Every age must re-examine the astrological tradition in the light of its own experience. In *Horoscope Symbols* Robert Hand, one of the foremost astrologers of his generation, recreates astrology for our time. In this book, Hand takes the reader deep into the heart of each of the planets and other points, angular relationships, aspects, and midpoints, zodiacal positions, signs, and mundane positions, angles, and houses. Whether you're a beginning student or a practicing professional, *Horoscope Symbols* takes you beyond your present conception of astrology into a whole new realm of understanding. *Horoscope Symbols* takes the beginner beyond cookbook interpretations to genuine insight, beyond superficial keywords to the fundamental principles that underlie astrology, beyond overemphasis on signs to the primacy of planets and angles. Although Hand assumes little prior knowledge of astrology, the more you know, the more you will get out of this book. Hand takes the expert beyond the fatalism of tradition to a deep understanding of the role of personal choice in the life of the individual, beyond fortune-telling to the true source of human experience.

Planets in Composite Robert Hand, 1997-01-06. *Planets in Composite* contains an explanation of the composite technique, chapters on casting and reading the horoscope, five case studies illustrating the use and validity of composite charts, plus twelve chapters of delineations. There are delineations for all the planets, including Sun and Moon, in each house, and every major aspect: conjunction, sextile, square, trine, opposition. 374 interpretations in all, 300 words each, thumb-indexed for easy reference. And there are 41 delineations of the Moon's nodes as well.

Pagan Astrology Raven Kaldera, 2009-09-28. A guide to the practice of planetary magic. Offers tools for practitioners of green magic and folk magic to incorporate astrology into their practice. Includes an extensive collection of magical remedies to resolve astrological afflictions. Provides information on creating planetary altars and the astrological correspondences of traditional pagan holidays. Traditionally, magically oriented astrology has focused on Sun sign horoscopes, while modern Western astrology has focused on attempting to become as scientific as possible in hopes of aligning with its sister science of astronomy. In *Pagan Astrology*, Raven Kaldera, a practicing astrologer and Pagan shaman, uses the commonalities and strengths of Western astrology and Pagan green magic to introduce a hands-on astrological practice that incorporates intuition, spells, and other modes of folk magic into astrology. Kaldera includes an extensive compendium of modern magical remedies to counteract negative astrological influences and shows how to use planetary energy to aid Pagan worship and green magic practice through spell-casting, love magic, and shamanic stargazing. Kaldera also explains how to create planetary altars that enhance the astrological correspondences of traditional Pagan holidays using the tools of folk magic. Practitioners of green and folk magic, and those who love traditional astrology, will welcome this unique approach to planetary magic.

The Yod Book Karen Hamaker-Zondag, 2000-09-15. An explanation of atypical horoscope configurations with analyses of celebrity birth charts to see how these astrological patterns play out in real life. A yod is formed when two planets that are sextile also form an inconjunct to another planet. These planets are in different signs and modes and are deeply significant for they usually symbolize patterns in families that have lasted for generations. This is what Hamaker

Zondag discovered when she started to research the inconjunct aspect as it related to a yod Also included in this book is a complete discussion of how the energies of unaspected planets and planets in duet that only aspect each other are expressed in a person s birth chart Hamaker Zondag analyzes the background and places it in a broader perspective including how she works with elements modes orbs and other astrological factors when interpreting this aspect All in all this is one of the most exciting books on aspect interpretation published in recent years Included are great case histories you have a chance to examine the Monica Lewinsky Linda Tripp Kenneth Starr Bill Clinton scenario And Princess Diana Prince Charles and Prince William are not without these family patterns She uses the examples of Gandhi Vaclav Havel Khomeini Solzhenitsyn Willy Brandt C G Jung Jim Jones and others To help you work with your own clients Hamaker Zondag brings in the charts of her personal clients and explains them in depth When you ve read this book you ll want to check out the charts of everyone you know
