also want to maintain a sense of Mexico s cultural distinctiveness especially in relation to the United States For example while Mexicans are well aware of the dangers of unprotected sex they may also prize the surrender to sexual passion even in casual sexual encounters an attitude which stems from the strong values placed on collective life spontaneity and an openness toward intimacy Because these expectations contrast sharply with messages about individuality planning and overt negotiation commonly promoted in global public health efforts Carrillo argues that they demand a new approach to AIDS prevention education in Mexico A Mexican native Carrillo has written an exceptionally insightful and accessible study of the relations among sexuality social change and AIDS prevention in Mexico Anyone concerned with the changing place of sexuality in a modern and increasingly globalized world will profit greatly from The Night Is Young

The Complete Lyrics of Oscar Hammerstein II Oscar Hammerstein II, 2008-11-25 From every beautiful mornin to some enchanted evening the songs of Oscar Hammerstein II are part of our daily lives his words part of our national fabric Born into a theatrical dynasty headed by his grandfather and namesake Oscar Hammerstein II

breathed new life into the moribund art form of operetta by writing lyrics and libretti for such classics as *Rose Marie* music by Rudolf Friml *The Desert Song* Sigmund Romberg *The New Moon* Romberg and *Song of the Flame* George Gershwin Hammerstein and Jerome Kern wrote eight musicals together including *Sweet Adeline* *Music in the Air* and their masterpiece *Show Boat* The vibrant *Carmen Jones* was Hammerstein's all black adaptation of the tragic opera by Georges Bizet In 1943 Hammerstein pioneer in the field of operetta joined forces with Richard Rodgers who had for the previous twenty five years taken great strides in the field of musical comedy with his longtime writing partner Lorenz Hart The first Rodgers and Hammerstein work *Oklahoma* merged the two styles into a completely new genre the musical play and simultaneously launched the most successful partnership in American musical theater Over the next seventeen years Rodgers and Hammerstein wrote eight more Broadway musicals *Carousel* *Allegro* *South Pacific* *The King and I* *Me and Juliet* *Pipe Dream* *Flower Drum Song* and *The Sound of Music* They also wrote a movie musical *State Fair* and one for television *Cinderella* Collectively their works have earned dozens of awards including Pulitzers Tonys Oscars Grammys and Emmys Throughout his career Hammerstein created works of lyrical beauty and universal feeling and he continually strove sometimes against fashion to seek out the good and beautiful in the world I know the world is filled with troubles and many injustices he once said But reality is as beautiful as it is ugly I just couldn't write anything without hope in it All of his lyrics are here 850 more than a quarter published for the first time in this sixth book in the indispensable Complete Lyrics series that has also brought us the lyrics of Cole Porter Lorenz Hart Ira Gershwin Irving Berlin and Frank Loesser From the young scribe's earliest attempts to the old master's final lyric *Edelweiss* we can see read and yes sing the words of a theatrical and lyrical genius

Latina/o Sexualities Marysol Asencio, 2010 Latina/os are currently the largest minority population in the United States They are also one of the fastest growing Yet we have very limited research and understanding of their sexualities Instead stereotypical images flourish even though scholars have challenged the validity and narrowness of these images and the lack of attention to the larger social context Gathering the latest empirical work in the social and behavioral sciences this reader offers us a critical lens through which to understand these images and the social context framing Latina/os and their sexualities Situated at the juncture of Latina/o studies and sexualities studies *Latina/o Sexualities* provides a single resource that addresses the current state of knowledge from a multidisciplinary perspective Contributors synthesize and critique the literature and carve a separate space where issues of Latina/o sexualities can be explored given the limitations of prevalent research models This work compels the current wave in sexuality studies to be more inclusive of ethnic minorities and sets an agenda that policy makers and researchers will find invaluable *Young Romance* Jack Kirby, Joe Simon, 2012-01-30 In the late 1940s Joe Simon and Jack Kirby creators of *Captain America* set the comics world on fire with the creation of a new genre that resulted in some of the best selling American comic books of all time the romance comics The stories they created were exciting innovative and beautifully drawn and remain a high point in both artists careers even as Kirby went on to

become the unrivaled King of Comics and co creator along with Stan Lee of many of the most iconic characters in American history

Flexible Design John B. Pierce,1998-05-20 Using the idea of a flexible design John Pierce examines the ways in which Blake s mythology and his poem possess a flexibility that allows for significant change to characters symbols and poetic techniques within a previously constructed framework Pierce traces how in the process of revision Blake experimented with characterization increased the importance of Christian symbolism and developed a mode of narrative presentation controlled less by chronological sequence than by the use of thematic juxtaposition and typology

Handbook of Inaesthetics Alain Badiou,2004-10-28 Didacticism romanticism and classicism are the possible schemata for the knotting of art and philosophy the third term in this knot being the education of subjects youth in particular What characterizes the century that has just come to a close is that while it underwent the saturation of these three schemata it failed to introduce a new one Today this predicament tends to produce a kind of unknotting of terms a desperate dis relation between art and philosophy together with the pure and simple collapse of what circulated between them the theme of education Whence the thesis of which this book is nothing but a series of variations faced with such a situation of saturation and closure we must attempt to propose a new schema a fourth type of knot between philosophy and art Among these inaesthetic variations the reader will encounter a sustained debate with contemporary philosophical uses of the poem bold articulations of the specificity and prospects of theater cinema and dance along with subtle and provocative readings of Fernando Pessoa St phane Mallarm and Samuel Beckett
