Plato The Myth Maker

William A. Welton

Plato The Myth Maker:

Plato the Myth Maker Luc Brisson, 1998 We think of myth as a fictional story and Plato was the first to use the term *muthos* in that sense But Plato also used *muthos* to describe the practice of making and telling stories the oral transmission of all that a community keeps in its collective memory In the first part of *Plato the Myth Maker* Luc Brisson reconstructs Plato's multifaceted and not uncritical description of *muthos* in light of the latter's famous Atlantis story The second part of the book contrasts this sense of myth as Plato does with another form of speech that he believed was far superior the *logos* of philosophy Appearing for the first time in English *Plato the Myth Maker* is a solid and important contribution to the history of myth based on the privileged testimony of one of its most influential critics and supporters *Plato the Mythmaker* Luc Brisson, 1994 *Selected Myths* Plato, 2009-02-26 This volume brings together ten of the most celebrated Platonic myths from eight of Plato's dialogues ranging from the early Protagoras and Gorgias to the late Timaeus and Critias They include the famous myth of the cave from Republic as well as The Judgement of Souls and The Birth of Love Each myth is a self-contained story prefaced by a short explanatory note while the introduction considers Plato's use of myth and imagery

Plato's Mythoi Donald H. Roy, 2018-10-15 Recently in the past thirty years there has been an upsurge in serious treatment of Platonic mythoi which were once thought to be only literary decoration and or the simplistic presentation of philosophic conclusions for the *demos* dummies in effect Nevertheless the dominant tendency in the exegesis of Platonic mythoi still is to subordinate them to philosophic *logos* reason and not to recognize that such mythoi are philosophic in themselves in the broad sense of the love of wisdom There is something conversational about Plato's philosophic mythos reformulating and superseding traditional Greek mythos and then charting the drama of the human soul from Socratic *aporia* up and out of the cave and into the beyond the Idea of the Good The late Professor Eric Voegelin understood this existential drama and his exegesis of Platonic mythos from engendering pathos to symbols is revelatory to say the least My understanding is that *logos* reason is a fundamental and necessary check on mythos but *logos* and mythos are complementary *via medias* neither are dispensable nor reducible one to the other Also crucial to my study of Platonic mythoi is the analogy of being that Voegelin only touches on but Erich Przywara explores and develops The relationship between the human and the divine is analogical likenesses but also significant unlikenesses and Plato certainly explored the play of opposites and affinities covering the difficult philosophical problems of becoming and being and the temporal and the eternal Most philosophic commentators on Plato ignore the suffusive presence of the divine in Plato's love of wisdom Perhaps only Platonic mythos at its best offers the philosophic imagination the vision of transcendence **Plato and Myth** Catherine Collobert, Pierre Destrée, Francisco J. Gonzalez, 2012-02-17 This volume seeks to show how the philosophy of Plato relates to the literary form of his discourse Myth is one aspect of this relation whose importance for the study of Plato is only now beginning to be recognized Reflection on this topic is essential not only for understanding Plato's conception of philosophy

and its methods but also for understanding more broadly the relation between philosophy and literature The twenty chapters of this volume contributed by scholars of diverse backgrounds and approaches elucidate the various uses and statuses of Platonic myths in the first place by reflecting on myth per se and in the second place by focusing on a specific myth in the Platonic corpus

Myth and Philosophy in Plato's Phaedrus Daniel S. Werner,2012-07-09 Examines the role of myth in Plato's Phaedrus arguing that it leads readers to participate in Plato's dialogues and to engage in self examination

Plato's Forms William A. Welton,2002-01-01 The theory of forms usually attributed to Plato is one of the most famous of philosophical theories yet it has engendered such controversy in the literature on Plato that scholars even debate whether or not such a theory exists in his texts Plato's Forms Varieties of Interpretation is an ambitious work that brings together in a single volume widely divergent approaches to the topic of the forms in Plato's dialogues With contributions rooted in both Anglo American and Continental philosophy the book illustrates the contentious role the forms have played in Platonic scholarship and suggests new approaches to a central problem of Plato studies

Myth and Metaphysics in Plato's Phaedo David A. White,1989 This study intends principally to isolate and describe the function of myth in the Phaedo in order to show its effect on the complex metaphysics developed throughout the dialogue It further illustrates how these metaphysical concepts structure the dialogue's concluding eschatological myth

Paradigm, Logos, and Myth in Plato's Sophist and Statesman Conor Barry,2022-10-25 In a sustained study of the Sophist and Statesman this book explores the use of paradigm logos and myth Plato introduces in these dialogues the term paradigm to signify an image or model that can be used to yield insight into higher ethical realities that are themselves beyond direct visual portrayal He employs the term to signify an inductive example that can be defined Finally Plato shows how to rework existing narrative and myth to an ethically appropriate end Since this exercise in the Statesman is described as training in dialectic in Paradigm Logos and Myth in Plato's Sophist and Statesman Conor Barry demonstrates how these later works expand the compass of dialectic beyond narrow conceptions that restrict the scope of dialectic to the use of logical techniques Rather dialectic is the practice of dialogue as portrayed in the Platonic dialogues which can involve appeal to analogies and figurative expressions in the search for an understanding of the ethical good Plato's dialogues as works of literary art aim to lead people to seek such understanding Nevertheless insofar as the dialogues are themselves artistic productions they must also be objects of critical scrutiny and questioning

Creator Peter J. Leithart,2023-12-05 Discussion about God's work of creation are often overwhelmed by questions such as the age of the earth and the relationship between divine creation and evolution Without completely ignoring these issues this rigorously grounded theological interpretation of Genesis 1 engages thinkers like Plato Martin Luther and Karl Barth

The Routledge Companion to Thought Experiments Michael T Stuart,Yiftach Fehige,James Robert Brown,2017-07-20 Thought experiments are a means of imaginative reasoning that lie at the heart of philosophy from the pre Socratics to the modern era and they also play central roles in a range of fields from physics to

politics The Routledge Companion to Thought Experiments is an invaluable guide and reference source to this multifaceted subject Comprising over 30 chapters by a team of international contributors the Companion covers the following important areas the history of thought experiments from antiquity to the trolley problem and quantum non locality thought experiments in the humanities arts and sciences including ethics physics theology biology mathematics economics and politics theories about the nature of thought experiments new discussions concerning the impact of experimental philosophy cross cultural comparison studies metaphilosophy computer simulations idealization dialectics cognitive science the artistic nature of thought experiments and metaphysical issues This broad ranging Companion goes backwards through history and sideways across disciplines It also engages with philosophical perspectives from empiricism rationalism naturalism skepticism pluralism contextualism and neo Kantianism to phenomenology This volume will be valuable for anyone studying the methods of philosophy or any discipline that employs thought experiments as well as anyone interested in the power and limits of the mind

Plato's 'Republic' Mark L. McPherran, 2010-11-25 Plato's Republic has proven to be of astounding influence and importance Justly celebrated as Plato's central text it brings together all of his prior works unifying them into a comprehensive vision that is at once theological philosophical political and moral The essays in this volume provide a picture of the most interesting aspects of the Republic and address questions that continue to puzzle and provoke such as Does Plato succeed in his argument that the life of justice is the most attractive one Is his tripartite analysis of the soul coherent and plausible Why does Plato seem to have to force his philosopher guardians to rule when they know this is something that they ought to do What is the point of the strange and complicated closing Myth of Er This volume will be essential to those looking for thoughtful and detailed excursions into the problems posed by Plato's text and ideas

The Unity of Plato's 'Gorgias' Devin Stauffer, 2006-04-10 Stauffer demonstrates the complex unity of Plato's Gorgias through a careful analysis of the dialogue's three main sections This includes Socrates' famous argumentative duel with Callicles a passionate critic of justice and philosophy showing how the seemingly disparate themes of rhetoric justice and the philosophic life are woven together into a coherent whole His interpretation of the Gorgias sheds new light on Plato's thought showing that Plato and Socrates had a more favourable view of rhetoric than is usually supposed Stauffer also challenges common assumptions concerning the character and purpose of some of Socrates' most famous claims about justice Written as a close study of the Gorgias Stauffer also treats broad questions concerning Plato's moral and political psychology and uncovers the view of the relationship between philosophy and politics that guided Plato as he wrote his dialogues

Words Against Words Malcolm Angelucci, 2011 Words Against Words is the first book to consider the philosophical works of Carlo Michelstaedter 1887-1910 from a stylistic point of view It focuses on the links between poetic and rhetoric in Michelstaedter's major work *La Persuasione e la Rettorica* well known for its original multilingualism embodiment of subgenres dialogues apologues and parables technical jargons In the context of the early twentieth century crisis of language in Central Europe Carlo

Michelstaedter a young Italian speaking Jew from Gorizia who left the Austro Hungarian territory to study in Florence articulates one of the most radical examples of negative thought while at the same time struggling to define a way to regain freedom from contingency unity of meaning and the absolute state of persuasion Malcolm Angelucci's book reads *La Persuasione e la Rettorica* against itself demonstrating how it is in the practice of signification in the writing of a philosophy and a poetic that the challenge against the inadequacy of words is played out in one of the most interesting examples of Italian speculation of the period Angelucci's post structuralist approach and analysis of rhetorical figures adopts and reworks the Bakhtinian concept of dialogism in order to demonstrate the peculiar loss of centre of Michelstaedter's text and the relativisation of the pretences of the hero narrator in ways which are coherent with the best examples of early Central European Modernism This book intervenes in the growing debate on Michelstaedter in the English speaking world and suits an audience of academics and tertiary students interested in Italian and Central European literature and culture in the first decades of the Twentieth century Nevertheless it also caters for the growing number of Michelstaedter enthusiasts and readers interested in expressionism avant garde and early Modernism

Plotinus Stephen R. L. Clark, 2016-05-04 A bold work that applies a new approach to the interpretation of the thought of the founder of Neoplatonism beautifully written Notre Dame Philosophical Reviews Plotinus the Roman philosopher c 204-270 CE who is widely regarded as the founder of Neoplatonism was also the creator of numerous myths images and metaphors They have influenced both secular philosophers and Christian and Muslim theologians but have frequently been dismissed by modern scholars as merely ornamental In this book distinguished philosopher Stephen R L Clark shows that they form a vital set of spiritual exercises by which individuals can achieve one of Plotinus's most important goals self transformation through contemplation Clark examines a variety of Plotinus's myths and metaphors within the cultural and philosophical context of his time asking probing questions about their contemplative effects What is it for example to think away the spatiality of material things What state of mind is Plotinus recommending when he speaks of love or drunkenness or nakedness What star like consciousness is intended when he declares that we were once stars or are stars eternally What does it mean to say that the soul goes around God And how are we supposed to bring the god in us back to the god in all Through these rich images and structures Clark casts Plotinus as a philosopher deeply concerned with philosophy as a way of life Highly enjoyable His book is the tool by which we learn to read Plotinus in a dynamic way that transforms our very selves Classical World

Plato's Labyrinth Aakash Singh Rathore, 2017-11-06 This original and stimulating study of Plato's Socratic dialogues rereads and reinterprets Plato's writings in terms of their dialogical or dramatic form Taking inspiration from the techniques of Umberto Eco Jacques Derrida and Leo Strauss Aakash Singh Rathore presents the Socratic dialogues as labyrinthine texts replete with sophistries and lies that mask behind them important philosophical and political conspiracies *Plato's Labyrinth* argues that these conspiracies and intrigues are of manifold kinds in some Plato is masterminding the conspiracy in others Socrates or the

Sophists are the victims of the conspiracies With supplementary forays intermissions into the world of Xenophon and the Sophists the complex and evolving series of overlapping arguments that the book lays out unfold within an edgy and dramatic narrative Presenting innovative readings of major texts Plato's Parmenides Republic Symposium and Meno as also Homer's Odyssey this work is an ambitious attempt to synthesize philological political historical and philosophical research into a classical text centred study that is at once of urgent contemporary relevance This book aims to revitalize the study of ancient Greek thought in all its diverse disciplinary richness and will interest students and scholars across the social sciences and humanities especially those in philosophy Greek and classical studies language and literature politics media and culture studies theatre and performance studies and history

Plato's Beautiful City and the Essence of Politics Scott John Hammond, 2020-06-22 This inquiry attempts to probe the essence of politics in itself something that has been singularly discerned by Plato in Republic grounded in his theory of universal forms and gradually but fully developed through a consideration of the elements of the City in Speech Those elements and the ideal city itself as envisioned in Republic are immanent within the Second Best City of the Laws even though presented in a modified way Plato's Statesman will also be discussed as a means to further illustrate Plato's commitment to the principles conveyed in Republic This project rests on the premise that Plato's intelligible city is genuinely intended to convey Plato's full understanding of the real essence of the polis not simply the arena of political behavior and governance as we have come to know it but the essence of what politics universally means and what a political community should objectively seek

Myth and Philosophy in Platonic Dialogues Omid Tofighian, 2016-11-15 This book rethinks Plato's creation and use of myth by drawing on theories and methods from myth studies religious studies literary theory and related fields Individual myths function differently depending on cultural practice religious context or literary tradition and this interdisciplinary study merges new perspectives in Plato studies with recent scholarship and theories pertaining to myth Significant overlaps exist between prominent modern theories of myth and attitudes and approaches in studies of Plato's myths Considering recent developments in myth studies this book asks new questions about the evaluation of myth in Plato Its appreciation of the historical conditions shaping and directing the study of Plato's myths opens deeper philosophical questions about the relationship between philosophy and myth and the relevance of myth studies to philosophical debates It also extends the discussion to address philosophical questions and perspectives on the distinction between argument and narrative

Plato's Philosophy of Science Andrew Gregory, 2015-03-02 In this illuminating book Andrew Gregory takes an original approach to Plato's philosophy of science by reassessing Plato's views on how we might investigate and explain the natural world He demonstrates that many of the common charges against Plato disinterest ignorance dismissal of observation are unfounded and shows instead that Plato had a series of important and cogent criticisms to make of the early atomists and other physiologoi Plato's views on science and on astronomy and cosmology in particular are shown to have developed in interesting ways Thus the book argues Plato can

best be seen as a philosopher struggling with the foundations of scientific realism and as someone moreover who has interesting epistemological cosmological and nomological reasons for his approach Plato's Philosophy of Science is important reading for all those with an interest in Ancient Philosophy and the History of Science *Plato's Second Republic* André Laks, 2025-09-23 An argument for why Plato's Laws can be considered his most important political dialogue In Plato's Second Republic Andr Laks argues that the Laws Plato's last and longest dialogue is also his most important political work surpassing the Republic in historical relevance Laks offers a thorough reappraisal of this less renowned text and examines how it provides a critical foundation for the principles of lawmaking In doing so he makes clear the tremendous impact the Laws had not only on political philosophy but also on modern political history Laks shows how the four central ideas in the Laws the corruptibility of unchecked power the rule of law a middle constitution and the political necessity of legislative preambles are articulated within an intricate and masterful literary architecture He reveals how the work develops a theological conception of law anchored in political ideas about a god divine reason that is the measure of political order Laks's reading opens a complex analysis of the relationships between rulers and citizens their roles in a political system the power of reason and persuasion as opposed to force in commanding obedience and the place of freedom Plato's Second Republic presents a sophisticated reevaluation of a philosophical work that has exerted an enormous if often hidden influence even into the present day

This is likewise one of the factors by obtaining the soft documents of this **Plato The Myth Maker** by online. You might not require more become old to spend to go to the books start as with ease as search for them. In some cases, you likewise pull off not discover the pronouncement Plato The Myth Maker that you are looking for. It will definitely squander the time.

However below, gone you visit this web page, it will be consequently definitely simple to acquire as capably as download lead Plato The Myth Maker

It will not admit many times as we accustom before. You can do it while pretend something else at home and even in your workplace. correspondingly easy! So, are you question? Just exercise just what we meet the expense of under as competently as evaluation **Plato The Myth Maker** what you later to read!
