**Croatian Barrel Theory** Miro (Mike) Laus, 2025-05-26 How did life begin Why does Venus rotate backwards Where does Earth's water come from When it comes to nature and the cosmos we have more questions than answers While we've established theories we have no discernable truth Author Mike Laus strives to change that Croatian Barrel Theory Origin of the Solar System and Theory of First Cell on Earth proposes two new theories The first tackles the origin of our solar system Grounded in Laus's cultural heritage the Croatian Barrel Theory uses the shape of a wine barrel to explain how our solar system stars and other celestial bodies were created It proposes a systematic development for our solar system with celestial bodies emerging at varying times The second theory seeks to debunk the existing theory of how the first cell on Earth was formed Instead of amino acid the first cell was formed in the air From the origins of celestial bodies and how water came to Earth to how bees use the power of the Sun Laus challenges current scientific thinking No subject is impervious Through analysis and comprehensive figures he encourages us to view our world in different ways We can find solutions if we think creatively Thought provoking and unique Croatian Barrel Theory seeks to answer the unanswerable
