Man and His Planet, an Unauthorized History James E. Strickling, Jr. James E. Strickling, 2008-10 Strickling examines both views of the creation controversy by employing each side's supporting arguments to refute its own conclusions. He sheds new light on a number of ancient texts. *Perilous Planet Earth* Trevor Palmer, 2003-06-12 A readable account of the history of natural disasters throughout history. **Extraterrestrial Life** United States. Life-history of Our Planet William Dickey Gunning, 1876 v.1-8. *History of man* John Clark Ridpath, 1896 *Extraterrestrial Life* NASA Scientific and Technical Information Facility, 1965 *HOW AND WHY WE CAME FROM PLANET MARS TO PLANET EARTH* Philip Omoniyi Adetiloye, PhD, 2024-02-27 Science, religion, and mysticism offer different views on human origin, human purpose of existence, and the future trajectory of human civilization. Science theories regard these quests as products of chance permutations. Religion and mysticism claim, on the other hand, that human origin, human purpose of existence, and the future trajectory of human civilization had been predetermined by a supreme intelligence that would lead humankind to perfection and the attainment of holiness and heaven. Professor Philip Omoniyi Adetiloye's eureka experience and mental illumination during his doctoral research in the late seventies enabled him to discover the links among science, religion, and mysticism, which he has fully exposed in his ingenious books. After decades of more advanced research, he now offers his insightful revelations and new scientific theories on the origin, purpose, and possible future trajectory of humankind. His findings offer the long-sought paradigm shift that revealed the missing link between science and the spiritual. His insight has earned him various international recognitions as one of the foremost scientists of the twenty-first century and a living legend. His new science theories combine the thinking of the best human minds ever in science, religion, and philosophy. This book, *How and Why We Came from Planet Mars to Planet Earth*, is one of his insightful revelations. This is the third of the publication series by the Foundation for Advancement of Culture and Science.
