## **Plata Cantata:**

*La Plata Cantata* Jim Barnes, 1989 From the flatlands of Missouri through the prairies and high plains of Kansas and New Mexico to the mountains of the Southwest and the Northwest Jim Barnes's poems give us the essence of the land west of the Mississippi They let us know that the American Outback is a place in the heart that will not let go and they do this through the strong presence of personae Notable in these poems is a high sense of loss that has been rendered tenable by the kind of lyric narrative that Yeats knew so well The poet affirms for us the passing of the many things we never really held though we may have thought we did These poems are not talking poems They sing They chant They leave indelible tracks across our eyes The book begins with a kind of quiet precision found in Emily Dickinson moves into haunting narrative lyrics and ends in the realm of the hard history of self and place And everywhere there is evidence of the poet's compassion without evidence of the poet himself

*The Columbia Guide to American Indian Literatures of the United States Since 1945* Eric Cheyfitz, 2006-04-04 The Columbia Guide to American

Indian Literatures of the United States Since 1945 is the first major volume of its kind to focus on Native literatures in a postcolonial context. Written by a team of noted Native and non Native scholars, these essays consider the complex social and political influences that have shaped American Indian literatures in the second half of the twentieth century with particular emphasis on core themes of identity, sovereignty, and land. In his essay comprising part I of the volume, Eric Cheyfitz argues persuasively for the necessary conjunction of Indian literatures and federal Indian law from Apsákwika to Alexie. Part II is a comprehensive survey of five genres of literature: fiction, Arnold Krupat and Michael Elliott poetry, Kimberly Blaaser drama, Shari Huhndorf nonfiction, David Murray and autobiography. Kendall Johnson discusses the work of Vine Deloria Jr, N Scott Momaday, Joy Harjo, Simon Ortiz, Louise Erdrich, Leslie Marmon Silko, Gerald Vizenor, Jimmy Santiago Baca, and Sherman Alexie among many others. Drawing on historical and theoretical frameworks, the contributors examine how American Indian writers and critics have responded to major developments in American Indian life and how recent trends in Native writing build upon and integrate traditional modes of storytelling. Sure to be considered a groundbreaking contribution to the field, *The Columbia Guide to American Indian Literatures of the United States Since 1945* offers both a rich critique of history and a wealth of new information and insight.
