Regional Policy in the Southern African Development Community J. Ernst Drewes, Mariske van Aswegen, 2024-03-19 This book analyses regional development policy or the lack thereof in the Southern African Development Community SADC which forms a key trading bloc on the African continent as well as the Global South It explores the main attributes relevant to the formulation of regional policy in terms of socio economic policies as well as spatial planning instruments Further it integrates macro and sectoral policy frameworks and applies the goals and objectives thereof practically through the appropriate and timely application of spatial targeting instruments within the SADC as a developing region The focus of the research is to reflect on the social economic environmental and political arguments through a focused analysis of relevant planning instruments policies and barriers in terms of the regional policy goals for the SADC region The book provides insight into the role of the SADC in the context of regional development analyses regional policy on a national regional and continental scale with reference to the SADC and evaluates the inherent potential in the regional economy as well as barriers to regional development It identifies gaps in the existing regional policy framework of the region and its constituent members and makes recommendations for improved regional policy frameworks and their implementation The book is targeted at scholars researchers and students studying international trade as well as regional and economic development and urban and regional planning and policy It will also be a useful resource for policymakers as it provides practical policy guidelines for improved regional planning towards a comprehensive regional policy framework The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Growth Pole Strategy and Regional Development Policy Fu-Chen Lo, Kamal Salih, 2013-10-22 Growth Pole Strategy and Regional Development Policy Asian Experience and Alternative Approaches focuses on theoretical and practical issues in regional policy including analytical and strategic approaches to regional development and underdevelopment problems The selection first offers information on Asian case studies in decentralization policy and the growth pole approach including trends in development planning in Japan and the case study of the Mizushima industrial complex Topics include the period of post war reconstruction plan formulation and

implementation of Mizushima industrial complex development and interregional dispersion of development of national economy The text also examines the case study of the Ulsan industrial complex in Korea The book looks at decentralization policy growth pole approach and resource frontier development as well as regional structure and uneven economic development in Southeast Asia policy responses toward regional development in Southeast Asia and growth pole approach in Southeast Asia The text also focuses on growth strategies and human settlement in developing countries and growth poles and regional policy in open dualistic economies The selection is a vital reference for readers interested in the theoretical and practical approaches in regional development policy

National Development and Regional Policy United Nations Centre for Regional Development, 1981

Regional Economic Development Benjamin Higgins, Donald J. Savoie, 2017-09-05
Originally published in 1988 Leading international researchers in regional economic development have contributed an integrated set of chapters reviewing the whole field and taking stock of current thinking The book is in honour of François Perroux the father of regional development theory whose contributions to two important concepts in economics time and space have been substantial The book comprises five parts Part one covers Perroux's work in general and on growth poles in particular Part two deals with the politics of place population and regional development techniques for regional policy analysis and a neoclassical approach to regional economics In part three the Canadian scene is reviewed at national and regional levels In part four chapters on urban development small and medium size cities and capital grants deal with the experiences of other countries Part five concludes the book with a chapter on growth poles optimal size of cities and regional disparities and government intervention

Regional and Local Development in Times of Polarisation Thilo Lang, Franziska Görmar, 2019-01-23 Despite the emphasis of the European Regional Policy on territorial cohesion regional disparities have been increasing within Europe in the past years The metropolitan areas in almost all countries are considerably growing while regions outside of agglomerations are stagnating or even declining Against this background this book aims to provide an understanding of the underlying processes of polarisation and related regional and local policies This open access volume contributes to the debates about polarisation and regional development by focussing on questions of spatial justice power distribution and policy transfer Theoretical and empirically grounded contributions show that European policies are indeed reproducing socio spatial inequalities instead of challenging them The book shows further the existing potentials and limits of individuals economic political and civil society actors to respond to polarisation on the regional and local level In this book conceptual thoughts on polarisation regional policy and regional development are combined with empirical research and resulting implications for policymaking As such it is a valuable source for early career students and researchers as well as professionals in the field of regional and economic development policy consultants and policy makers

Regional Policy in Europe S.S Artobolevskiy, 2012-10-12 Based on the author's extensive research in the field this book analyzes regional policy for the whole of Europe Comparing East and West it offers a new model of regional policy and gives

an overview of the direction that it may take in Europe as a whole Topics covered include the evaluation of regional policy its main aims its infrastructure in Western Europe its form in Eastern Europe and the development of regional policy from 1917 to the 1990s The book is intended for professionals and academics working in the areas of regional studies economics and policy studies

All the Difference Benjamin Howard Higgins,1992 All the Difference is the story of one man's work in the vast international effort since World War II to raise standards of living in less developed countries an effort in which all member countries of the United Nations have to some extent been involved In the opening chapter Benjamin Higgins recounts how almost by accident he became a development economist at the age of thirty nine and indicates how inadequate the training and experience of the first generation of development economists were for this role

The Politics of Ethnic Conflict Regulation John McGarry,Brendan O'Leary,2013-06-17 This major and timely collection addresses one of the world's most visible and tragic problems ethnic conflict and its regulation It begins with a guide to the primary methods used to eliminate or manage ethnic conflict and is followed by a global sample of case studies written by leading authorities in their fields

Firms' Location Selections and Regional Policy in the Global Economy Toshiharu Ishikawa,2015-06-03 This book offers a new understanding of how firms determine their location and what kinds of regional economic policies are needed to attract factories to a country and a region in a highly globalized economic setting The theoretical and empirical analyses examine the influence of the transfer pricing system corporate tax rates and a country's industrial structure on a firm's decision to locate and the impact of firms location on regional economic activities The theoretical analysis elucidates the importance of the above mentioned factors in the firm's selection of possible location The empirical analysis uses as an example the case of a supply chain in East Asia The empirical analysis is illustrated with the regional spatial development experiences at the country level and city level of selected countries and cities The analysis offers a perspective for understanding the spatial patterns of a cross border production system

Progress in Industrial Geography (Routledge Revivals) Michael Pacione,2014-06-03 This edited collection first published in 1985 deals with a number of the major themes central to the study of industrial geography Topics under discussion include new methodologies the growing service industries foreign investment and the industrial geography of the developing world With a detailed introduction from Michael Pacione and comprehensive coverage the title reflects the extent to which the field of industrial geography changed over the second half of the twentieth century in response to economic change incorporating the growth of multinational enterprises and the influence of globalisation alongside traditional discussion of the manufacturing industry Providing an essential background to developments in industrial geography this title will be valuable to students with an interest in the economics characteristics and advancement of industrial change

Geospatial Aspects of Managing the Development of Complex Systems Eugene Istomin,Valery Mikheev,Yaroslav Petrov,Sergey Prisyazhnyuk,Alexander Sokolov,2023-06-10 The monograph presents the results of the development of the theoretical foundations of geoinformation management of the

development of distributed organizational and technical systems and territories The objectives of the research identified the main tasks to be solved 1 conceptual analysis of the processes of geoinformation management of the development of spatially distributed natural and technical systems 2 methodological foundations for managing the development of natural and technical systems 3 methodological apparatus for providing geoinformation management for the development of natural and technical systems 4 geoinformation systems for managing the development of natural and technical systems 5 methods and models of decision making risk management in managing the development of natural and technical systems The results obtained allow at subsequent stages of research to develop decision making methods based on geoinformation for real control systems of various levels and purposes practical recommendations for improving geoinformation risk management for the development of territories and organizational and technical systems as well as methods for measuring the parameters of distributed systems territories and water areas

The Geography of Western Europe Paul L Knox, 2015-11-19 This book provides a comprehensive survey of the social geography of Western Europe It begins by outlining the character of the region and proceeds with an exploration of demographic and cultural features including migration and ethnic groups The political organisation of nations and regions are analysed along with regional change and development The study concludes with a consideration of key issues central to the geography of social well being such as regional convergence divergence and the impact of public expenditure patterns

The Geography of the Third World Michael Pacione, 2012-08-06 First published in 1988 this reissue presents a comprehensive overview of contemporary developments and research into the geography of the Third World at a time when economies and societies there were changing at a much more rapid rate than their counterparts in the developing world It covers the topic both systematically and by region showing how the unique background of each region affects developments there
