Notion Of Ditthi In Theravada Buddhism:

The Notion of Diṭṭhi in Theravāda Buddhism Paul Fuller, 2005 The notion of view or opinion ditthi as an obstacle to seeing things as they are is a central concept in Buddhist thought This book considers the two ways in which the notion of views are usually understood Are we to understand right view as a correction of wrong views the opposition understanding or is the aim of the Buddhist path the overcoming of all views even right view the no views understanding The author argues that neither approach is correct Instead he suggests that the early texts do not understand right view as a correction of wrong view but as a detached order of seeing completely different from the attitude of holding to any view wrong or right Arguing that by the term right view we should understand an order of seeing which transcends all views this book makes a valuable addition to the study of Buddhist philosophy

Toleration in Comparative Perspective Vicki A. Spencer, 2017-10-24 Toleration in Comparative Perspective is a collection of essays that explores conceptions of toleration and tolerance in Asia and the West It tests the common assumption in Western political discourse and contemporary political theory that toleration is a uniquely Western virtue Toleration in modern Western philosophy is understood as principled noninterference in the practices and beliefs of others that one disapproves of or at least dislikes Although toleration might be seen today as a quintessential liberal value precedents to this modern concept also existed in medieval times while Indigenous American stories about welcome challenge the very possibility of noninterference The modern Western philosophical concept of toleration is not always easily translated into other philosophical traditions but this book opens a dialogue between various traditions of thought to explore precisely the ways in which overlap and distinctions exist What emerges is the existence of a family of resemblances in approaches to religious and cultural diversity from a program of pragmatic noninterference in the Ottoman Empire to deeper notions of acceptance and inclusiveness amongst the Newar People in the Kathmandu Valley The development of an Islamic ethic of tolerance the Daoist idea of all inclusiveness and Confucian ideas of broad mindedness respect and coexistence to the idea of the one in the many in Hindu thought are examined along with sources for intolerance tolerance and toleration in Pali Buddhism early modern Japan and contemporary India

Indian and Western Philosophical Concepts in Religion Pankaj Jain, Jeffery D. Long, 2022-12-19 Philosophical concepts are influential in the theories and methods to study the world religions Even though the disciplines of anthropology and religious studies now encompass communities and cultures across the world the theories and methods used to study world religions and cultures continue to be rooted in Western philosophies For instance one of the most widely used textbooks used in introductory courses on religious studies

introduces major theoreticians such as Edward Burnett Tylor James Frazer Sigmund Freud Emile Durkheim Karl Marx Max Weber Mircea Eliade William James E E Evans Pritchard and Clifford Geertz Their theories are based on Western philosophy In contrast in Indic philosophical systems such as Buddhism Hinduism and Jainism one of the common views on reality is that the world both within one self and outside is a flow with nothing permanent both the observer and the observed undergoing constant transformation This volume is based on such innovative ideas coming from different Indic philosophies and how they can enrich the theory and methods in religious studies The Biographies of Rechungpa Peter Alan Roberts,2007-03-12 This book traces the lifestory of Rechungpa 1084 1161 the student of the famous teacher Milarepa using rare and little known manuscripts and discovers how the image of both Milarepa and Rechungpa underwent fundamental transformations over a period of over three centuries Peter Alan Roberts compares significant episodes in the life of Rechungpa as portrayed in a succession of texts and thus demonstrates the evolution of Rechungpa s biography This is the first survey of the surviving literature which includes a detailed analysis of their dates authorship and interrelationships It shows how Rechungpa was increasingly portrayed as a rebellious volatile and difficult pupil as a lineage from a fellow pupil prospered to become dominant in Tibet Written in a style that makes it accessible to broad readership Roberts book will be of great value to anyone with an interest in the fields of Tibetan literature history or religion
