Political Identity Social Change:

Political Identity and Social Change Jamie Frueh, 2012-02-01 Political Identity and Social Change builds upon the constructivist theory of political identity to explore the social changes that accompanied the end of apartheid in South Africa To gain a better understanding of how structures of identity changed along with the rest of South Africa s institutions Frueh analyzes three social and political conflicts the Soweto uprisings of 1976 the reformist constitutional debates of 1983 1984 and post apartheid crime Analyzing these conflicts demonstrates how identity labels function as structures of social discourse how social activity is organized through these structures and how both the labels and their power have changed during the course of South Africa s transition In this way the book contributes not only to the study of South African society but also provides lessons about the relationship between identity and social change *Sociological Abstracts* Leo P. Chall, 2002 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers *Seeking Identity* Raymond A. Belliotti, 1995 Outlining the unwritten but deeply ingrained system of moral codes that Italian immigrants brought to America Belliotti examines that system in relation to moral theorists who argue we owe the most to people close to us and those who contend we must attach no special weight to our own interests when determining proper moral action He also investigates philosophical historical sociological and political aspects of government authority examines conflicting images of Italian immigrant women and analyzes war and pacifism **Political Life and Social Change** Charles F. Performing Political Identity Marc Askew, 2008 Performing Political Identity is an anthropological account of the multi level dynamics that underlie the continuing electoral dominance of the Democrat Party in southern Thailand a conspicuous anomaly in Thailand's political landscape Based on extensive participant observation and interviews the book presents a detailed study of candidates support groups and election campaigns in the province of Songkhla in the eventful years 2004 and 2005 highlighting the intimate links between local and national politics Marc Askew argues that the Democrat ascendancy is based on a careful balance between pragmatics and poetics Pragmatics comprises the management of the ambitions and needs of key supporters in tightly knit informal political groups or phua Poetics involves the cultivation of powerful myths connecting ordinary voters to an idea of the Democrat Party as an embodiment of the idealized qualities of southern Thainess and guardian of southern Thai political culture In the dramatic settings of political rallies southern Democrat voters and politicians alike perform their loyalty and identity as a moral community against political enemies who are demonized as their evil opposites bent on buying votes and eating the country From 2001 Thaksin Shinawatra's Thai Rak Thai Party although triumphant elsewhere in Thailand faced stubborn opposition in the south Again in 2005 against all national trends southern voters stubbornly reaffirmed their loyalty to the Democrats This book the first detailed treatment of the southern Democrat Party in action explores the symbolic and organizational strategies that the party employs to reproduce and sustain its regional political ascendancy
