**Police Heroes** Chuck Whitlock,2004-06-01 Police Heroes honors and celebrates those members of America s police force who take the oath to protect and serve seriously These men women and K 9 officers are asked to put their personal safety aside for a greater good on a daily basis but sometimes the call of duty is above and beyond even their expectations You re about to meet some remarkably courageous individuals all of whom acted bravely in the most trying life threatening situations Who among us can truly second guess the life or death decisions that police officers may be forced to make on any given day despite the demands and frustrations of the job The criminals want to put the officers out of action while law abiding people are fearful of receiving a traffic ticket The politicians often exploit law enforcement issues for personal and professional gain and everyone including the media Monday morning quarterbacks the lightning fast decisions that must be made in the field But it s easy to be critical when you re not the one forced to react in seconds What would you do if you came face to face with a kidnapper who s holding a twelve year old girl at gunpoint Alone in the Alaska wilderness could you arrest five armed men Would you risk your own life to save a methamphetamine manufacturer from dying in a fire he intentionally set to avoid being served a warrant These are just a few of the heroic acts you ll read about in Police Heroes Following the destruction of the World Trade Center Ron Shiftan who served as deputy executive director of the Port Authority of New York and New Jersey from 1998 to 2002 wrote this to the author To those who have not come home we say with conviction that you continue to live on in our hearts and memories And that is the very essence of Police Heroes it will inspire you to appreciate the everyday heroes in the law enforcement community and the amazing work they do to keep us from harm and protect our way of life

fire service and emergency medical services profession the condition is even worse because of the common housing situation required while working a 24 to 48 hour shift It s true that society as a whole has become more accepting of gay and lesbian people but homophobia continues to be pervasive in much of the public safety arena Most states still do not have any employment protection against harassment and discrimination based on sexual orientation Imagine being fired from the job you love because of who you are American Heroes Coming Out From Behind The Badge is Greg Miraglia s second book intended to show examples of how police officers firefighters and EMS professionals have been able to come out and be successful on the job The stories come from across the country and tell of a very personal and courageous journey They are intended to both inspire and educate The book contains a section on how to come out as well as a section with resources and associations supporting LGBT public safety professionals This book is ideal for anyone who is struggling to come out as well as for straight allies who want to learn more about how to support their LGBT colleagues
