The Novels of Muriel Spark Muriel Spark, 1995 **Muriel Spark's Postmodernism** [REDACTED], 2012-02 [Muriel Spark, Existentialism and The Art of Death](#) Craig Cairns Craig, 2019-02-20 Contextualises Muriel Spark's writings in the tradition of Christian existentialism and its insistence on being towards death This book proposes that Christian existentialism and in particular the work of Søren Kierkegaard helped shape Spark's religious commitments and her artistic innovations Because of the prominence after the Second World War of the atheistic existentialism of Jean Paul Sartre it is often forgotten that existentialism was originally a Christian philosophy shaped by followers of Kierkegaard such as Karl Jaspers and Gabriel Marcel Craig traces in Spark's writings both the influence of Kierkegaard and of Spark's resistance to Sartre's co-option of existentialism to an atheistic agenda Kierkegaard's analysis of the nature of the aesthetic as a false mode of existence that has to be transcended by the ethical and then by the religious provides a fundamental structure for Spark's satirical analyses of the failings of the modern world Key Features Provides detailed analyses of a substantial proportion of Spark's novels Explains the philosophies of Kierkegaard and Sartre designed for readers without specialist philosophical knowledge Reads major Spark works such as *The Ballad of Peckham Rye* *The Prime of Miss Jean Brodie* *Hothouse* by the East River Symposium *The Only Problem* Analyses the ways in which Spark situates her plots within the major historical conflicts and social transformations of the twentieth century **Mary Shelley's Early Novels** Jane Blumberg, 2016-07-27 *Mary Shelley's Early Novels* seeks to redress the commonly held view that Mary Shelley was simply another mouthpiece for her husband Percy Bysshe Shelley Her most challenging and ambitious novels *Frankenstein* *Valperga* and *The Last Man* are examined in the light of her intellectual relationship with Percy Shelley We see the way in which these novels reflect her gradual rejection of his radical tenets in an assertion of her own intellectual and ideological independence *Electric Spark* Frances Wilson, 2025-09-23 The award winning biographer Frances Wilson presents an exhilarating new look at Muriel Spark a consummate artist of the twentieth century Is the story fact Is it fiction It is what it is said Muriel Spark Muriel Spark was a puzzle and so too are her books She dealt in word games tricks and ciphers her life was composed of weird accidents strange coincidences and spooky events Evelyn Waugh thought she was a saint Bernard Levin said she was a witch and she described herself as Muriel the Marvel with her X-ray eyes By following the clues riddles and instructions Spark planted for posterity in her biographies fiction autobiography and archives Frances Wilson aims to crack her code *Electric Spark* explores not the celebrated Dame Muriel but the apprentice mage discovering her powers It takes us through her early years when turmoil reigned divorce madness murder espionage poverty skulduggery blackmail love affairs revenge and a major religious conversion If this sounds like a novel by Spark it is because her experiences in the 1940s and 1950s became alchemically distilled the material of her art As good a critic as she is a biographer and as sharp a stylist as she is a reader *The Boston Globe* in *Electric Spark* Frances Wilson brings her enormous incandescent powers to bear on one of the most formidable

writers of the twentieth century **Novels, Tales, Journeys** Alexander Pushkin, 2024-03-05 From the award winning translators the complete prose narratives of the most acclaimed Russian writer of the Romantic era and one of the world's greatest storytellers The father of Russian literature Pushkin is beloved not only for his poetry but also for his brilliant stories which range from dramatic tales of love obsession and betrayal to dark fables and sparkling comic masterpieces from satirical epistolary tales and romantic adventures in the manner of Sir Walter Scott to imaginative historical fiction and the haunting dreamworld of *The Queen of Spades* The five short stories of *The Late Tales* of Ivan Petrovich Belkin are lightly humorous and yet reveal astonishing human depths and his short novel *The Captain's Daughter* has been called the most perfect book in Russian literature **Edinburgh Companion to Muriel Spark** Michael Gardiner, 2010-07-06 This Companion brings together an international Brodie set of critics to trace the history impact reception and major themes of Spark's work from her early poetry to her last novel It encompasses the range of Spark's output pursuing contextual lines of approach including biography geography gender identity nation and religion and considering her legacy and continuing influence in the twenty first century Spark emerges here as a serious thinker on issues as diverse as the Welfare State secularisation decolonisation and anti psychiatry and a writer whose work may be placed alongside Proust Joyce Nabokov and Lessing The critics collected here are mindful of how although overwhelmingly known as a novelist by the time of her first novel *The Comforters* in 1957 Spark already had a significant profile through poetry biographical criticism and literary journalism as chair of the Poetry Society and editor of the *Poetry Review* and as author or co author of a number of scholarly studies of writers including Wordsworth Mary Shelley the Brontes Cardinal Newman and John Masefield Within a relatively modest space this Companion touches on the whole range of Spark's work and in introducing the oeuvre thematically for those looking to explore this elegant and challenging author further also sets the agenda for future Spark studies **Figuring the Woman Author in Contemporary Fiction** M. Eagleton, 2005-12-15 If the author is dead if feminism is post why does the figure of the woman author keep appearing as a central character in contemporary fiction She is concerned with ownership but equally with loss determined to enter the cultural field but also rejecting that field looking for control but subject to duplicity seeking power alongside desire Drawing on a diverse range of contemporary authors including Atwood Byatt Brookner Coetzee Lurie LeGuin Michèle Roberts Shields Spark Weldon Walker this study explores the complexity and continuing fascination of this figure **The Underworld U.S.A. Hunt,2020-11-20 *Artificial Life After Frankenstein* brings the insights born of Mary Shelley s legacy to bear upon the ethics and politics of making artificial life

and intelligence in the twenty first century What are the obligations of humanity to the artificial creatures we make And what are the corresponding rights of those creatures whether they are learning machines or genetically modified organisms In seeking ways to respond to these questions so vital for our age of genetic engineering and artificial intelligence we would do well to turn to the capacious mind and imaginative genius of Mary Wollstonecraft Shelley 1797 1851 Shelley s novels *Frankenstein or The Modern Prometheus* 1818 and *The Last Man* 1826 precipitated a modern political strain of science fiction concerned with the ethical dilemmas that arise when we make artificial life and make life artificial through science technology and other forms of cultural change In *Artificial Life After Frankenstein* Eileen Hunt Botting puts Shelley and several classics of modern political science fiction into dialogue with contemporary political science and philosophy in order to challenge some of the apocalyptic fears at the fore of twenty first century political thought on AI and genetic engineering Focusing on the prevailing myths that artificial forms of life will end the world destroy nature and extinguish love Botting shows how Shelley modeled ways to break down and transform the meanings of apocalypse nature and love in the face of widespread and deep seated fear about the power of technology and artifice to undermine the possibility of humanity community and life itself Through their explorations of these themes Mary Shelley and authors of modern political science fiction from H G Wells to Nnedi Okorafor have paved the way for a techno political philosophy of living with the artifice of humanity in all of its complexity In *Artificial Life After Frankenstein* Botting brings the insights born of Shelley s legacy to bear upon the ethics and politics of making artificial life and intelligence in the twenty first century
