Ebeling and Jacob G. Hornberger, 1996-01-01 Americans are now faced with competing visions of where we want our nation to go On the one hand we have the vision of America's Founders individual liberty private property and limited government in which there is no welfare Social Security income taxation Medicare Medicaid regulations subsidies and the like Equally important no foreign wars On the other hand we have the vision of the 20th and 21st century public officials ever increasing taxation regulations and political plunder And of course body bags and caskets as part of their attempt to remake the world into one gigantic welfare state The stakes are too high for any American to ignore For with foreign wars not only do we have taxation and regulation we also have the specter of funerals and wheelchairs for husbands fathers sons wives mothers and daughters It is time for the American people to recognize that our ancestors were right and that public officials were wrong It is time to recapture the principles of our Founders It is time to lead the world out of the welfare state darkness into which it has plunged during most of our lifetime The Failure of America's Foreign Wars strips away the truth obscuring nostalgia for America's foreign adventures and shows the perverse and bloody consequences of these conflicts Bulletin of the Carnegie Library of Pittsburgh Carnegie Library of Pittsburgh, 1929 **Monthly Bulletin of the Carnegie Library of Pittsburgh** Carnegie Library of Pittsburgh, 1929
