Poisons, Potions and Profits Peter Morell, 1937 **Radio Reader** Michele Hilmes, Jason Loviglio, 2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company **Radio Active** Kathleen M. Newman, 2004-05-17

Radio Active tells the story of how radio listeners at the American mid century were active in their listening practices While cultural historians have seen this period as one of failed reform focusing on the failure of activists to win significant changes for commercial radio Kathy M Newman argues that the 1930s witnessed the emergence of a symbiotic relationship between advertising and activism Advertising helped to kindle the consumer activism of union members affiliated with the CIO middle class club women and working class housewives Once provoked these activists became determined to influence and in some cases eliminate radio advertising As one example of how radio consumption was an active rather than a passive process Newman cites *The Hucksters* Frederick Wakeman s 1946 radio spoof that skewered eccentric sponsors neurotic account executives and grating radio jingles The book sold over 700 000 copies in its first six months and convinced broadcast executives that Americans were unhappy with radio advertising The Hucksters left its mark on the radio age showing that radio could inspire collective action and not just passive conformity Domestic Commerce United States. Bureau of Foreign and Domestic Commerce, 1937 A Word from Our Sponsor Cynthia B. Meyers, 2013-12-01 During the golden age of radio from roughly the late 1920s until the late 1940s advertising agencies were arguably the most important sources of radio entertainment Most nationally broadcast programs on network radio were created produced written and or managed by advertising agencies for example J Walter Thompson produced Kraft Music Hall for Kraft Benton and Young agency records of BBDO Benton contemporaneous trade publications and the voluminous correspondence between NBC and agency executives in the NBC Records at the Wisconsin Historical Society Mediating between audiences desire for entertainment and advertisers desire for sales admen combined showmanship with salesmanship to produce a uniquely American form of commercial culture In recounting the history of this form Meyers enriches and corrects our understanding not only of broadcasting history but also of advertising history business history and American cultural history from the 1920s to the 1940s

How McGruff and the Crying Indian Changed America Wendy Melillo, 2023-08-08 Pulitzer Prize nominated journalist Wendy Melillo authors the first book to explore the history of the Ad Council and the campaigns that brought public service announcements to the nation through the mass media *How McGruff and the Crying Indian Changed America* A History of Iconic Ad Council Campaigns details how public service advertising campaigns became part of our national conversation and changed us as a society The Ad Council began during World War II as a propaganda arm of President Roosevelt s administration to preserve its business interests Happily for the ad industry it was a double play the government got top notch work the industry got an insider relationship that proved useful when warding off regulation From Rosie the Riveter to Smokey Bear to McGruff the Crime Dog *How McGruff and the Crying Indian Changed America* explores the issues

and campaigns that have been paramount to the nation's collective memory and looks at challenges facing public service campaigns in the current media environment

Shopping for Change Louis Hyman, Joseph Tohill, 2017-06-15 Consuming with a conscience is one of the fastest growing forms of political participation worldwide Every day we make decisions about how to spend our money and for the socially conscious these decisions matter Political consumers buy green for the environment or they buy pink to combat breast cancer They boycott Taco Bell to support migrant workers or Burger King to save the rainforest But can we overcome the limitations of consumer identity the conservative pull of consumer choice co-optation by corporate marketers and other pitfalls of consumer activism in order to marshal the possibilities of consumer power Can we quite literally shop for change Shopping for Change brings together the historical and contemporary perspectives of academics and activists to show readers what has been possible for consumer activists in the past and what might be possible for today's consumer activists Contributors Kyle Asquith University of Windsor Dawson Barrett Del Mar College Lawrence Black University of York Madeline Brambilla Northeastern University Joshua Carreiro Springfield Technical Community College Springfield MA H Louise Davis Miami University Jeffrey Demsky San Bernardino Valley College Tracey Deutsch University of Minnesota Twin Cities Mara Einstein Queens College CUNY Bart Elmore University of Alabama Sarah Elvins University of Manitoba Daniel Faber Northeastern University Julie Guard University of Manitoba Louis Hyman ILR School Cornell University Meredith Katz Virginia Commonwealth University Randall Kaufman Miami Dade College Homestead Campus Larry Kirsh IMR Health Economics Portland OR Katrina Lacher University of Central Oklahoma Bettina Liverant University of Calgary Amy Lubitow Portland State University Robert N Mayer University of Utah Michelle McDonald Stockton University Wendy Wiedenhoft Murphy John Carroll University Mark W Robbins Del Mar College Jessica Stewart Cornell University Joseph Tohill York University and Ryerson University Allison Ward Queen's University and McMaster University Philip Wight Brandeis University

Consuming Modernity Cheryl Krasnick Warsh, Dan Malleck, 2013-08-23 Positioning consumer culture in Canada within a wider international context Consuming Modernity explores the roots of modern Western mass culture between 1919 and 1945 when the female worker student and homemaker relied on new products to raise their standards of living and separate themselves from oppressive traditional attitudes Mass produced consumer products promised to free up women to pursue other interests shaped by marketing campaigns advertisements films and radio shows Concerns over fashion personal hygiene body image and health reflected these new expectations This volume is a fascinating look at how the forces of consumerism defined and redefined a generation

Sold American Charles F. McGovern, 2009-01-06 At the turn of the twentieth century an emerging consumer culture in the United States promoted constant spending to meet material needs and develop social identity and self cultivation In *Sold American* Charles F McGovern examines the key players active in shaping this cultural evolution advertisers and consumer advocates McGovern argues that even though these two professional groups invented radically different models for proper spending both groups propagated mass consumption as a specifically American social practice and an important element of nationality and citizenship Advertisers McGovern shows used nationalist ideals icons and political language to define consumption as the foundation of the pursuit of happiness Consumer advocates on the other hand viewed the market with a republican inspired skepticism and fought commercial incursions on consumer independence The result says McGovern was a redefinition of the citizen as consumer The articulation of an American Way of Life in the Depression and World War II ratified consumer abundance as the basis of a distinct American culture and history
