Sindre, Sofia Vasilopoulou, 2023-04-25 The Routledge Handbook of Political Parties provides a systematic and comprehensive overview of the study of political parties provided by leading experts in the field. In an era of widespread political disillusionment, political parties are often the main targets of citizen dissatisfaction, yet they are the key institutions that make democracy work. Analysing political parties in unrivalled depth and breadth with comparative thematic chapters throughout, as well as a dedicated section on political parties and party politics in specific country and regional settings, this handbook examines and illuminates the key questions around how parties organise, how their ideologies have evolved over time, their relationship with society, how they differentiate themselves, and how they respond to new social, economic and political developments. The Routledge Handbook of Political Parties is essential reading and an authoritative reference for scholars, students, researchers, and practitioners involved in and actively concerned about research in the study of political parties, party systems, and party politics. **Political Parties in**

**Post-Uprising Tunisia and Morocco** Giulia Cimini, 2023-03-31 This book offers a comparative, theory-grounded study of Maghrebi political parties since the Arab uprisings, specifically focused on Tunisia and Morocco in the first decade after the 2011 watershed elections. Based on primary sources, including in-depth interviews and updated party statutes and bylaws, the author introduces four case studies of key Islamist and anti-Islamist parties, exploring their organisational standing, internal working, and legitimating assets. By dwelling into a topic long neglected, the author provides insight into the hybrid nature of political parties in the Maghreb, oscillating between juxtaposed traditional and modern discourses and ambivalent sources of political authority. As such, it is hybridisation that shapes parties' organisational choices and development and accounts for differences within parties. In the wake of political liberalisation, the author argues that political parties have become increasingly distant from society, distrusted by a large part of the citizenry. Ultimately, the Tunisian and Moroccan cases invite reflection on similar phenomena taking place within the Middle East and North Africa region and even outside of it. Bridging disparate disciplines, including comparative politics, area studies, and contemporary Middle Eastern history, the book will be of interest to a broad range of graduate-level students and academics.
