**Planning Your Financial Future** Louis E. Boone, 2000      □□□□□□□□ Frank K. Reilly, 2002      Fundamentals of Financial Management Eugene F. Brigham, Joel F. Houston, 1998 When the book was first published more than 20 years ago our intent was to write an introductory finance text that students could understand Today the book has become the leading undergraduate finance text The book is intended for use in the introductory finance course The key chapters can be covered in a one term course or supplemented with cases and some outside readings used in a two term course Pref      Financial Institutions, Investments, and Management Herbert B. Mayo, 1998 The goal of this text is to introduce the business major and particularly the non finance major to the broad field of finance rather than just corporate finance Mayo s is one of the only books that attempts coverage of all three major areas of finance while maintaining a level appropriate for introductory courses in both 2 year and 4 year schools Since many students will have only this exposure to the subject the text gives them a working knowledge of all aspects of introductory finance      Financial Management Eugene F. Brigham, Louis C. Gapenski, Michael C. Ehrhardt, 1999 Written for and praised by students just like you FINANCIAL MANAGEMENT THEORY AND PRACTICE gives you relevant practical and easy to understand information covering all of the financial management topics you need to succeed in this course Underlying theory is presented first in an accessible style and then followed by the practical application      **The British National Bibliography** Arthur James Wells, 1998      Small Firm Finance Jerome S. Osteryoung, Derek L. Newman, Leslie Davies, 1997 While small businesses share many of the problems of their larger counterparts in terms of financial management the smaller firm faces issues uniquely its own The first of its kind this text addresses finance from the small business and entrepreneurial perspective not from the perspective of the corporate Goliaths Written by a world renowned author team the text introduces students to the essential principals of small business finance applying general financial theory where applicable as well as focusing on small business specific issues such as options for sources of capital      *Financial Institutions, Markets, and Money* David S. Kidwell, Richard Lewis Peterson, David W. Blackwell, 1997 Now in its seventh edition Financial Institutions Markets and Money continues to lead the market in the introductory course for financial institutions The text s descriptive balanced overview of the U S financial system its primary institutions and markets coupled with an introduction to international markets creates a presentation truly reflective of today s global marketplace      Planning Your Financial Future Louis E.
