*Not Just Black and White* Nancy Foner, George M. Fredrickson, 2004-04-22 Immigration is one of the driving forces behind social change in the United States continually reshaping the way Americans think about race and ethnicity How have various racial and ethnic groups including immigrants from around the globe indigenous racial minorities and African Americans related to each other both historically and today How have these groups been formed and transformed in the context of the continuous influx of new arrivals to this country In *Not Just Black and White* editors Nancy Foner and George M Fredrickson bring together a distinguished group of social scientists and historians to consider the

relationship between immigration and the ways in which concepts of race and ethnicity have evolved in the United States from the end of the nineteenth century to the present Not Just Black and White opens with an examination of historical and theoretical perspectives on race and ethnicity The late John Higham in the last scholarly contribution of his distinguished career defines ethnicity broadly as a sense of community based on shared historical memories using this concept to shed new light on the main contours of American history The volume also considers the shifting role of state policy with regard to the construction of race and ethnicity Former U S census director Kenneth Prewitt provides a definitive account of how racial and ethnic classifications in the census developed over time and how they operate today Other contributors address the concept of panethnicity in relation to whites Latinos and Asian Americans and explore socioeconomic trends that have affected and continue to affect the development of ethno racial identities and relations Joel Perlmann and Mary Waters offer a revealing comparison of patterns of intermarriage among ethnic groups in the early twentieth century and those today The book concludes with a look at the nature of intergroup relations both past and present with special emphasis on how America's principal non immigrant minority African Americans fits into this mosaic With its attention to contemporary and historical scholarship Not Just Black and White provides a wealth of new insights about immigration race and ethnicity that are fundamental to our understanding of how American society has developed thus far and what it may look like in the future

**Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 2003** United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies, 2002      The Handbook of Human Resource Management Policies and Practices in Asia-Pacific Economies Michael Zanko, 2002 There is considerable rigour behind the work and the contexts are well positioned The books have excellent HR data for not only businesses but employees considering a transfer to an international location In addition to the primary authors cadres of industry advisors were assembled of considerable status and representing mainstream organisations and unions The countries covered total twenty one and in addition there is a summary chapter in volume two on issues trends and implications Obviously there are other reference points available on single countries and indeed dual country comparisons but this work is timely highly relevant and extremely valuable It is recommended most highly Geoffrey N De Lacy Australian Human Resource Institute Journal A very welcome and valuable addition to the literature this two volume handbook covers current HRM policies and practices in all 21 APEC Asia Pacific

Economic Cooperation member economies For the first time we have single source access to a codified set of macro level HRM profiles for APEC membership economies this project helps fill the need for systematic and accurate HRM data in a very large geographic area including four continents divided by the Pacific Ocean this is an impressive compilation and will benefit government and business organizations when formulating strategy for employment relations It will also assist those in the academic sector with the research and teaching of cross cultural management issues It should be a welcome addition to most academic and special libraries with interests in the Asia and the Pacific David A Flynn Business Information Alert It is becoming increasingly recognised that the way in which human resources are managed is a key source of sustainable competitive advantage for business Nowhere Michael Zanko argues is this seen to be more relevant than in the Asia Pacific region The aim of the Handbook and its systematically codified economy human resource management HRM profiles is to improve knowledge and understanding of HRM policy and practices in the Asia Pacific region It serves as a practical guide to predominantly macro level HRM policies and practices in ten APEC economies covering Australia Chinese Taipei Taiwan Hong Kong Indonesia Japan Korea Malaysia People s Republic of China Thailand and the United States of America The Handbook of Human Resource Management Policies and Practices in Asia Pacific Economies Volume I will be essential reading for lecturers researchers academics and managers concerned with human resource management international business management and cross cultural studies The Handbook will also be of great interest to those involved in industrial and employment relations

**Immigration Policy** United States. Congress. Senate. Committee on the Judiciary.

Subcommittee on Immigration,2002 **Ageing in the Asia-Pacific Region** David R. Phillips,2002-11-01 First Published in 2004 The Asia Pacific region is now clearly witnessing the rapid ageing of many of its nations and Asia is already the region with relatively the largest number of older persons This book focuses on the challenges that this demographic trend poses to economies and societies in the region and the policies that have evolved to date to meet new demands It looks forward over the coming decades to consider how societies and economies will deal with ageing and the necessary structural and behavioural changes that this will entail The book is organized into two main sections The first introduces the key features demography research and long term care issues of the region and provides region wide context and analysis The second section offers in depth case studies of thirteen countries including China Japan Korea and Indonesia As well as providing a wealth of original research material the book also offers valuable comparative analysis while the larger economies have had to develop policies to maintain their social and economic successes in the face of demographic ageing developing countries must find ways to build their economies around an ageing population With contributors drawn from a range of academic and professional disciplines including many practising social gerontologists this book will be of interest to scholars in economics sociology social policy health policy politics and development studies With its particular emphasis on the future it will also be an essential reference for anybody with a professional interest in policy making in the region
