Nuala And Her Secret Wolf:

Nuala and Her Secret Wolf Cora Harrison, 1998-09-01 During the Iron Age a twelve year old girl in Ireland secretly raises a wolf cub which after saving her life becomes a valued member of their household *The Last Priest of Jupiter* Aidan M G Moore, 2013* In truth I found it hard going It is not clear whether it is intended to be a book of instruction about the Roman conquest of Britain or an adventure story of a young boy who learns the tricks of the fighting trade from the Romans with the intention of using them against the same Romans back in Ireland It turns out that this will not be necessary but that he will have to fight his uncle Niall who up to this point has been painted as a heroic figure At the end the future contact with Christianity is foreseen As an exposition of military and colonial problems in Britain and Ireland in the 5th century it is a wonderful piece of erudition The explanation of the different origins of names and customs shows a mastery of the history and politics of the day Similarly the story of the foreign cavalry in the Roman army The problem is that the reader is expecting an adventure yarn with frequent setbacks and heroic reversals culminating in some kind of temporary triumph The longer the book goes on the less this aspect is important Clearly the book needs a map of Britain and Ireland and it would make easier reading if the names of the towns and regions were given in English There needs to be a decision about which characters are important what happened Sal Bui The notes at the heads of the chapters are a distraction these should form a 20 page appendix at the end of the book A true adventure story would not have such openings because the story would be more important than the explanations I suggest that you break up long paragraphs and have a consisted way of dealing with things like quotation marks breaks between paragraphs etc The difference between the followers of Christ and of Jesus is good so is the account of the raiding pirates from across the North Sea There are many other excellent things but ultimately I feel the book falls between two stools Roman history and adventure yarn An example is Ch 2 the initiation of Dathi which appears to have no further relevance to the story

The Famine Secret Cora Harrison, 1998 After their parents die during the great famine twins Deirdre and Fiona try to maintain contact with their brothers in the workhouse and dream of returning to their former home

Milleniumdrumshee Cora Harrison, 1999 Emma thinks the only good thing about moving from London to the family home in Drumshee Ireland is her German shepherd puppy but when she starts playing chess on the Internet with an Australian boy she gets involved in solving a cyber mystery

The Drumshee Rebels Cara Harrison, Cora Harrison, 1999 It is 1921 and Ireland is in a state of struggle to win independence from the British The War of Independence is fought everywhere and Drumshee in County Clare is no exception This eighth book in the Drumshee Timeline series is set in one of the most turbulent periods in Ireland s history

Irish America , 1999 [The Secret of Drumshee Castle](#) Cora Harrison, 1998 Grace s aunt and uncle plot to be rid of her in order to gain her entire fortune but her outspokenness may have lost her favor with Queen Elizabeth who will decide on the judgement

Forests of the Heart Charles de Lint, 2025-10-16 In the Old Country they called them the Gentry ancient spirits of the land magical amoral and

dangerous When the Irish emigrated to North America some of the Gentry followed only to find that the New World already had spirits of its own called manitou and other such names by the Native tribes Now generations have passed and the Irish have made homes in the new land but the Gentry still wander homeless on the city streets Gathering in the city shadows they bide their time and dream of power As their dreams grow harder darker fiercer so do the Gentry themselves appearing to those with the sight to see them as hard and dangerous men invariably dressed in black Bettina can see the Gentry and knows them for what they are Part Indian part Mexican she was raised by her grandmother to understand the spirit world Now she lives in Kellygnow a massive old house run as an arts colony on the outskirts of Newford a world away from the Southwestern desert of her youth Outsider her nighttime window she often spies the dark men squatting in the snow smoking brooding waiting She calls them los lobos the wolves and stays clear of them until the night one follows her to the woods and takes her hand Ellie an independent young sculptor is another with magic in her blood but she refuses to believe it even though she too sees the dark men A strange old woman has summoned Ellie to Kellygnow to create a mask for her based on an ancient Celtic artifact It is the mask of the mythic Summer King another thing Ellie does not believe in Yet lack of belief won't dim the power of the mask or its dreadful intent Donal Ellie's former lover comes from an Irish family and knows the truth at the heart of the old myths He thinks he can use the mask and the hard men for his own purposes And Donal's sister Miki a punk accordion player stands on the other side of the Gentry's battle with the Native spirits of the land She knows that more than her brother's soul is at stake All of Newford is threatened human and mythic beings alike Once again Charles de Lint weaves the mythic traditions of many cultures into a seamless cloth bringing folklore music and unforgettable characters to life on modern city streets At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied
