Envy, Rage, Compassion and Wisdom Liz Greene,2023-09-20 This book is based on a seminar originally given by Liz Greene in 2005 entitled Chiron in Love because Chiron s story is most clearly and poignantly enacted in our most personal exchanges with the people closest to us It includes a background of mythic material about Chiron that can help to shed light on the interaction between Chiron in one horoscope and the planets and angles in another In 2020 during the height of the Covid pandemic Liz gave three further online seminars to explore the relationship between Chiron and the global outpouring of helplessness fear rage polarisation and apparently obsessive determination to find scapegoats that has emerged as a result of the pandemic and its psychological consequences Sections of these more recent seminars have been amalgamated with the original seminar resulting in a broad spectrum of themes all related to the central core of Chiron s myth and meaning Ways of permanently healing Chiron s wound and saving the world are not included Instead the emphasis is on the individual

and the necessity of working as honestly and insightfully as possible with the feelings of envy rage bitterness and potential wisdom and compassion reflected by Chiron s complex story Astrology students of all levels will find Liz Greene s insights invaluable in working with this paradoxical and challenging astrological symbol Love & Stars: Stellar Relationships and Astrocompatibility Pasquale De Marco,2025-04-26 Embark on an illuminating journey through the cosmos as you explore the captivating world of astrocompatibility in Love Stars Stellar Relationships and Astrocompatibility Delve into the profound connection between celestial bodies and human hearts uncovering the secrets of cosmic harmony and compatibility in relationships Discover the rich history and cultural significance of astrology in matters of love and romance From ancient civilizations to modern times people have sought guidance from the stars in their pursuit of meaningful connections Explore the origins and evolution of astrological practices gaining insights into the diverse ways cultures have interpreted the influence of celestial bodies on human relationships Unravel the mysteries of zodiac signs and their role in compatibility Understand the characteristics strengths and challenges associated with each sign and learn how they interact with one another in romantic partnerships Delve into the dynamics of elemental combinations such as fire and water earth and air and uncover how they shape the chemistry between individuals Explore the profound influence of planetary alignments on love and relationships Discover the significance of the Sun Moon Venus and Mars in astrological compatibility Uncover the meanings behind planetary aspects and placements gaining insights into how they affect emotional connection passion and overall compatibility Master the art of synastry and composite charts powerful tools that provide a deeper understanding of the energetic interplay between two individuals Uncover the secrets of love signs and their unique dynamics Identify the harmonious and challenging aspects between different signs and learn how to navigate these cosmic connections for greater understanding and appreciation Comprehend the significance of planetary overlays and overlaps and their contribution to the overall compatibility between two individuals Journey into the realm of karmic relationships and soulmates exploring the profound lessons and transformative experiences they bring to our present connections Understand the signs and synchronicities that indicate a soulmate connection and learn how to navigate the challenges and rewards of these intense and life changing bonds If you like this book write a review on google books UNDERSTANDING RELATIONSHIP Suzanne Rough,2014 Understanding Relationships is a book about the role of relationships in our lives at this time It looks at relationship from the angle of the individuals involved and at what relationship is trying to achieve for them in developmental terms from that of the individuals in relationship and what they represent to each other and from that of the relationship which they make and at what it can make possible This book which is written by a practicing astrologer deals with the matter of how to find the Relating Self in a natal chart and looks at the techniques of Synastry and Compository It is recommended for practitioners and students with a working knowledge of horoscopy The Inner Planets Liz Greene,Howard Sasportas,1993-01-15 The inner planets Mercury Venus Mars are the foundations of what psychology calls the ego the sense

of personal self In this fourth volume in the Seminars in Psychological Astrology series Liz Greene and Howard Sasportas discuss the value of the inner planets as they symbolize important aspects of personality We are not trained to give value to our private needs feelings and qualities Indeed because of their intensely personal nature they are often suppressed or overlooked as irrelevant to society Likewise the inner planets have tended to be given less attention by psychological astrologers for they are the personal planets The authors show us that in order to give the most that we can to our interactions with the rest of the world we must first understand our own needs and have a healthy ego a personal authenticity Their book teaches us the process of understanding how these three planets actually represent our individuality and how they directly color the energy of the rest of our horoscope Greene and Sasportas blend the processes of astrology and psychology in a unique and important way in this indepth insight into the archetypes represented by the inner planets
