Christ's Compassion in Our Trials John Durant, C. Matthew McMahon, Christ's Compassion in Our Trials is a weighty exploration of the struggles and discouragements that Christians may face when approaching Christ for help as illustrated through the historical narrative of the Canaanite woman Authored by Puritan John Durant 1620 1686 this work offers a deeply rooted theological perspective grounded in Scripture particularly focusing on the interaction between Christ and the Canaanite woman found in Matthew 15 21 28 In this historical narrative Durant emphasizes that much like the Canaanite woman Christians often encounter feelings of inadequacy and discouragement as they seek help from Christ The woman approaches Jesus fully aware of her unworthiness as a Gentile yet her desperation for her daughter's healing drives her to persist in faith Durant illustrates that despite her initial rejection and the seemingly harsh words of Christ who initially does not respond to her pleas her unwavering faith ultimately prevails He captures the essence of her faith as she boldly claims her need for mercy which serves as a model for believers facing their own challenges and obstacles Durant further expounds on several key themes drawn from the Scriptures including the idea that the prayers and faith of believing parents hold significant weight in seeking mercy for their children He highlights the truth found in 1 Timothy 4 8 where godliness is said to have promise for the present life and that which is to come encouraging readers to persist in their petitions to God By relating the woman's experience to their own lives Durant reassures believers that their struggles and feelings of discouragement are not uncommon and he encourages them to press on in faith Throughout the text Durant provides practical guidance on how to navigate these discouragements He urges believers to examine the lawfulness of their requests the condition of their hearts and their motives when approaching Christ He posits that faith is not merely about the outcome but about the relationship established through prayer and supplication Durant's insights invite readers to understand that even when circumstances appear dire or when prayers seem unanswered God's compassion and mercy remain ever present In sum Christ's Compassion in Our Trials serves as both a theological treatise and a source of encouragement for believers By studying the interaction between Christ and the Canaanite woman Durant masterfully illustrates the perseverance of faith amid discouragement He provides a compelling reminder that regardless of the challenges faced coming to Christ with sincerity and faith can lead to spiritual and physical blessings The narrative not only comforts those who are struggling but also reaffirms the enduring promise that Christ is accessible to all who earnestly seek Him a message that resonates powerfully through the ages

Jolly Good Detecting Bruce Shaw, 2013-12-19 This book is an appreciation of selected authors who make extensive use of humor in English detective

crime fiction Works using humor as an amelioration of the serious have their heyday in the Golden Age of crime writing but they belong also to a long tradition There is an identifiable lineage of humorous writing in crime fiction that ranges from mild wit to outright farce burlesque even slapstick A mix of entertainment with instruction is a tradition in English letters English crime fiction writers of the era circa 1913 to 1940 were raised in the mainstream literary tradition but turned their skills to detective fiction And they are the humorists of the genre This book is not an exhaustive study but an introduction into the best produced by the most capable and enjoyable authors What the humorists seek is to surprise the reader by overturning their expectations using a repertoire of stylistic conceits and motifs recurring incidents devices references Humor has a liberating effect but is concerned too with comic contrast through ugliness and caricature In crime fiction one effect is intellectual pleasure at solving or attempting to solve a puzzle Another is entertainment but with serious undertones
