Department of the Army,1980 *Vision in Vehicles IV* I.D. Brown,C.M. Haslegrave,H.W. Krusysse,S.P. Taylor,1993 This
volume contains contributions illuminating much of the current research occurring in the area of visual perception It
encompasses all aspects of vision and its relationship to vehicle design including both the internal and external design of the
vehicle as well as the perceptual and cognitive limitations of the vehicle controller Issues specifically related to the vision of
the driver are initially addressed and the problems of vehicle glazing and light transmission are considered The major topics
of visual perception and vehicle control are covered in three related chapters encompassing collision avoidance vehicle
signalling systems and the acquisition of visual information Moving on to the external environment and its relationship to
vision traffic signs are discussed Approaches to the measurement and modelling of driver behaviour are dealt with and the
area of telerobotic control of vehicles is considered In vehicle displays are covered in two related chapters addressing issues
of visual workload and effects of display type It is hoped that the book contributed to by experts from a diverse range of
disciplines including optometrists psychologists physiologists human factors specialists and engineers will stimulate the
progression of research in this area as effectively as the preceding volumes did *FAR/AIM 2018: Up-to-Date FAA*
